Letter No. 2014-01

Date: January 22, 2013

Fee-for-service [n/a] Experience-rated HMO [n/a] Community-rated HMO [1]

SUBJECT: Audit Requirements for 2012 MLR Pilot Program Carriers

Several community-rated carriers in the Federal Employees Health Benefits Program (FEHBP) participated in the Office of Personnel Management's (OPM) 2012 Medical Loss Ratio (MLR) Pilot Program. This letter provides detailed instructions for MLR Pilot Program carriers related to claims data submission under the MLR requirements.

As mentioned in Carrier Letter 2013-12, carriers that participated in the 2012 MLR Pilot Program are required to submit FEHBP claims data used in their MLR calculation to OPM's Office of the Inspector General (OIG). Carriers must save detailed FEHBP claims data to support the numerator in their MLR calculation. To ensure that the claims used in the MLR calculation is appropriately supported and that the MLR is determined in accordance with the contract, federal regulations and rating instructions, the OIG requires submission of this supporting claims data annually. The information will be used for audit and investigative purposes only.

The data should include FEHBP claims incurred during calendar year 2012, and paid through March 31, 2013. No other claims will be considered. Completion factors should not be included. Only FEHBP claims associated with benefits covered in a carrier's FEHBP contract may be included in the MLR claims data.

Please read and provide the requested documentation in the following attachments by **February 28, 2014**. This will ensure that all the required and appropriate documents are provided to the OIG. If the documents are not completed and returned then the claims submission will not be accepted. Please note that carriers using FEHBP-specific claims or utilization data to develop rates are still required to maintain the claims data used in their FEHBP rate build up. Carriers must keep this data at their offices and make it available for review during OIG rate audits. The claims data for the FEHBP should be downloaded from a central database at the time the rates are developed.

Questions regarding audit objectives or requirements should be directed to Jim Tuel, Chief, Community-Rated Audits Group on (724) 741-0713 or at Jim.Tuel@opm.gov. Technical questions regarding the claims database or requirements for FTP submissions should be directed to Rohit Kapoor, Chief, Information Systems Technology Group on 202-606-1280 or at Rohit.Kapoor@opm.gov.

Sincerely,

John O'Brien
Director

CLAIMS INSTRUCTIONS FOR SUBMISSION AND FORMATTING

The OIG has a mandatory claim layout that all carriers must follow. Please contact the OIG (Nekitra.Tuell@opm.gov) to receive the complete Excel version of the mandatory claim layout. Attachments 1 and 2 contain the mandatory data fields that are required for medical claims (professional, facility, dental, etc.) and for pharmaceutical claims. **If you cannot provide a certain mandatory field, please contact the OIG (Nekitra.Tuell@opm.gov) to explain the reasons for any missing fields, prior to your claim submission. If data for a certain field is unavailable please include the field, but leave the field empty. If any required fields are missing and the OIG has not been contacted, your claims submission will not be accepted.**

This will be considered non-compliance and will be reported to the contracting officer for follow up. Please include at the end of the listed fields any additional fields that you feel contain pertinent information **and return an updated copy of Attachments 1, 2, and 3 with your data submission.** Normally these files should contain a separate record for each line/charge that is contained in each claim. For carriers that use a method other than actual, adjudicated claims (i.e., encounters, utilization, etc.), please include the **detailed** experience data you used to determine the experience factor for the FEHBP's MLR numerator.

REQUIRED DOCUMENTATION

- Required Claims Data Submission – provide in an OIG-approved file format as follows:
 - **Fixed Width Flat File (Text)**
 - ❖ **Note:** If a carrier has multiple plan codes, then all plan codes should be submitted in one file. The OIG should receive a separate file for medical and pharmaceutical claims.
 - Any other format must be pre-approved by contacting the OIG (Nekitra.Tuell@opm.gov)
- Update Attachments 1 and 2 – if necessary (only if Carrier adds additional fields)
- Complete Attachment 3, Media Specification Form (for each file)
- Data Dictionary – (code sets & definitions for fields that require one)
 - Field # 11 - Patient Relationship Code
 - Field # 29 - Place of Service Code
 - Field # 30 - Type of Service Code
 - Field(s) # 33,36,38 - Diagnosis Code - Please provide a list of any non ICD codes used for these fields (if necessary)
 - Field # 51 - Performing Provider Specialty Code

All claims data should be submitted on CD, DVD, USB flash drive, or electronically transmitted to the OIG. The OIG requires the files to be in the format of **fixed -width flat file (text)**. Please email the OIG (Nekitra.Tuell@opm.gov), when the file is sent and estimated time of arrival. **Please do not e-mail any claims data directly to the OIG.**

To meet recent security requirements, you must encrypt each file by using the encryption option in WinZip 9.0 (or higher) to compress and encrypt the data. In the Encrypt dialog box where you enter a password, you must select 256-bit AES encryption. Make sure that you select a *strong* password (minimum 8 characters of which at least one should be a numeric digit, at least one

should be an uppercase letter and at least one should be a lowercase letter). The password should be provided (emailed) separately from the encrypted and zipped file.

Certain documentation must also be provided for each file. Specifically, **complete and return Attachment 3, the Media Specifications Form, for each file.** Also provide a list of codes for fields requiring one (i.e., data dictionary) and descriptions of additional fields that are provided. **Further, provide the names or headers of the fields in the claims file provided to the OIG.**
