Subject: Revised CSRS and FERS Withholdings Rates

In Payroll Office Letters P-97-10 and P-98-13, we informed you of the three-step increase in the rates of employee withholdings for Civil Service Retirement System (CSRS) and Federal Employees Retirement System (FERS) covered employees required by Public Law 105-33. The purpose of this letter is to remind you that the second of the three increases in CSRS and FERS withholdings is effective with the first pay period beginning on or after January 1, 2000.

The increase in the employee withholding rates, for all categories of CSRS and FERS coverage, will be implemented as follows:

Effective Date of Increase (first pay period beginning on or after)	Increase (%)
January 1, 2000	+0.15
January 1, 2001	+0.10

On January 1, 2003, the withholding rates for CSRS and FERS will revert back to the current rates.

Please also remember that there will be NO reduction in the agency contribution rates for CSRS or FERS covered employees to correspond with the increase in FERS and CSRS withholding rates. Thus, for "regular" CSRS employees, the contribution rate will remain

at 8.51% of basic pay; and, for "regular" FERS-covered employees, the contribution rate will also remain at the current rate of 10.7% of basic pay, as noted in Payroll Office Letters P-97-07 and P-98-13.

For your convenience, we have provided the revised CSRS and FERS withholding rates on the following tables. Please reference these tables and inform your personnel of the upcoming rate increases.
