## Government Employees Health Association

[www.geha.com](http://www.geha.com)

800-821-6136

# 2025

### A Fee-for-Service (High and Standard Options) health plan with a Preferred Provider Network

This plan's health coverage qualifies as minimum essential coverage and meets the minimum value standard for the benefits it provides. See page 7 for details. This plan is accredited. See page 12.

**Sponsored and administered by:**  
**Government Employees Health Association, Inc.**

**Who may enroll in this Plan:** All Federal employees and annuitants who are eligible to enroll in the Federal Employees Health Benefits Program may become members of GEHA. You must be, or must become a member of Government Employees Health Association, Inc.

**To become a member:** You join simply by signing a completed Standard Form 2809, Health Benefits Registration Form, evidencing your enrollment in the Plan.

**Membership dues:** There are no membership dues for the Year 2025.

**Postal Employees and Annuitants are no longer eligible for this plan. (unless currently under Temporary Continuation of Coverage)**

**Enrollment codes for this Plan:**

- 311 High Option - Self Only
- 313 High Option - Self Plus One
- 312 High Option - Self and Family
- 314 Standard Option - Self Only
- 316 Standard Option - Self Plus One
- 315 Standard Option - Self and Family

**Important Notice from Government Employees Health Association, Inc. About  
Our Prescription Drug Coverage and Medicare**

OPM has determined that the Government Employees Health Association, Inc. prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

If you choose to enroll in Medicare Part D, you can keep your FEHB coverage, and GEHA will coordinate benefits with Medicare. However, if you choose to enroll in the GEHA Medicare Advantage Plan offered in partnership with UnitedHealthcare, which includes Medicare Part D, your GEHA Medicare Advantage Plan will take over as the primary payer.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

**Please be advised**

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that is at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19% higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

**Medicare's Low Income Benefits**

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at [www.socialsecurity.gov](http://www.socialsecurity.gov), or call the SSA at 800-772-1213, (TTY: 800-325-0778).

**Potential Additional Premium for Medicare's High Income Members  
Income-Related Monthly Adjustment Amount (IRMAA)**

The Medicare Income-Related Monthly Adjustment Amount (IRMAA) is an amount you may pay in addition to your FEHB premium to enroll in and maintain Medicare prescription drug coverage. **This additional premium is assessed only to those with higher incomes and is adjusted based on the income reported on your IRS tax return.** You do not make any IRMAA payments to your FEHB plan. Refer to the Part D-IRMAA section of the Medicare website: [www.medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans](http://www.medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans) to see if you would be subject to this additional premium.

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit [www.medicare.gov](http://www.medicare.gov) for personalized help.
- Call 800-MEDICARE (800-633-4227), (TTY 877-486-2048).

## Introduction

---

This brochure describes the benefits of High Option and Standard Option under contract (CS 1063) between Government Employees Health Association, Inc. and the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. This Plan is underwritten by Government Employees Health Association, Inc. Customer service may be reached at 800-821-6136 or through our website at [www.geha.com](http://www.geha.com). The address for the Government Employees Health Association, Inc. administrative offices is:

Government Employees Health Association, Inc.  
310 NE Mulberry St.  
Lee's Summit, MO 64086

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self Plus One or Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2025, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates for each plan annually. Benefit changes are effective January 1, 2025, and changes are summarized in Section 2, *Changes for 2025*. Rates are shown at the end of this brochure.

---

## Plain Language

---

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee and each covered family member, “we” means Government Employees Health Association, Inc.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

---

## Stop Healthcare Fraud!

---

Fraud increases the cost of healthcare for everyone and increases your Federal Employees Health Benefits Program premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

**Protect Yourself From Fraud** – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the phone or to people you do not know, except for your healthcare providers, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using healthcare providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review Explanation of Benefits (EOBs) statements that you receive from us.
- Periodically review your claims history for accuracy to ensure we have not been billed for services you did not receive.
- Do not ask your doctor to make false entries on certificates, bills, or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
  - Call the provider and ask for an explanation. There may be an error.

- If the provider does not resolve the matter, call us at 800-356-5803 and explain the situation.
- If we do not resolve the issue:

**CALL - THE HEALTHCARE FRAUD HOTLINE  
877-499-7295**

**OR go to [www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form](http://www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form)**

**The online reporting form is the desired method of reporting fraud in order to ensure accuracy, and a quicker response time.**

**You can also write to:  
United States Office of Personnel Management  
Office of the Inspector General Fraud Hotline  
1900 E Street NW Room 6400  
Washington, DC 20415-1100**

Do not maintain as a family member on your policy:

- Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
- Your child over age 26 (unless they are disabled and incapable of self-support prior to age 26).

A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone else who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

---

## **Discrimination is Against the Law**

---

We comply with applicable Federal nondiscrimination laws and do not discriminate on the basis of race, color, national origin, age, disability, religion, or sex (including pregnancy, sexual orientation, and gender identity). We do not exclude people or treat them differently because of race, color, national origin, age, disability, religion, or sex (including pregnancy, sexual orientation, and gender identity).

The health benefits described in this brochure are consistent with applicable laws prohibiting discrimination. All coverage decisions will be based on nondiscriminatory standards and criteria. An individual's protected trait or traits, for example a member's gender identity or the fact that the covered benefit is sought in connection with gender-affirming care, will not be used to deny health benefits for items, supplies, or services that are otherwise covered and determined to be medically necessary.

---

## Preventing Medical Mistakes

---

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own healthcare and that of your family members by learning more about and understanding your risks. Take these simple steps:

### 1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes, ask questions, and understand answers.

### 2. Keep and bring a list of all the medications you take.

- Bring the actual medication or give your doctor and pharmacist a list of all the medications and dosages that you take, including non-prescription (over-the-counter) medications and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medication is what the doctor ordered. Ask the pharmacist about your medication if it looks different than you expected.
- Read the label and patient package insert when you get your medication, including all warnings and instructions.
- Know how to use your medication. Especially note the times and conditions when your medication should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.
- Understand both the generic and brand names of your medication. This helps ensure you do not receive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

### 3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider's portal?
- Don't assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

### 4. Talk to your doctor about which hospital or clinic is best for your health needs.

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the healthcare you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

### 5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
  - "Exactly what will you be doing?"
  - "About how long will it take?"

- “What will happen after surgery?”
- “How can I expect to feel during recovery?”
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

### **Preventable Healthcare Acquired Conditions (“Never Events”)**

When you enter the hospital for treatment of one medical problem, you do not expect to leave with additional injuries, infections, or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients can indicate a significant problem in the safety and credibility of a healthcare facility. These conditions and errors are sometimes called “Never Events” or “Serious Reportable Events.”

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your FEHB plan will incur costs to correct the medical error.

You will not be billed for inpatient services related to treatment of specific hospital-acquired conditions or for inpatient services needed to correct “Never Events”. “Never Event” is defined by your claims administrator using national standards. Never Events are errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, and that indicate a real problem in the safety and credibility of a healthcare facility. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

---

## FEHB Facts

---

### Coverage information

- **No pre-existing condition limitation**

We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.
- **Minimum essential coverage (MEC)**

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at [www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision](http://www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision) for more information on the individual requirement for MEC.
- **Minimum value standard (MVS)**

Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.
- **Where you can get information about enrolling in the FEHB Program**

See [www.opm.gov/healthcare-insurance/healthcare](http://www.opm.gov/healthcare-insurance/healthcare) for enrollment information as well as:

  - Information on the FEHB Program and plans available to you;
  - A health plan comparison tool;
  - A list of agencies that participate in Employee Express;
  - A link to Employee Express; and
  - Information on and links to other electronic enrollment systems.

Also, your employing or retirement office can answer your questions, give you other plans' brochures and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service or retire;
- What happens when your enrollment ends; and
- When the next Open Season for enrollment begins.

We do not determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, disability leave, pensions, etc. you must also contact your employing or retirement office.

Once enrolled in your FEHB Program Plan, you should contact your carrier directly for updates and questions about your benefit coverage.

- **Enrollment types available for you and your family**

Self Only coverage is only for the enrollee. Self Plus One coverage is for the enrollee and one eligible family member. Self and Family coverage is for the enrollee and one or more eligible family member. Family members include your spouse and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self Plus One or Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form. Benefits will not be available to your spouse until you are married. A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

Contact your employing or retirement office if you want to change from Self Only to Self Plus One or Self and Family. If you have a Self and Family enrollment, you may contact us to add a family member.

Your employment or retirement office will **not** notify you when a family member is no longer eligible to receive benefits. Please tell us immediately of changes in family member status including your marriage, divorce, annulment, or when your child reaches age 26. We will send written notice to you 60 days before we proactively disenroll your child on midnight of their 26<sup>th</sup> birthday unless your child is eligible for continued coverage because they are incapable of self-support due to a physical or mental disability that began before age 26.

**If you or one of your family members is enrolled in one FEHB plan, you or they cannot be enrolled in or covered as a family member by another enrollee in another FEHB plan.**

If you have a qualifying life event (QLE) – such as marriage, divorce, or the birth of a child – outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at [www.opm.gov/healthcare-insurance/life-events](http://www.opm.gov/healthcare-insurance/life-events). If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/ payroll office, or retirement office.

- **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including your spouse by a valid common-law marriage from a state that recognizes common-law marriage) and children as described in the chart below. A Self Plus One enrollment covers you and your spouse, or one other eligible family member as described below.

**Natural children, adopted children, and stepchildren**

**Coverage:** Natural children, adopted children, and stepchildren are covered until their 26<sup>th</sup> birthday.

**Foster children**

**Coverage:** Foster children are eligible for coverage until their 26<sup>th</sup> birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.

**Children incapable of self-support**

**Coverage:** Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.

**Married children**

**Coverage:** Married children (but NOT their spouse or their own children) are covered until their 26<sup>th</sup> birthday.

### **Children with or eligible for employer-provided health insurance**

**Coverage:** Children who are eligible for or have their own employer-provided health insurance are covered until their 26<sup>th</sup> birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at [www.opm.gov/healthcare-insurance](http://www.opm.gov/healthcare-insurance).

#### • **Children's Equity Act**

OPM implements the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll in Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate in the lowest-cost nationwide plan option as determined by OPM;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that does not serve the area in which your children live, unless you provide documentation that you have other coverage for the children.

If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that does not serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

#### • **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be processed according to the 2025 benefits of your prior plan or option.** If you have met (or pay cost-sharing that results in your meeting) the out-of-pocket maximum under the prior plan or option, you will not pay cost-sharing for services covered between January 1 and the effective date of coverage under your new plan or option. However, if your prior plan left the FEHB Program at the end of the year, you are covered under that plan's 2024 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

- **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

## When you lose benefits

- **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or assistance with enrolling in a conversion policy (a non-FEHB individual policy).

- **Upon divorce**

If you are an enrollee and your divorce or annulment is final, your ex-spouse cannot remain covered as a family member under your Self Plus One or Self and Family enrollment. You must contact us to let us know the date of the divorce or annulment and have us remove your ex-spouse. We may ask for a copy of the divorce decree as proof. In order to change enrollment type, you must contact your employing or retirement office. A change will not automatically be made.

If you were married to an enrollee and your divorce or annulment is final, you may not remain covered as a family member under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get additional information about your coverage [www.opm.gov/healthcare-insurance/life-events/memy-family/im-separated-or-im-getting-divorced/#url=Health](http://www.opm.gov/healthcare-insurance/life-events/memy-family/im-separated-or-im-getting-divorced/#url=Health). We may request that you verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, or if you are a covered child and you turn age 26, regardless of marital status, etc.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

**Enrolling in TCC.** Get the RI 79-27, which describes TCC, from your employing or retirement office or from [www.opm.gov/healthcare-insurance](http://www.opm.gov/healthcare-insurance). It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a tax credit that lowers your monthly premiums. Visit [www.HealthCare.gov](http://www.HealthCare.gov) to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHBP coverage.

- **Finding Replacement Coverage**

When you contact GEHA, we will assist you with obtaining information about health benefits coverage inside or outside the Marketplace if:

- Your coverage under TCC or the spouse equity law ends;
- You decide not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

You must contact us in writing within 31 days after you are no longer eligible for coverage. For assistance in finding coverage, please contact us at 800-821-6136 or visit our website at [www.geha.com](http://www.geha.com).

Benefits and rates under the replacement coverage will differ from benefits and rates under the FEHB Program. However, you will not have to answer questions about your health and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the ACA's Health Insurance Marketplace, please visit [www.HealthCare.gov](http://www.HealthCare.gov). This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

---

## Section 1. How This Plan Works

---

This Plan is a fee-for-service (FFS) plan. You can choose your own physicians, hospitals, and other healthcare providers. We give you a choice of enrollment in a High Option or a Standard Option.

OPM requires that FEHB plans be accredited to validate that plan operations and/or care management meet nationally recognized standards. GEHA holds the following accreditations: Health Plan Accreditation with Accreditation Association for Ambulatory Health Care (AAAHC) and Dental Network Accreditation with URAC. To learn more about this plan's accreditations, please visit the following websites: Accreditation Association for Ambulatory Health Care ([www.aaahc.org](http://www.aaahc.org)); URAC ([www.urac.org](http://www.urac.org)).

We reimburse you or your provider for your covered services, usually based on a percentage of the amount we allow. The type and extent of covered services, and the amount we allow, may be different from other plans. Read brochures carefully.

This Plan provides preventive services and screenings to you without any cost-sharing; you may choose any available primary care provider for adult and pediatric care, and visits for specialists do not require a referral.

### **General features of our High and Standard Options**

#### **We have preferred providers through a Point of Service (POS) Network**

Our fee-for-service plan offers both in-network and out-of-network benefits. In-network benefits are available through the UnitedHealthcare Choice Plus network which encompasses the UnitedHealthcare Select Plus network in California. This means that we designate certain hospitals and other healthcare providers as "preferred providers." Providers in the network accept a contracted payment from us, and you will only be responsible for your cost-sharing (copayments, coinsurance, deductibles, and non-covered services and supplies). You also have benefits to receive covered services from non-participating providers; however, out-of-network benefits may have higher out-of-pocket costs than the in-network benefits.

The Optum Transplant Network is the organ/tissue transplant network for all members.

To find in-network providers, use the provider search tool on the [www.geha.com/Find-Care](http://www.geha.com/Find-Care) website or call GEHA at 800-821-6136. When you phone for an appointment, please remember to verify that the physician is still an in-network provider. GEHA providers are required to meet licensure and certification standards established by State and Federal authorities, however, inclusion in the network does not represent a guarantee of professional performance nor does it constitute medical advice.

You always have the right to choose an in-network provider or an out-of-network provider for medical treatment. When you see a provider not in the UHC Choice Plus network, GEHA will pay at the out-of-network level and you will pay a higher percentage of the cost.

The out-of-network benefits are the standard benefits of this Plan. In-network benefits apply only when you use an in-network provider. Provider networks may be more extensive in some areas than others. We cannot guarantee the availability of every specialty in all areas. If no in-network provider is available, or you do not use an in-network provider, the standard out-of-network benefits apply. However, if the services are rendered at an in-network hospital, the professionals who provide services to you in a hospital may not all be preferred providers. If the services are rendered by out-of-network providers at an in-network hospital, we will pay up to the Plan Allowance according to the No Surprises Act. In addition, providers outside the United States will be paid at the in-network level of benefits.

### **How we pay providers**

Fee-for-service plans reimburse you or your provider for covered services. They do not typically provide or arrange for healthcare. Fee-for-service plans let you choose your own physicians, hospitals and other healthcare providers.

The FFS plan reimburses you for your healthcare expenses, usually on a percentage basis. These percentages, as well as deductibles, methods for applying deductibles to families and the percentage of coinsurance you must pay vary by plan.

We offer Point of Service (POS) (preferred provider) benefits through the UnitedHealthcare Choice Plus network of individual physicians, medical groups, and hospitals. These Plan providers accept a negotiated payment from us, and you will only be responsible for your cost-sharing (copayments, coinsurance, deductibles, and non-covered services and supplies), which may vary by plan.

We utilize Optum's Ingenix Claim Editing System (iCES) for United Health Network providers and Optum's Claims Editing System (CES) for non-United Health Network providers to review claims for bundling, unbundling, upcoding and other billing and coding edits using criteria that includes but is not limited to National Correct Coding Initiative (NCCI) guidelines, Centers for Medicare and Medicaid Services (CMS) guidelines, and Commercial (UHC) guidelines.

We reserve the right to audit medical expenses to ensure that the provider's billed charges match the services that you received.

### **Health education resources**

Our website, at [www.geha.com](http://www.geha.com), offers access to our Healthy Living resources for information on general health topics, healthcare news, cancer and other specific diseases, drugs/medication interactions, children's health and patient safety information.

### **Your rights and responsibilities**

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB website ([www.opm.gov/insure](http://www.opm.gov/insure)) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- GEHA was founded in 1937 as the Railway Mail Hospital Association. For over 85 years, GEHA has provided health insurance benefits to Federal employees and retirees.
- GEHA is incorporated as a General Not-For-Profit Corporation pursuant to Chapter 355 of the Revised Statutes of the State of Missouri.

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our website, [www.geha.com](http://www.geha.com). You can also contact us to request that we mail a copy to you.

If you wish to make a suggestion, file a formal complaint, require language translation services, or if you want more information about us, call 800-821-6136, or write to GEHA Enrollment, PO Box 21262, Eagan, MN 55121. You may also visit our website at [www.geha.com](http://www.geha.com).

By law, you have the right to access your protected health information (PHI). For more information regarding access to PHI, visit our website at [www.geha.com/PHI](http://www.geha.com/PHI) to obtain our Notice of Privacy Practices. You can also contact us to request that we mail you a copy of that Notice.

### **Your medical and claims records are confidential**

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

---

## Section 2. Changes for 2025

---

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5, *Benefits*. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

### Changes to High and Standard Options

- Your share of the premium rate will increase for Self Only, Self Plus One and Self and Family. See back cover.
- The Plan will change the time of notification to at least 60 days in advance for impacted members receiving benefits under the Advanced Control Specialty Formulary. The Advanced Control Specialty Formulary (ACSF), which is reviewed and updated quarterly. See Section 5(f), *CVS Caremark Formulary*.
- The Plan will cover hemodialysis and peritoneal dialysis outpatient treatment with no limits. See Section 5(a), *Treatment therapies*.
- The Plan will cover certified doula up to the maximum of \$1,000 per pregnancy for doula maternal support throughout pregnancy, labor/delivery, and post-partum. There is (no deductible) for in-network or out-of-network care. See Section 5 (a), *Maternity care*.
- The Plan will cover 12 months of hormone therapy to lower voice pitch. See Section 5(b), *Reconstructive surgery*.
- The Plan's Health Rewards Program eligibility will be limited to the subscriber and spouse. Rewards up to \$250 for the subscriber and \$250 for a covered spouse will require completion of the health assessment along with access to other reward opportunities in 2025. See Section 5(h), *Wellness and Other Special Features*.
- The Plan infertility definition will expand to include coverage for both single individuals and couples who require medical intervention to conceive. See Section 5(a), *Infertility services*.
- The Plan will expand the transportation benefit to include kidney transplants and covering travel charges up to \$10,000 (no deductible) for services from a Plan-designated facility. See Section 5(b), *Organ/tissue transplants*.
- The Plan will add coverage of a separate maternal mental health benefit that allows five (5) visits per year, per pregnancy for office-based treatment of prenatal and postpartum depression, at \$0 cost-share (no deductible) for in-network care. Regular mental health benefits apply after the first five (5) visits. See Section 5(e), *Professional service*.
- The Plan will add coverage for a Medicare Prescription Drug plan (PDP) - Employer Group Waiver Plan (EGWP), sponsored by SilverScript, to eligible annuitants and family members enrolled in the High or Standard Option. This Medicare Part D plan is equivalent to, or better than, the GEHA FEHB prescription drug benefits. Eligible members will be automatically enrolled in the GEHA SilverScript PDP effective January 1, 2025. Enrollees will have the ability to opt-out of this coverage by following instructions mailed to them. Declining coverage or "opting out" will allow the enrollee to revert back to their standard FEHB prescription drug benefits. For more specifics regarding this coverage, see Section 9, *Medicare Prescription Drug Plan Employer Group Waiver Plan (PDP EGWP)*.
- The Plan will use UMR's Cost Reduction and Savings (CRS) enhanced solution program to determine the Plan allowance for out-of-network provider reimbursements. This program will negotiate cost and rates with out-of-network providers to increase savings. See Section 10, *Definitions* under Plan allowance.
- The Plan will no longer require preauthorization for the following services: ECT (electroconvulsive therapy), epidural injections, facet injections, lower extremity angiography, lower extremity invasive diagnostic and endovascular procedures, surgical treatment of hyperhidrosis, and TMS (Transcranial Magnetic Stimulation). See Section 3, *How You Get Care*.
- The Plan will offer an opt-in Preconception Care Management Program with no member cost share that will match the member with a healthcare professional (i.e., Health Coach, Registered Nurse, or Registered Dietician) to provide education and support prior to conception, aiming to mitigate avoidable pregnancy complications. See Section 5 (h), *Wellness and Other Special Features*.
- The Plan no longer cover Christian Science providers, facilities, and services. See Section 3, *Covered providers and Covered facilities*, and Section 5(a), *Alternative treatments*.

### **Changes to our High Option only**

- The Plan will separate the in-network and out-of-network deductible amounts. The plan deductible remains \$350 for Self Only enrollment and \$700 for Self Plus One and Self and Family enrollment when you use in-network providers. When you use out-of-network providers, the plan deductible is \$700 for Self Only enrollment and \$1,400 for Self Plus One and Self and Family enrollment. These amounts will no longer be combined, only the plan allowance for in-network services will apply towards the in-network deductible, and only the plan allowance for services from out-of-network providers will apply towards the out-of-network deductible. See Section 4, *Your Costs for Covered Services*.
- The Plan in-network coinsurance for emergency room visits will increase from 10% to 15% after deductible. See Section 5 (d), *Emergency Services/Accidents*.
- The Plan will add coverage for In Vitro Fertilization (IVF) treatment to the High Option only. Services are covered in-network at 20% after the plan deductible, and out-of-network at 35% of the plan allowance and any difference between our allowance and the billed amount. Coverage is limited to \$25,000 per year. See Section 5(a), *Infertility services*.
- The member cost share (plan coinsurance) for out-of-network services will increase from 25% to 35% of the plan allowance and any difference between our allowance and the billed amount after deductible.
- The Plan out-of-pocket maximum will increase to \$6,000 for Self Only enrollment and \$12,000 for Self Plus One and Self and Family enrollment when you use in-network providers. When you use out-of-network providers, the plan out-of-pocket maximum will increase to \$9,000 for Self Only enrollment and \$18,000 for Self Plus One and Self and Family enrollment. See Section 4, *Your Costs for Covered Services*.
- The Plan copayment for Specialist office visits will increase from \$20 to \$30 (no deductible). See Section 5(a), *Medical Services and Supplies*.
- The Plan copayment for Urgent Care facility visits will decrease from \$35 to \$30 (no deductible). See Section 5(a) *Medical Services and Supplies* and Section 5(d), *Emergency Services/Accidents*.

### **Changes to our Standard Option only**

- The Plan in-network coinsurance for emergency room visits will increase from 15% to 20% after deductible. See Section 5 (d), *Emergency Services/Accidents*.
- The member cost share (plan coinsurance) for out-of-network services will increase from 35% to 40% of the plan allowance and any difference between our allowance and the billed amount after deductible.
- The Plan will separate in-network plan allowance expenses accumulated toward both the INN and OON out-of-pocket maximums (OOPMs). For 2025, the in-network and out-of-network expenses will not be combined. Only in-network plan allowance expenses will accumulate to the in-network OOPM, and only out-of-network plan allowance expenses will accumulate to the out-of-network OOPM. See Section 4, *Your Costs for Covered Services*.
- The Plan copayment for Urgent Care facility visits will decrease from \$35 to \$30 (no deductible). See Section 5(a) *Medical Services and Supplies* and Section 5(d), *Emergency Services/Accidents*.

---

## Section 3. How You Get Care

---

### Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 800-821-6136 or write to us at GEHA Enrollment, PO Box 21262, Eagan, MN 55121. You may also request replacement cards through our website: [www.geha.com](http://www.geha.com).

### Where you get covered care

You can get care from any "covered provider" or "covered facility". How much we pay - and you pay - depends on the type of covered provider or facility you use and who bills for the covered services. If you use our preferred providers, you will pay less.

### Balance Billing Protection

FEHB Carriers must have clauses in their in-network (participating) provider agreements. These clauses provide that, for a service that is a covered benefit in the plan brochure or for services determined not medically necessary, the in-network provider agrees to hold the covered individual harmless (and may not bill) for the difference between the billed charge and the in-network contracted amount. If an in-network provider bills you for covered services over your normal cost share (deductible, copay, co-insurance) contact your Carrier to enforce the terms of its provider contract.

#### • Covered providers

**Under the Plan**, we consider covered providers to be medical practitioners who perform covered services when acting within the scope of their license or certification under applicable state law.

These covered providers may include: a licensed doctor of medicine (M.D.) or a licensed doctor of osteopathy (D.O.); chiropractor; nurse midwife; nurse anesthetist; audiologist; dentist; optometrist; licensed clinical social worker; licensed clinical psychologist; licensed professional counselor; licensed marriage and family therapist; podiatrist; speech, physical and occupational therapist; nurse practitioner/clinical specialist; nursing school administered clinic; physician assistant; registered nurse first assistants; certified surgical assistants; board certified behavior analyst; board certified assistant behavior analyst; registered behavior technician; certified doula, and a dietitian as long as they are providing covered services which fall within the scope of their state licensure or statutory certification.

The terms "doctor", "physician", "practitioner" or "professional provider" includes any provider when the covered service is performed within the scope of their license or certification. The term "primary care provider" includes family or general practitioners, pediatricians, obstetricians/gynecologists, medical internists, and mental health/substance use disorder treatment providers.

**Practitioners must be licensed in the state where the patient is physically located at the time services are rendered.**

Benefits are provided under this Plan for the services of covered providers, in accordance with Section 2706(a) of the Public Health Service Act. Coverage of practitioners is not determined by your state's designation as a medically underserved area.

We list network-contracted covered providers in our network provider directory, which we update periodically, and make available on our website.

This plan recognizes that transgender, non-binary, and other gender diverse members require health care delivered by healthcare providers experienced in gender affirming health. Benefits described in this brochure are available to all members meeting medical necessity guidelines regardless of race, color, national origin, age, disability, religion, sex or gender.

This plan provides Care Coordinators for complex conditions and can be reached at 800-821-6136.

- **Covered facilities**

Covered facilities include:

- Freestanding ambulatory facility
  - A facility which is licensed by the state as an ambulatory surgery center or has Medicare certification as an ambulatory surgical center, has permanent facilities and equipment for the primary purpose of performing surgical and/or renal dialysis procedures on an outpatient basis; provides treatment by or under the supervision of doctors and nursing services whenever the patient is in the facility; does not provide inpatient accommodations; and is not, other than incidentally, a facility used as an office or clinic for the private practice of a doctor or other professional.
  - If the state does not license Ambulatory Surgical Centers and the facility is not Medicare certified as an ambulatory surgical center, then they must be accredited with AAAHC (Accreditation Association for Ambulatory Health Care), AAAASF (American Association for Accreditation for Ambulatory Surgery Facilities), IMQ (Institute for Medical Quality) or TJC (The Joint Commission).
  - Ambulatory Surgical Facilities in the state of California do not require a license if they are physician owned. To be covered these facilities must be accredited by one of the following: AAAHC (Accreditation Association for Ambulatory Health Care), AAAASF (American Association for Accreditation for Ambulatory Surgery Facilities), IMQ (Institute for Medical Quality) or TJC (The Joint Commission).
- Hospital
  - An institution or distinct portion of an institution that is primarily engaged in providing: (1) general inpatient acute care and treatment of sick and injured persons through medical, diagnostic, and major surgical facilities; or (2) specialized inpatient acute medical care and treatment of sick or injured persons through medical and diagnostic facilities (including X-ray and laboratory); or (3) comprehensive specialized services relating to the individual's specific medical, physical, mental health, and/or substance use disorder therapy needs, and has, for each patient, an individualized written treatment plan, which includes diagnostic assessment of the patient and a description of the treatment to be rendered, and provides for follow-up assessments by, or under, the direction of the supervising doctor.
  - All services must be provided on its premises, under its control, or through a written agreement with a hospital or with a specialized provider of those facilities.
  - A hospital must be operated pursuant to law, accredited as a hospital under the Hospital Accreditation Program of The Joint Commission (TJC) or meet the states' applicable licensing or certification requirements for a hospital, and is operating under the supervision of a staff of physicians with 24-hour-a-day registered nursing services.
  - The term hospital does not include a convalescent home, extended care facility, skilled nursing facility, or any institution or part thereof which: (1) is used principally as a convalescent facility, nursing facility, or long-term care facility; (2) furnishes primarily domiciliary or custodial care, including training in the routines of daily living; or (3) is operating as or is licensed as a school or residential treatment facility (except as listed in Section 5(e)).

- Hospice  
A facility which meets all of the following:
  - Primarily provides inpatient hospice care to terminally ill persons;
  - Is certified by Medicare as such, or is licensed or accredited as such, by the jurisdiction it is in;
  - Is supervised by a staff of M.D.'s or D.O.'s, at least one of whom must be on call at all times;
  - Provides 24-hour-a-day nursing services under the direction of an R.N. and has a full-time administrator; and
  - Provides an ongoing quality assurance program.
- Skilled Nursing Facility licensed by the state or certified by Medicare if the state does not license these facilities. See limitations in Section 5(c). *Services Provided by a Hospital or Other Facility*, and *Ambulance Services*.
- Birth Center
  - A birth center is a health facility that is not a hospital or physician's office, where childbirth is planned to occur away from the pregnant woman's residence, that is licensed or otherwise approved by the state to provide prenatal labor and delivery or postpartum care that is covered by the plan.
- Residential Treatment Centers (RTCs)
  - An institution that is primarily engaged in providing: (1) 24-hour residential evaluation, treatment, and comprehensive specialized services relating to the individual's specific mental health, and/or substance use disorder therapy needs, all under the active participation and direction of a licensed physician who is practicing within the scope of the physician's license; and (2) specialized programs for persons who need short-term services designed to achieve predicted outcomes focused on fostering improvement or stability in mental health and/or substance use disorder, recognizing the individuality, strengths, and needs of the persons served; and (3) care that meets evidence-based treatment guidelines or criteria as determined by the plan.
  - The services are provided for a fee from its patients and include both: (1) room and board; and (2) 24-hour-a-day registered nursing services. Additionally, the RTC keeps adequate patient records which include: (1) the individualized treatment plan; and (2) the person's progress; and (3) discharge summary; and (4) follow-up programs. Benefits are available for services performed and billed by RTCs, as described in Section 5(e). *Mental Health and Substance Use Disorder Benefits*.
  - RTCs must be: (1) operated pursuant to law; and (2) accredited by a nationally recognized organization, and licensed by the state, district or territory to provide residential treatment for mental health conditions and/or substance use disorder; or (3) credentialed by a network partner.
  - The term RTC does not include a convalescent home, extended care facility, skilled nursing facility, group home, halfway house, sober home, transitional living center or treatment, or any institution or part thereof which: (1) is used principally as a convalescent facility, nursing facility, or long-term care; (2) furnishes primarily domiciliary or custodial care, including training in the routines of daily living; or (3) is operating or licensed as a school.

- **Transitional care**

Specialty care: If you have a chronic or disabling condition and

- lose access to your specialist because we drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB plan, or
- lose access to your in-network specialist because we terminate our contract with your specialist for reasons other than for cause,

you may be able to continue seeing your specialist and receiving any in-network benefits for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your in-network specialist based on the above circumstances, you can continue to see your specialist and your in-network benefits will continue until the end of your postpartum care, even if it is beyond the 90 days.

- **If you are hospitalized when your enrollment begins**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, refer to the back of your member ID card under the heading *Prior Authorization* for the contact information. If you do not have a member ID card, call our customer service department at 800-821-6136. If you are new to the FEHB Program, we will reimburse you for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center;
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized person's benefits under the new plan begin on the effective date of enrollment.

**You need prior Plan approval for certain services**

The pre-service claim approval processes for inpatient hospital admissions (called precertification) and for other services, are detailed in this Section. A **pre-service claim** is any claim, in whole or in part, that requires approval from us in advance of obtaining medical care or services. In other words, a pre-service claim for benefits (1) requires precertification or preauthorization and (2) will result in a reduction of benefits if you do not obtain precertification or preauthorization.

- **Inpatient hospital admission (including Residential Treatment Centers, Skilled Nursing Facility, Long Term Acute Care or Rehab Facility)**

**Precertification** is the process by which – prior to your inpatient hospital admission – we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition. Unless we are misled by the information given to us, we won't change our decision on medical necessity.

In most cases, your physician or hospital will take care of requesting precertification. Because you are still responsible for ensuring that your care is precertified, you should always ask your physician or hospital whether or not they have contacted us.

**How to precertify an admission to a Hospital, Residential Treatment Centers, Skilled Nursing Facility, Long-Term Acute Care or Rehab Facility**

**First**, you, your representative, your physician or your hospital must call to obtain preauthorization before an inpatient hospital admission, Residential Treatment Center (RTC) admission, or for services requiring precertification are rendered. Refer to the back of your member ID card under the heading *Prior Authorization* for the contact information.

For admissions to Skilled Nursing Facilities, Long-Term Acute Care Facilities, or Rehabilitation Facilities please refer to the back of your member ID card under the heading *Prior Authorization* for the contact information.

Next, provide the following information:

- enrollee's name and plan identification number;
- patient's name, birth date, and phone number;
- reason for hospitalization, proposed treatment, or surgery;

- name and phone number of admitting doctor;
- name of hospital or facility; and
- number of days requested for hospital stay.

We will then tell the doctor and/or hospital the number of approved inpatient days and we will send written confirmation of our decision to you, your doctor, and the hospital.

### Warning

You must get precertification for certain services prior to admission. Failure to do so will result in the following penalties:

- **In-network:** We will reduce our benefits for the Inpatient Hospital, Long-Term Acute Care, Residential Treatment Facility (RTC), Skilled Nursing (SNF), or Rehabilitation Facility stay by \$500 if precertification is not obtained prior to admission. If the stay is not medically necessary, we will only pay for any covered medical services and supplies that are otherwise payable on an outpatient basis.
- **Out-of-network:**
  - We will reduce our benefits for the Inpatient Hospital, Long-Term Acute Care, Residential Treatment Facility (RTC), Skilled Nursing (SNF), or Rehabilitation Facility stay by \$500 per day for each day that is not precertified prior to admission. If the stay is not medically necessary, we will only pay for any covered medical services and supplies that are otherwise payable on an outpatient basis.
  - Out-of-network facilities must, prior to admission, agree to abide by the terms established by the Plan for the care of the particular member and for the submission and processing of related claims.

### Exceptions

You do not need precertification in these cases:

- You are admitted to a hospital outside the United States;
- You have another group health insurance policy that is the primary payor for the hospital stay; or
- Medicare Part A is the primary payor for the hospital stay.

Note: If you exhaust your Medicare hospital benefits and do not want to use your Medicare lifetime reserve days, then we will become the primary payor and you **do** need precertification.

- **Non-urgent care claims**

For non-urgent care claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have precertification. We will make our decision within 15 days of receipt of the pre-service claim.

If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original **15-day** period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

- **Urgent care claims**

If you have an **urgent care claim** (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether or not it is an urgent care claim by applying the judgment of a prudent layperson that possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information, or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 800-821-6136. You may also call OPM's FEHB 2 at 202-606-3818 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, then call us at 800-821-6136. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

- **Concurrent care claims**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

A reduction or termination of care can occur due to lack of medical necessity or the member's failure to demonstrate measurable progress towards the established treatment goals and further medical professional intervention is not expected to result in a significant improvement of the patient's condition.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

- **Emergency inpatient admission**

If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must phone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.

- **Maternity care**

You do not need precertification of a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than 48 hours after a vaginal delivery or 96 hours after a cesarean section, then your physician or the hospital must contact us for precertification of additional days. Further, if your baby stays after you are discharged, your physician or the hospital must contact us for precertification of additional days for your baby.

Note: When a newborn requires definitive treatment during or after the mother's hospital stay, the newborn is considered a patient in their own right. If the newborn is eligible for coverage, regular medical or surgical benefits apply rather than maternity benefits.

- **If your hospital stay needs to be extended**

If your hospital stay - including for maternity care - needs to be extended, you, your representative, your doctor or the hospital must ask us to approve the additional days. If you remain in the hospital beyond the number of days we approved and did not get the additional days precertified, then:

- for the part of the admission that was medically necessary, we will pay inpatient benefits, but,
- for the part of the admission that was not medically necessary, we will pay only medical services and supplies otherwise payable on an outpatient basis and will not pay inpatient benefits.

- **Other services that require preauthorization**

Some surgeries and procedures, services and equipment require precertification or preauthorization such as, but not limited to, the following list. Please note this list is subject to change, please call to verify if your procedure requires preauthorization. Refer to the back of your member ID card under the heading Prior Authorization for the contact information.

Services requiring preauthorization or medical necessity determination may be reviewed with guidelines as described at [www.geha.com/CriteriaSources](http://www.geha.com/CriteriaSources). GEHA has coverage policies for many services and procedures; refer to [www.geha.com/Coverage-Policies](http://www.geha.com/Coverage-Policies) for a complete list of policies.

- ACI (Autologous Cultured Chondrocytes), also called Genzyme tissue repair (or Carticel) for knee cartilage damage;
- Abdominoplasty/panniculectomy/lipectomy;
- Ablative and surgical treatment of venous insufficiency including sclerotherapy and microphlebectomy;
- Advanced wound therapy provided in an outpatient setting such as negative pressure wound therapy (wound vac systems);
- Applied behavioral therapy;
- Arthroplasty, including revisions to a prior arthroplasty;
- Artificial insemination (AI) drugs and IVF-related drugs;
- Artificial insemination procedures (intravaginal insemination, intracervical insemination, intrauterine insemination);
- Back/spine surgeries;
- Bariatric procedures;
- Bone growth stimulators;
- Botox injections;
- Breast reconstruction except for diagnosis of cancer;
- Cellular and gene therapy;
- Certain prescription drugs;
- Cochlear and auditory implants and implant procedures;
- Correction of choanal atresia and intranasal synechia;
- Discectomy/fusion;
- Durable medical equipment (DME) over \$1,000;
- Experimental/investigational surgery or treatment;
- Eyelid surgery or brow lift;

- Functional Endoscopic Sinus Surgery (FESS);
- Genetic testing;
- Growth hormone therapy (GHT);
- Gynecomastia treatment-cosmetic (see mammoplasty);
- Harvesting of sperm/eggs and storage of sperm/embryos/eggs for iatrogenic infertility diagnosis;
- High tech outpatient radiology/imaging;
- Hyoid myotomy and suspension;
- Hysterectomy except for diagnosis with cancer;
- Implantable cardiac monitoring;
- Injectable drugs for arthritis, psoriasis or hepatitis;
- Injectable hematopoietic drugs (drugs for anemia, low white blood count);
- Inpatient hospital mental health and substance use disorder benefits, inpatient care at residential treatment centers and intensive day treatment;
- Intrathecal pump insertion for pain management (morphine pump, baclofen pump);
- In Vitro Fertilization (IVF) and related services and procedures;
- Low-dose computed tomography (LDCT);
- Mammoplasty, reduction (unilateral/bilateral);
- Neurostimulation, including devices and implantation procedures for cranial, gastric, peripheral, spinal, or vagus nerve stimulation;
- Non-emergency air ambulance;
- Non-surgical outpatient cancer treatment, including chemotherapy and radiation;
- Organ and tissue transplant procedures;
- Orthognathic surgery (jaw), including TMJ;
- Orthopedic and prosthetic devices over \$1,000;
- Osteochondral grafting (allogenic);
- Prostate implants, destruction, and removal;
- Psychological testing exceeding 8 hours/calendar year;
- Rhinoplasty;
- Scar revisions;
- Severe obesity surgeries;
- Sinuplasty;
- Sleep studies (in-lab) attended or performed in a healthcare facility (home sleep studies do not require preauthorization);
- Speech generating devices;
- Surgical correction of congenital anomalies;
- Surgical treatment of gender dysphoria;
- Transcatheter aortic and pulmonary valve repair or replacement;
- Transcatheter arrhythmia ablation;
- Transplants; and
- UPPP Uvulopalatopharyngoplasty

- **Radiology/Imaging procedures preauthorization** Radiology preauthorization is the process by which prior to scheduling specific imaging procedures we evaluate the medical necessity of your proposed procedure to ensure the appropriate procedure is being requested for your condition. In most cases your physician will take care of preauthorization. Because you are still responsible for ensuring that we are asked to preauthorize your procedure, you should ask your doctor to contact us. Refer to the back of your member ID card under the heading Prior Authorization for the contact information.

The following outpatient radiology/imaging services need to be preauthorized:

- CT - Computerized Axial Tomography;
- MRI - Magnetic Resonance Imaging;
- MRA - Magnetic Resonance Angiography;
- NC - Nuclear Cardiac Imaging Studies; and
- PET - Positron Emission Tomography.

- **Warning** You must get preauthorization for certain services. If the procedure is not medically necessary, we will not pay any benefits.

- **Exceptions** You do not need preauthorization in these cases:
  - You have another health insurance policy that is the primary payor, including Medicare Part A and B or Part B only;
  - The procedure is performed outside the United States;
  - You are an inpatient in a hospital or observation stay; or
  - The procedure is performed as an emergency.

- **If your treatment needs to be extended** If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

**If you disagree with our pre-service claims decision** If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or preauthorization of other services, you may request a review in accord with the procedures detailed below. If your claim is in reference to a contraceptive, call 844-4-GEHARX or 844-443-4279.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a nonurgent care claim** Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure. In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to:

1. Precertify your hospital stay or, if applicable, arrange for the healthcare provider to give you the care or grant your request for preauthorization for a service, drug, or supply; or
2. Ask you or your provider for more information. You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days. If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.
3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by phone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

### **Overseas claims**

For covered services you receive by physicians and hospitals outside the United States and Puerto Rico, send a completed Overseas Claim Form and the itemized bills to: GEHA, Medical Claims, PO Box 21172, Eagan, MN 55121. Obtain Overseas Claim Forms from [www.geha.com](http://www.geha.com).

Eligibility and/or medical necessity review is required when procedures are performed or you are admitted to a hospital outside of the United States. Review includes the procedure/service to be performed, the number of days required to treat your condition, and any other applicable benefit criteria.

If you have questions about the processing of overseas claims, contact us at 800-821-6136 or by email [overseas@geha.com](mailto:overseas@geha.com). Covered providers outside the United States will be paid at the in-network level of benefits, subject to deductible and coinsurance. We will provide translation and currency conversion for claims for overseas (foreign) services. The conversion rate will be based on the date services were rendered.

When members living abroad are stateside and seeking medical care, contact us at 800-821-6136, or visit [www.geha.com](http://www.geha.com) to locate an in-network provider. If you utilize an out-of-network provider, out-of-network benefits would apply.

---

## Section 4. Your Costs for Covered Services

---

This is what you will pay out-of-pocket for your covered care:

**Cost-sharing** Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

**Copayments** A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.

Example: When you see your in-network physician, under the High Option, you pay a copayment of \$20 per visit to a primary care provider.

Note: If the billed amount (or the Plan allowance that providers we contract with have agreed to accept as payment in full) is less than your copayment, you pay the lower amount.

**Deductible** A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for them. Copayments and coinsurance amounts do not count toward any deductible. When a covered service or supply is subject to a deductible, only the Plan allowance for the service or supply counts toward the deductible.

### High Option

**In-network:** The calendar year deductible is \$350 per person under High Option. Under a Self Only enrollment, the deductible is considered satisfied and benefits are payable for you when your covered expenses applied to the calendar year deductible for your enrollment reach \$350. Under the Self Plus One and the Self and Family enrollments, once the calendar year deductible amount of \$350 is satisfied for an individual, covered benefits are payable for that individual. Additionally, all individual deductible amounts will apply toward the Self Plus One or Self and Family calendar year deductible of \$700; once that amount is reached, benefits become payable for all family members. Only plan allowance paid for services or supplies from in-network providers counts toward this amount.

**Out-of-network:** Under a Self Only enrollment, the deductible is considered satisfied, and benefits are payable for you when your covered expenses applied to the calendar year deductible for your enrollment reach \$700. Under the Self Plus One and the Self and Family enrollments, once the calendar year deductible amount of \$700 is satisfied for an individual, covered benefits are payable for that individual. Additionally, all individual deductible amounts will apply toward the Self Plus One or Self and Family calendar year deductible of \$1,400; once that amount is reached, benefits become payable for all family members. Only plan allowance paid for services or supplies from out-of-network providers counts toward this amount.

### Standard Option

**In-network:** Under a Self Only enrollment, the deductible is considered satisfied and benefits are payable for you when your covered expenses applied to the calendar year deductible for your enrollment reach \$350. Under the Self Plus One and the Self and Family enrollments, once the calendar year deductible amount of \$350 is satisfied for an individual, covered benefits are payable for that individual. Additionally, all individual deductible amounts will apply toward the Self Plus One or Self and Family calendar year deductible of \$700; once that amount is reached, benefits become payable for all family members. Only plan allowance paid for services or supplies from in-network providers counts toward this amount.

**Out-of-network:** Under a Self Only enrollment, the deductible is considered satisfied and benefits are payable for you when your covered expenses applied to the calendar year deductible for your enrollment reach \$700. Under the Self Plus One and the Self and Family enrollments, once the calendar year deductible amount of \$700 is satisfied for an individual, covered benefits are payable for that individual. Additionally, all individual deductible amounts will apply toward the Self Plus One or Self and Family calendar year deductible of \$1,400; once that amount is reached, benefits become payable for all family members. Only plan allowance paid for services or supplies from out-of-network providers counts toward this amount.

If the billed amount (or the Plan allowance that providers we contract with have agreed to accept as payment in full) is less than the remaining portion of your deductible, you pay the lower amount.

Example: If the billed amount is \$100, the provider has an agreement with us to accept \$80, and you have not paid any amount toward meeting your calendar year deductible, you must pay \$80. We will apply \$80 to your deductible. We will begin paying benefits once the remaining portion of your calendar year deductible (\$350 per person under High and Standard Option) has been satisfied.

Note: If you change plans during Open Season and the effective date of your new plan is after January 1 of the next year, you do not have to start a new deductible under your prior plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.

#### **Coinsurance**

Coinsurance is the percentage of our allowance that you must pay for your care. Coinsurance doesn't begin until you meet your deductible. We will base this percentage on either the billed charge or the Plan allowance, whichever is less.

Example: Under the High Option, you pay 35% of our allowance for out-of-network office visits.

#### **If your provider routinely waives your cost**

If your provider routinely waives (does not require you to pay) your copayments, deductibles, or coinsurance, the provider is misstating the fee and may be violating the law. In this case, when we calculate our share, we will reduce the provider's fee by the amount waived.

For example, if your physician ordinarily charges \$100 for a service but routinely waives your 35% coinsurance, the actual charge is \$65. We will pay \$42.25 (65% of the actual charge of \$65).

#### **Waivers**

In some instances, a provider may ask you to sign a "waiver" prior to receiving care. This waiver may state that you accept responsibility for the total charge for any care that is not covered by your health plan. If you sign such a waiver, whether or not you are responsible for the total charge depends on the contracts that the Plan has with its providers. If you are asked to sign this type of waiver please be aware that if benefits are denied for the services, you could be legally liable for the related expenses. If you would like more information about waivers, please contact us at 800-821-6136 or write to GEHA Enrollment, PO Box 21262, Eagan, MN 55121.

#### **Differences between our allowance and the bill**

Our "Plan allowance" is the amount we use to calculate our payment for covered services. Fee-for-service plans arrive at their allowances in different ways, so their allowances vary. For more information about how we determine our Plan allowance, see the definition of Plan allowance in Section 10.

Often, the provider's bill is more than a fee-for-service plan's allowance. Whether or not you have to pay the difference between our allowance and the bill will depend on the provider you use. For more information about out-of-area services, see Section 1, *We have preferred providers through a Point of Service (POS) Network*.

- **In-network providers** agree to limit what they will bill you. Because of that, when you use a preferred provider, your share of covered charges consists only of your deductible and coinsurance or copayment. Here is an example about coinsurance: You see an in-network physician who charges \$150, but our allowance is \$100. If you have met your deductible, you are only responsible for your coinsurance. That is, with High Option, you pay just – 10% of our \$100 allowance (\$10). Because of the agreement, your in-network physician will not bill you for the \$50 difference between our allowance and the bill.
- **Out-of-network providers**, on the other hand, have no agreement to limit what they will bill you. When you use an out-of-network provider, you will pay your deductible and coinsurance - plus any difference between our allowance and charges on the bill. Here is an example. You see an out-of-network physician who charges \$150 and our allowance is again \$100. Because you've met your deductible, you are responsible for your coinsurance, so with High Option you pay 35% of our \$100 allowance (\$35). Plus, because there is no agreement between the out-of-network physician and us, the physician can bill you for the \$50 difference between our allowance and the bill.

The following illustrates the examples of how much you have to pay out-of-pocket, under the High Option, for services from an in-network physician vs. an out-of-network physician. The table uses our example of a service for which the physician charges \$150 and our allowance is \$100. The example shows the amount you pay if you have met your calendar year deductible.

**EXAMPLE**

**In-network physician**

Physician's charge: \$150

Our allowance: We set it at: \$100

We pay: 90% of our allowance: \$90

You owe: 10% of our allowance: \$10

+Difference up to charge?: No: \$0

**TOTAL YOU PAY: \$10**

**Out-of-network physician**

Physician's charge: \$150

Our allowance: We set it at: \$100

We pay: 65% of our allowance: \$65

You owe: 35% of our allowance: \$35

+Difference up to charge?: Yes: \$50

**TOTAL YOU PAY: \$85**

You should also see section *Important Notice About Surprise Billing – Know Your Rights* below that describes your protections against surprise billing under the No Surprises Act.

For High and Standard Option medical and surgical services with coinsurance, we pay 100% of our allowable amount for the remainder of the calendar year after out-of-pocket expenses for deductibles, coinsurance and copayments exceed:

**Your catastrophic protection out-of-pocket maximum for deductibles, coinsurance, and copayments**

**In-network**

- For High Option, the out-of-pocket maximum is \$6,000 for Self Only enrollment; \$12,000 when enrollment is Self Plus One or Self and Family when you use in-network providers. For Standard Option the out-of-pocket maximum is \$6,500 for self only enrollment; \$13,000 when enrollment is Self Plus One or Self and Family if you use in-network providers. Only out-of-pocket expenses from in-network providers count toward these limits.
- An individual under Self Plus One and Self and Family enrollment will never have to satisfy more than what is required for the out-of-pocket maximum under a Self only enrollment.

**Out-of-network**

- For High Option the out-of-pocket maximum is \$9,000 for Self Only enrollment; \$18,000 when enrollment is Self Plus One or Self and Family. Any of the above expenses for in-network providers also count toward this limit. Out-of-network coinsurance will not accumulate to the in-network maximum unless meeting criteria to be reimbursed at the in-network rate (reference the No Surprises Act). Your eligible out-of-pocket expenses will not exceed this amount whether or not you use in-network Providers.
- For Standard Option, the out-of-pocket maximum is \$8,500 for Self Only enrollment; \$17,000 when enrollment is Self Plus One or Self and Family if you use out-of-network providers. Only out-of-pocket expenses from out-of-network providers count towards those limits. Out-of-network coinsurance will not accumulate to the in-network maximum unless meeting criteria to be reimbursed at the in-network rate (reference the No Surprises Act).
- An individual under Self Plus One and Self and Family enrollment will never have to satisfy more than what is required for the out-of-pocket maximum under a Self only enrollment.

Out-of-pocket expenses for in-network and out-of-network benefits are the expenses you pay for covered services.

The following cannot be counted toward catastrophic protection out-of-pocket expenses:

- Expenses you pay for non-covered services;
- Expenses in excess of our allowable amount or maximum benefit limitations;
- Expenses in excess of plan limits for dental;
- The cost for non-approved medication and drugs that we exclude;
- Any amounts you pay because benefits have been reduced for non-compliance with our cost containment requirements (see Section 3); and
- The difference (Standard and High Option) between the cost of the generic and brand name medication.

**Carryover**

If you changed to this Plan during Open Season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your prior plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your prior plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your prior plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your prior plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

**If we overpay you**

We will make diligent efforts to recover benefit payments we made in error but in good faith. We may reduce subsequent benefit payments to offset overpayments.

**When Government facilities bill us**

Facilities of the Department of Veteran Affairs, the Department of Defense, and the Indian Health Service are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

**Important Notice About Surprise Billing -- Know Your Rights**

The No Surprises Act (NSA) is a federal law that provides you with protections against “surprise billing” and “balance billing” for out-of-network emergency services; out-of-network non-emergency services provided with respect to a visit to a participating health care facility; and out-of-network air ambulance services.

A surprise bill is an unexpected bill you receive for:

- emergency care - when you have little or no say in the facility or provider from whom you receive care, or for
- non-emergency services furnished by nonparticipating providers with respect to patient visits to participating health care facility, or for
- air ambulance services furnished by nonparticipating providers of air ambulance services.

Balance billing happens when you receive a bill from the nonparticipating provider, facility, or air ambulance service for the difference between the nonparticipating provider's charge and the amount payable by your health plan.

Your health plan must comply with the NSA protections that hold you harmless from surprise bills.

For specific information on surprise billing, the rights and protections you have, and your responsibilities, go to [www.geha.com](http://www.geha.com) or contact the health plan at 800-821-6136.

**The Federal Flexible  
Spending Account  
Program -  
FSAFEDS**

- **Healthcare FSA (HCFSA)** – Reimburses an FSA participant for eligible out-of-pocket healthcare expenses (such as copayments, deductibles, over-the-counter drugs and medications, vision and dental expenses, and much more) for the participant and, their tax dependents, and their adult children (through the end of the calendar year in which they turn 26).
- FSAFEDS offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

**Section 5. High and Standard Option Benefits**

See Section 2 for how our benefits changed this year. Pages 143 and 145 have a benefits summary of each option. Make sure that you review the benefits that are available under the option in which you are enrolled.

High and Standard Option Overview .....33

Section 5(a). Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals .....34

    Diagnostic and treatment services.....35

    Urgent care facility.....36

    Lab, X-ray and other diagnostic tests.....36

    QuestSelect.....38

    Preventive care, adult.....38

## High and Standard Option Overview

This Plan offers both a High and Standard Option. Both benefit packages are described in Section 5. Make sure that you review the benefits that are available under the option in which you are enrolled.

The High and Standard Option Section 5 is divided into subsections. Please read *Important things you should keep in mind about these benefits* at the beginning of the subsections. For more information about services, see Section 1, *We have preferred providers through a Point of Service (POS) Network*. Also read the *General Exclusions* in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about High and Standard Option benefits, contact us at 800-821-6136 or on our website at [www.geha.com](http://www.geha.com).

Each option offers unique features.

### • High Option

- Extensive provider network.
- No requirement to choose a single doctor as your primary physician.
- No referral needed to see a specialist. However, you might need preauthorization for certain services.
- Generic drugs: \$10 copay at a retail pharmacy; \$20 for non-Medicare mail order; \$15 for Medicare at the mail order pharmacy.
- Urgent Care copay of \$30 when you use an in-network facility.
- Within the provider network, 90% coverage for room and board and for other hospital charges after the \$100 per admission copay. Precertification is required.
- Freedom to choose any doctor with extra savings when you see a preferred provider.

### • Standard Option

- Affordable premiums.
- Low \$20 copay for office visits to any primary care provider including family or general practitioners, pediatricians, OB/GYN and medical internists. \$0 copay applies for the first non-preventive visit for children under 18, after which the \$20 copay applies.
- Urgent Care copay of \$30 when you use an in-network facility. \$0 copay applies for the first two visits for children under 18, after which the \$30 copay applies.
- No requirement to choose a single doctor as your primary physician.
- No referral needed to see a specialist. However, you might need preauthorization for certain services.
- Generic drugs: \$10 copay at a retail pharmacy; \$20 at the mail order pharmacy.
- Freedom to choose any doctor with extra savings when you see a preferred provider.

### Medicare Advantage Opportunity

We also offer a tailored Medicare Advantage (PPO) plan to our FEHB members in partnership with UnitedHealthcare (UHC). The GEHA High Medicare Advantage Plan and the GEHA Standard Medicare Advantage Plan enhance your GEHA coverage by reducing or eliminating cost-sharing for services and adding benefits at no additional cost. Members may opt in or out of the Plan at any time. Members have access to UnitedHealthcare's large nationwide network and may seek care in or out of network. In addition, members will have access to benefit enhancements as noted in Section 9. For more information, please contact 844-491-9898 (TTY: 711) or go to <https://retiree.uhc.com/geha>.

## Section 5(a). Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Under the High and Standard Option, the calendar year deductible is \$350 per person (\$700 if enrollment is Self Plus One or Self and Family) if you use in-network providers; the calendar year deductible is \$700 per person (\$1,400 if enrollment is Self Plus One or Self and Family) if you use out-of-network providers. The calendar year deductible applies to almost all benefits in this Section. We added "(no deductible)" to show when the calendar year deductible does not apply.
- The out-of-network benefits are the standard benefits of this Plan. In-network benefits apply only when you use an in-network provider. When no in-network provider is available, out-of-network benefits apply.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- When you use an in-network hospital, the professionals who provide services to you in a hospital may not all be preferred providers. If services are rendered by out-of-network providers at an in-network hospital, we will pay up to the Plan allowable.
- We will provide in-network benefits if you are admitted to an out-of-network hospital due to a medical emergency. We will also provide in-network benefits if you receive care from professionals who provide services in an out-of-network hospital, when admitted due to a medical emergency.
- **YOU MUST GET PREAUTHORIZATION FOR CERTAIN OUTPATIENT IMAGING PROCEDURES.** Please refer to preauthorization information in Section 3 to be sure which procedures require preauthorization.
- We cover up to 16 tests for Urine Drug Testing (UDT) per person per calendar year.
- Benefits for certain self-injectable (self-administered) drugs are available for coverage only when dispensed by a pharmacy, under the pharmacy benefit.
- Medications may be available under the Prescription drug benefit and may require prior authorization. Specialty drugs obtained outside of the pharmacy benefit may be subject to additional cost share as outlined in Section 5(f), *Specialty drug benefits*.
- The coverage and cost-sharing listed below are for services provided by physicians and other health care professionals for your medical care. See Section 5(c) for cost-sharing associated with the facility (i.e., hospital, surgical center, etc.).
- If you enroll in GEHA's High or Standard Option Plan and have Medicare Parts A and B as primary coverage, we offer a tailored Medicare Advantage (PPO) plan to our FEHB members in partnership with UnitedHealthcare (UHC). This plan enhances your GEHA coverage by reducing or eliminating cost-sharing for services and adding benefits at no additional cost. **It includes a Medicare Part B subsidy of \$100 per month for High Option and \$75 per month for Standard Option.** GEHA's custom designed Medicare Advantage (PPO) plan is subject to Medicare rules. See Section 9, *Coordinating Benefits with Medicare and Other Coverage*.

## High and Standard Option

Benefits Description	You pay After the calendar year deductible...	
<b>Note: The calendar year deductible applies to almost all benefits in this Section. We say “(no deductible)” when it does not apply.</b>		
Diagnostic and treatment services	High Option	Standard Option
<p>Professional services of physicians</p> <ul style="list-style-type: none"> <li>• In physician's office</li> <li>• Routine physical examinations</li> <li>• Office medical consultations</li> <li>• Second surgical opinions</li> <li>• Advance care planning</li> <li>• Telehealth visit provided by a healthcare provider other than MDLIVE.</li> </ul> <p>Note: For additional telehealth benefits see Telehealth with MDLIVE below.</p>	<p>In-network: \$20 copayment for office visits to primary care providers (no deductible)</p> <p>\$30 copayment for office visits to specialists (no deductible)</p> <p>Out-of-network: 35% of the Plan allowance and any difference between our allowance and the billed amount</p>	<p>In-network: \$20 copayment for office visits to primary care providers; \$0 copay applies for the first non-preventive visit for children under 18, after which the \$20 copay applies (no deductible)</p> <p>\$35 copayment for office visits to specialists (no deductible)</p> <p>Out-of-network: 40% of the Plan allowance and any difference between our allowance and the billed amount</p>

Benefits Description	You pay After the calendar year deductible...	
QuestSelect	High Option	Standard Option
<p>You may use this voluntary program for covered outpatient lab tests. You show your QuestSelect Program identification card and tell your physician you would like to use the QuestSelect benefit. If the physician draws the specimen, they can call 800-646-7788 for pick up or you can go to an approved collection site and show your QuestSelect card along with the test requisition from your physician and have the specimen drawn there. Please Note: You must show your QuestSelect card each time you obtain lab work whether in the physician's office or collection site. To find an approved collection site near you, call 800-646-7788 or visit <a href="http://www.questselect.com">www.questselect.com</a>.</p>	<p>Not Applicable</p> <p>Note: High Option members pay nothing for routine lab work at all GEHA contracted lab locations. See coverage details in the previous section <i>Lab, X-ray and other diagnostic tests</i> and Section 5(c), <i>Outpatient hospital, clinic, or ambulatory surgery center</i>.</p>	<p>Nothing (no deductible)</p> <p>Note: This benefit applies to expenses for lab tests only. Related expenses for services by a physician (or lab tests performed by an associated laboratory not participating in the QuestSelect Program) are subject to applicable deductibles and coinsurance.</p>
Preventive care, adult	High Option	Standard Option

## Section 5(b). Surgical and Anesthesia Services Provided by Physicians and Other Healthcare Professionals

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Under the High and Standard Option, the calendar year deductible is \$350 per person (\$700 if enrollment is Self Plus One or Self and Family) if you use in-network providers; the calendar year deductible is \$700 per person (\$1,400 if enrollment is Self Plus One or Self and Family) if you use out-of-network providers. The calendar year deductible applies to almost all benefits in this Section. We added "(no deductible)" to show when the calendar year deductible does not apply.
- The out-of-network benefits are the standard benefits of this Plan. In-network benefits apply only when you use an in-network provider. When no in-network provider is available, out-of-network benefits apply.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- The services listed below are for the charges billed by a physician or other healthcare professional for your surgical care. See Section 5(c) for charges associated with a facility (i.e., hospital, surgical center, etc.).
- When you use an in-network hospital, the professionals who provide services to you in a hospital may not all be in-network providers. If the services are rendered by out-of-network providers at an in-network hospital, we will pay up to the Plan allowable.
- We will provide in-network benefits if you are admitted to an out-of-network hospital due to a medical emergency. We will also provide in-network benefits if you receive care from professionals who provide services in an out-of-network hospital, when admitted due to a medical emergency.
- **YOU MUST GET PREAUTHORIZATION FOR SOME SURGICAL PROCEDURES.** Please refer to the preauthorization information shown in Section 3 to be sure which services require preauthorization.
- GEHA has coverage policies for many services and procedures; refer to [www.geha.com/Coverage-Policies](http://www.geha.com/Coverage-Policies) for a complete list.
- Medications may be available under the Prescription drug benefit and may require prior authorization. Specialty drugs obtained outside of the pharmacy benefit may be subject to additional cost share as outlined in Section 5(f), *Specialty drug benefits*.
- If you enroll in GEHA's High or Standard Option Plan and have Medicare Parts A and B as primary coverage, we offer a tailored Medicare Advantage (PPO) plan to our FEHB members in partnership with UnitedHealthcare (UHC). This plan enhances your GEHA coverage by reducing or eliminating cost-sharing for services and adding benefits at no additional cost. **It includes a Medicare Part B subsidy of \$100 per month for High Option and \$75 per month for Standard Option.** GEHA's custom designed Medicare Advantage (PPO) plan is subject to Medicare rules. See Section 9, *Coordinating Benefits with Medicare and Other Coverage*.

Benefits Description	You pay After the calendar year deductible...	
<p><b>Note: The calendar year deductible applies to almost all benefits in this Section. We say “(no deductible)” when it does not apply.</b></p>		
Surgical procedures	High Option	Standard Option
<p>A comprehensive range of services, such as:</p> <ul style="list-style-type: none"> <li>• Operative procedures</li> <li>• Treatment of fractures, including casting</li> <li>• Normal pre- and post-operative care by the surgeon</li> <li>• Correction of amblyopia and strabismus</li> <li>• Endoscopy and non-routine colonoscopy procedures</li> <li>• Biopsy procedures</li> <li>• Removal of tumors and cysts</li> <li>• Correction of congenital anomalies - limited to children under the age of 18 unless there is a functional deficit (see Reconstructive surgery)</li> <li>• Surgical treatment of severe obesity (bariatric surgery)               <ul style="list-style-type: none"> <li>- Eligible members must be age 18 or over; or for adolescents, have achieved greater than 95% of estimated adult height and a minimum Tanner Stage of 4, and</li> <li>- Have a minimum Body Mass Index (BMI) of 40 or greater than or equal to 35 (with at least one co-morbid condition present), and</li> <li>- Complete a multi-disciplinary surgical preparatory regimen, which includes a psychological evaluation, and</li> <li>- Have completed a 6-month plan of physician supervised diet documented within the last two years. **Section 5(c). Services Provided by a Hospital or Other Facility, and Ambulance Services**

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In this Section, unlike Sections 5(a) and 5(b), the calendar year deductible applies to only a few benefits. We added “(calendar year deductible applies)”. Under the High and Standard Option, the calendar year deductible is \$350 per person (\$700 if enrollment is in Self Plus One or in Self and Family) if you use in-network providers; the calendar year deductible is \$700 per person (\$1,400 if enrollment is Self Plus One or Self and Family) if you use out-of-network providers.
- A High Option per admission copayment applies of \$100 (in-network) and \$300 (out-of-network) for inpatient hospital services.
- The out-of-network benefits are the standard benefits of this Plan. In-network benefits apply only when you use an in-network provider. When no in-network provider is available, out-of-network benefits apply.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- The amounts listed below are for the charges billed by the facility (i.e., hospital or surgical center) or ambulance service for your surgery or care. Any costs associated with the professional charge (i.e., physicians, etc.) are in Sections 5(a) or 5(b).
- When you use an in-network hospital, the professionals who provide services to you in a hospital may not all be in-network providers. If services are rendered by out-of-network providers at an in-network hospital, we will pay up to the Plan allowable.
- We will provide in-network benefits if you are admitted to an out-of-network hospital due to a medical emergency. We will also provide in-network benefits if you receive care from professionals who provide services in an out-of-network hospital, when admitted due to a medical emergency.
- Charges billed by a facility for implantable devices, surgical hardware, etc., are subject to the Plan allowance, which is based on the provider’s cost plus 20% with submitted invoice, or two times the Medicare allowance without an invoice. Providers are encouraged to notify us on admission to determine benefits payable.
- When you receive hospital observation services, we apply outpatient benefits to covered services up to 48 hours. Inpatient benefits will apply only when your physician formally admits you to the hospital as an inpatient. It is your responsibility to ensure that we are contacted for precertification if you are admitted as an inpatient.
- **YOU MUST GET PRECERTIFICATION FOR INPATIENT STAYS UNLESS DUE TO A MEDICAL EMERGENCY. FAILURE TO DO SO WILL RESULT IN A FINANCIAL PENALTY.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification. Confinements which are considered not medically necessary will not be covered. Penalties are not subject to the catastrophic limit.
- We cover up to 16 tests for Urine Drug Testing (UDT) per person per calendar year.

**Important things you should keep in mind about these benefits (continued):**

- Medications may be available under the Prescription drug benefit and may require prior authorization. Specialty drugs obtained outside of the pharmacy benefit may be subject to additional cost share as outlined in Section 5(f), *Specialty drug benefits*.
- If you enroll in GEHA’s High or Standard Option Plan and have Medicare Parts A and B as primary coverage, we offer a tailored Medicare Advantage (PPO) plan to our FEHB members in partnership with UnitedHealthcare (UHC). This plan enhances your GEHA coverage by reducing or eliminating cost-sharing for services and adding benefits at no additional cost. **It includes a Medicare Part B subsidy of \$100 per month for High Option and \$75 per month for Standard Option.** GEHA's custom designed Medicare Advantage (PPO) plan is subject to Medicare rules. See Section 9, *Coordinating Benefits with Medicare and Other Coverage*.

Benefits Description	You pay	
<b>Note: The calendar year deductible applies ONLY when we say below: “(calendar year deductible applies)”.</b>		
Inpatient hospital	High Option	Standard Option
<p>Room and board, such as:</p> <ul style="list-style-type: none"> <li>• Ward, semiprivate, or intensive care accommodation</li> <li>• General nursing care</li> <li>• Meals and special diets</li> </ul> <p>Note: We only cover a private room if we determine it to be medically necessary. Otherwise, we will pay the hospital's average charge for semiprivate accommodations. The remaining balance is not a covered expense. If the hospital only has private rooms, we will cover the private room rate.</p> <p>Note: When the hospital bills a flat rate, we prorate the charges to determine how to pay them, as follows: 30% room and board and 70% other charges.</p> <p>Other hospital services and supplies, such as:</p> <ul style="list-style-type: none"> <li>• Operating, recovery and other treatment rooms</li> <li>• Prescribed drugs and medications</li> <li>• Diagnostic laboratory tests and X-rays</li> <li>• Blood or blood plasma, if not donated or replaced</li> <li>• Dressings, splints, casts, and sterile tray services</li> <li>• Medical supplies and equipment, including oxygen</li> <li>• Anesthetics, including nurse anesthetist services</li> <li>• Take-home items</li> <li>• Medical supplies, appliances, medical equipment, and any covered items billed by a hospital for use at home (Note: Calendar year deductible applies.)</li> </ul> <p>Note: We base payment on whether the facility or a healthcare professional bills for the services or supplies. For example, when the hospital bills for its nurse anesthetists’ services, we pay hospital benefits and when the anesthesiologist bills, we pay surgery benefits.</p>	<p>In-network: \$100 per admission copayment and 10% of the Plan allowance</p> <p>Out-of-network: \$300 per admission copayment and 35% of the Plan allowance plus the difference between the Plan allowance and the billed amount for other hospital services</p>	<p>In-network: 15% of the Plan allowance (calendar year deductible applies)</p> <p>Out-of-network: 40% of the Plan allowance plus the difference between the Plan allowance and the billed amount (calendar year deductible applies)</p>

**Section 5(d). Emergency Services/Accidents**

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Under the High and Standard Option, the calendar year deductible is \$350 per person (\$700 if enrollment is Self Plus one or Self and Family) if you use in-network providers; the calendar year deductible is \$700 per person (\$1,400 if enrollment is Self Plus One or Self and Family) if you use out-of-network providers. The calendar year deductible applies to almost all benefits in this Section. We added "(no deductible)" to show when the calendar year deductible does not apply.
- The out-of-network benefits are the standard benefits of this Plan. In-network benefits apply only when you use an in-network provider. When no in-network provider is available, out-of-network benefits apply.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- When you use an in-network hospital, the professionals who provide services to you in a hospital may not all be in-network providers. If you receive out-of-network services at an in-network hospital, we will pay up to the Plan allowance according to the No Surprises Act.
- We will provide in-network benefits if you are admitted to an out-of-network hospital due to a medical emergency. We will also provide in-network benefits if you receive care from professionals who provide services in an out-of-network hospital, when admitted due to a medical emergency.
- If you enroll in GEHA’s High or Standard Option Plan and have Medicare Parts A and B as primary coverage, we offer a tailored Medicare Advantage (PPO) plan to our FEHB members in partnership with UnitedHealthcare (UHC). This plan enhances your GEHA coverage by reducing or eliminating cost-sharing for services and adding benefits at no additional cost. **It includes a Medicare Part B subsidy of \$100 per month for High Option and \$75 per month for Standard Option.** GEHA's custom designed Medicare Advantage (PPO) plan is subject to Medicare rules. See Section 9, *Coordinating Benefits with Medicare and Other Coverage*.

**What is an accidental injury?**

An accidental injury is a bodily injury sustained solely through violent, external, and accidental means, such as broken bones, animal bites, and poisonings.

**What is a medical emergency?**

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability and requires immediate medical, surgical, or behavioral health care (includes mental health and substance use disorders). Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life threatening, such as heart attacks, strokes, poisonings, gunshot wounds, the sudden inability to breathe, or imminent risk of causing harm to oneself or others. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

## High and Standard Option

Benefits Description	You pay After the calendar year deductible...	
<p><b>Note: The calendar year deductible applies to almost all benefits in this Section. We say "(no deductible)" when it does not apply.</b></p>		
Accidental injury	High Option	Standard Option
<p>If you receive care for your accidental injury within 72 hours, we cover:</p> <ul style="list-style-type: none"> <li>• Treatment in an outpatient facility or in the outpatient/emergency room department of a hospital</li> <li>• Related outpatient physician care</li> <li>• Related diagnostic services</li> </ul>	<p>In-network: Nothing (no deductible)</p> <p>Out-of-network: Only the difference between our allowance and the billed amount (no deductible)</p>	<p>In-network: 20% of the Plan allowance</p> <p>Out-of-network: 20% of the Plan allowance and any difference between our allowance and the billed amount</p>
<p>If you receive care for your accidental injury within 72 hours, we cover outpatient medical services and supplies billed by an urgent care facility.</p>	<p>In-network: Nothing (no deductible)</p> <p>Out-of-network: Only the difference between our allowance and the billed amount (no deductible)</p>	<p>In-network: \$30; \$0 copay applies for the first two urgent care visits for children under 18, after which the \$30 copay applies (no deductible)</p> <p>Out-of-network: 40% of the Plan allowance and any difference between our allowance and the billed amount (calendar year deductible applies)</p>
<p>If you receive care for your accidental injury within 72 hours, we cover professional services of physicians in the physician's office.</p> <p>Note: Emergency room charges associated directly with an inpatient admission are considered "Other charges" under <i>Inpatient hospital</i> benefits in Section 5(c) and are not part of this benefit, even though an accidental injury may be involved. Expenses incurred after 72 hours, even if related to the accident, are subject to regular benefits and are not paid at 100%. This provision also applies to dental care required as a result of accidental injury to sound natural teeth. Masticating (chewing) incidents are not considered to be accidental injuries.</p>	<p>In-network: Nothing (no deductible)</p> <p>Out-of-network: Only the difference between our allowance and the billed amount (no deductible)</p>	<p>In-network: \$20 copayment for office visits to primary care providers; \$0 copay applies for the first primary care visit for children under 18, after which the \$20 copay applies (no deductible)</p> <p>\$35 copayment for office visits to specialists (no deductible)</p> <p>Out-of-network: 40% of the Plan allowance and any difference between our allowance and the billed amount</p>
<p>If you receive care for your accidental injury after 72 hours, we cover:</p> <ul style="list-style-type: none"> <li>• Non-surgical physician services and supplies</li> <li>• Surgical care</li> </ul> <p>Note: We pay hospital benefits if you are admitted.</p>	<p>In-network: 15% of the Plan allowance</p> <p>Out-of-network: 35% of the Plan allowance and any difference between our allowance and the billed amount</p>	<p>In-network: 20% of the Plan allowance</p> <p>Out-of-network: 40% of the Plan allowance and any difference between our allowance and the billed amount</p>

## Section 5(e). Mental Health and Substance Use Disorder Benefits

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Under the High and Standard Option, the calendar year deductible is \$350 per person (\$700 if enrollment is in Self Plus one or in Self and Family) if you use in-network providers; the calendar year deductible is \$700 per person (\$1,400 if enrollment is Self Plus One or Self and Family) if you use out-of-network providers. The calendar year deductible applies to almost all benefits in this Section. We added "(no deductible)" to show when the calendar year deductible does not apply.
- The out-of-network benefits are the standard benefits of this Plan. In-network benefits apply only when you use an in-network provider. When no in-network provider is available, out-of-network benefits apply.
- A High Option per admission copayment applies of \$100 (in-network) and \$300 (out-of-network) for inpatient hospital services.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- When you receive hospital observation services, we apply outpatient benefits to covered services for up to 48 hours. Inpatient benefits will apply only when your physician formally admits you to the hospital as an inpatient. It is your responsibility to ensure that we are contacted for precertification if you are admitted as an inpatient.
- **YOU MUST GET PRECERTIFICATION FOR ALL INPATIENT STAYS, RESIDENTIAL TREATMENT CENTERS AND INTENSIVE DAY TREATMENT UNLESS DUE TO A MEDICAL EMERGENCY. FAILURE TO PRECERTIFY THESE SERVICES WILL RESULT IN A FINANCIAL PENALTY.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification. Refer to requirements for covered facilities shown in Section 3. Penalties are not subject to the catastrophic limit.
- Outpatient mental health and/or substance use disorder treatment services such as Intensive Day Treatment, including Partial Hospital Services and Intensive Outpatient Treatment, must be precertified as well as various outpatient services such as applied behavioral analysis therapy and psychological testing. See Section 10, *Definitions*.
- We cover up to 16 tests for Urine Drug Testing (UDT) per person per calendar year.
- Note: Avoid paying providers for services prior to precertification. It is important to assure services are authorized and provided by a covered provider or facility.
- Medications may be available under the Prescription drug benefit and may require prior authorization. Specialty drugs obtained outside of the pharmacy benefit may be subject to additional cost share as outlined in Section 5(f), *Specialty drug benefits*.
- We will provide medical review criteria or reasons for treatment plan denials to enrollees, members or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan's clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

**Important things you should keep in mind about these benefits (continued):**

- If you enroll in GEHA’s High or Standard Option Plan and have Medicare Parts A and B as primary coverage, we offer a tailored Medicare Advantage (PPO) plan to our FEHB members in partnership with UnitedHealthcare (UHC). This plan enhances your GEHA coverage by reducing or eliminating cost-sharing for services and adding benefits at no additional cost. **It includes a Medicare Part B subsidy of \$100 per month for High Option and \$75 per month for Standard Option.** GEHA's custom designed Medicare Advantage (PPO) plan is subject to Medicare rules. See Section 9, *Coordinating Benefits with Medicare and Other Coverage*.

Benefits Description	You pay After the calendar year deductible...	
<p>Note: The calendar year deductible applies to almost all benefits in this Section. We say “(no deductible)” when it does not apply.</p>		
Professional services	High Option	Standard Option
We cover professional services by licensed professional mental health and substance use disorder treatment practitioners when acting within the scope of their license, such as psychiatrists, psychologists, clinical social workers, licensed professional counselors, marriage and family therapists.	Your cost-sharing responsibilities are no greater than for other illnesses or conditions.	Your cost-sharing responsibilities are no greater than for other illnesses or conditions.
<p>Diagnosis and treatment of behavioral health conditions including psychiatric conditions, mental illness or disorders, and substance use disorders. Services include:</p> <ul style="list-style-type: none"> <li>• Diagnostic evaluation</li> <li>• Crisis intervention and stabilization for acute episodes</li> <li>• Medication evaluation and management (pharmacotherapy)</li> <li>• Treatment and counseling (including individual, group or in-home therapy visits)</li> <li>• Diagnosis and treatment of substance use disorders, including detoxification, treatment and counseling</li> <li>• Professional charges for intensive day treatment in a provider’s office or other professional setting (requires preauthorization)</li> <li>• Telehealth visit provided by a health care provider other than MDLIVE</li> </ul> <p>Note: For additional telehealth benefits see Telehealth with MDLIVE below.</p>	<p>In-network: \$20 copayment per office visit (no deductible)</p> <p>Out-of-network: 35% of the Plan allowance and any difference between our allowance and the billed amount</p>	<p>In-network: \$20 copayment per office visit; \$0 copay applies for the first primary care visit for children under 18, after which the \$20 copay applies (no deductible)</p> <p>Out-of-network: 40% of the Plan allowance and any difference between our allowance and the billed amount</p>

## Section 5(f). Prescription Drug Benefits

### Important things you should keep in mind about these benefits:

- We use a formulary drug list that excludes coverage for certain medications unless we determine they are medically necessary. Refer to [www.geha.com](http://www.geha.com) for a list of drugs that require preauthorization for medical necessity.
- Your benefit includes the Advanced Control Specialty Formulary (ACSF); please see *CVS Caremark Formulary* for additional information.
- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Some medications must be approved by GEHA and/or CVS Caremark, our Pharmacy Benefit Manager, before they are a covered benefit. Your prescribers must obtain preauthorizations for certain prescription drugs and supplies before coverage applies. Medication may be limited as to its quantity, total dose, duration of therapy, age, gender or specific diagnosis. GEHA's preauthorization process may include step therapy which requires you to use a generic/preferred medication(s) before a non-preferred medication is covered. Preauthorizations must be renewed periodically.
- There is no calendar year deductible for prescription drugs processed under the prescription benefit. Copayments and coinsurance for prescription drugs go toward the annual out-of-pocket limit except for the difference between the cost of the generic and brand name medication.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- If you need an extra supply of medications in emergency situations such as if you are called to active military duty or as a part of the government's continuity of operations, you may receive an extra 30-day supply at retail or if you received a 90-day supply of a specific medication within the last thirty days, arrangements can be made for an additional 60 days to be dispensed through CVS Caremark Mail Service Pharmacy. Call GEHA Customer Service at 800-821-6136 so we can work with you to find the most cost effective and efficient manner of meeting your emergency prescription needs.
- Each new enrollee will receive a description of our prescription drug program, a combined prescription drug/plan identification card, and a mail order form.
- As part of our administration of prescription drug benefits, we may disclose information about your prescription drug utilization, including names of your prescribing physicians, to any treating physician or dispensing pharmacies.
- CVS Specialty Pharmacy is the exclusive provider for specialty medications. You may contact the Specialty Pharmacy at 800-237-2767.
- **Federal Law prohibits the return of prescription medications.** Medication cannot be returned to CVS Caremark or retail pharmacies and you will be responsible for the cost. Be sure to check the cost of your medication before filling the prescription.
- Refills cannot be obtained until **80%** of the drug has been used. Next available refill date may be provided, however the date is an estimate. Cumulative "refill too soon" logic also applies, which looks back at prescription history and considers the amount of medication on hand. Refills for maintenance medications are not considered new prescriptions except when the doctor changes the strength or the prescription has expired.
- Recurring oral non-specialty and specialty medications must be obtained through the pharmacy benefit. Medications will not be covered when dispensed by other sources, including physician offices, home health agencies and outpatient hospitals.

### Important things you should keep in mind about these benefits (continued):

- Select specialty therapies are included in the Starter Fill Program. For these medications, you will receive a 14 or 15-day supply for the first 2 months of therapy. Your coinsurance will be prorated based on the days of therapy.
- Benefits for certain self-injectable (self-administered) drugs are available for coverage only when dispensed by a pharmacy, under the pharmacy benefit.
- Some specialty and non-specialty medications may not be available in a 30-day supply; your coinsurance will be based on days of therapy.
- If you enroll in GEHA's High or Standard Option Plan and have Medicare Parts A and B as primary coverage, we offer a tailored Medicare Advantage (PPO) plan to our FEHB members in partnership with UnitedHealthcare (UHC). This plan enhances your GEHA coverage by reducing or eliminating cost-sharing for services and adding benefits at no additional cost. **It includes a Medicare Part B subsidy of \$100 per month for High Option and \$75 per month for Standard Option.** GEHA's custom designed Medicare Advantage (PPO) plan is subject to Medicare rules. See Section 9, *Coordinating Benefits with Medicare and Other Coverage*.

### Prescription drug benefits

#### There are important features you should be aware of. These include:

- **Drug coupon/copay cards:** We do not honor or coordinate benefits with drug coupon/copay cards. You are responsible for your copay or coinsurance as indicated in this brochure.
- **Who can write your prescription:** A licensed physician or dentist, and in states allowing it, licensed or certified physician assistant, nurse practitioner or psychologist must prescribe your medication. In addition, your mailing address must be within the United States or include an APO address.
- **Where you can obtain them:** You may fill the prescription at a participating network retail pharmacy, CVS Caremark Mail Service Pharmacy, or through a non-network pharmacy. We pay a higher level of benefits when you use a network pharmacy.
- **How to obtain preauthorization:** If you are filling a medication requiring a preauthorization for medical necessity please call 855-240-0536. At Mail, CVS Caremark will conduct the preauthorization for medical necessity review.
- **Your benefit includes the Advanced Control Specialty Formulary (ACSF);** please see *CVS Caremark Formulary* for additional information.
- **Our prescription benefit may include step therapy.** GEHA's preauthorization process may include step therapy which requires you to use a generic/preferred medication(s) before a non-preferred medication is covered. If you are filling a non-preferred medication and have already tried the generic/preferred medication(s), the non-preferred medication will be dispensed for the applicable plan copayment. When you try to fill a non-preferred medication and you have not tried the generic/preferred medication(s), the pharmacist will contact your physician to notify them of the generic/preferred alternative. If the physician approves, a generic/preferred medication will be dispensed for the applicable plan copayment. If the physician does not approve, a preauthorization review will be initiated to determine the medical necessity of the non-preferred drug. Unless there are documented clinical reasons why you cannot take the generic/preferred drug, you may still obtain the non-preferred drug but you will be responsible for 100% of the cost, which will not apply to your annual out-of-pocket maximum. If the preauthorization for the non-preferred medication is approved, you will be responsible for the applicable plan copayment.
- **Compound Medication:** A compound drug is a medication made by combining, mixing or altering ingredients in response to a prescription, to create a customized drug that is not otherwise commercially available. Some ingredients often found in compounds including, but not limited to, over-the-counter (OTC) products, experimental or investigational agents, bulk powders, bulk chemicals, and certain bases, are not covered through the prescription benefit. Coverage for other ingredients commonly found in compound prescriptions may also require preauthorization before coverage is allowed.

*Prescription drug benefits - continued on next page*

**Prescription drug benefits (cont.)**

CVS Caremark Mail Service Pharmacy can compound some medications. When a claim is submitted for online processing or direct reimbursement of a compound medication, the pricing is based on the contractual discounts plus a professional fee and any applicable sales tax. Pharmacies must submit all ingredients in a compound prescription as part of the claim for both online claims and paper claim submissions. At least one of the ingredients in the compound prescription claim must require a physician's prescription in order to be covered by the Plan. You are responsible for the appropriate brand name or generic copay or coinsurance based on the compound ingredients. Preauthorization may be required. Experimental or investigational drugs are not FDA approved and are not covered by GEHA. If the compound includes an experimental or investigational drug, the compound will not be covered.

If the mail order pharmacy cannot accommodate your prescription, please consult a participating retail pharmacy. Ask the pharmacist to submit your claim electronically or online. If the retail pharmacy is unable to submit the compound medication claim electronically to CVS Caremark, you will pay the full cost of the medication and submit the claim for reimbursement. Make sure the pharmacy provides a list of the National Drug Codes (NDCs), quantity and cost for every ingredient in the compound medication and include this information on your claim. Compound medications are limited to a 30-day supply. The only exceptions for filling greater than a 30-day supply are through CVS Caremark Mail Service Pharmacy, CVS Pharmacy or Standard Option members may use a CVS Caremark Extended Day Supply (EDS) network pharmacy. Please confirm your compounding pharmacy meets this requirement or contact CVS Caremark at 844-443-4279 prior to filling the prescription. Mail the claim to CVS Caremark, PO Box 52136, Phoenix, AZ 85072-2136 or submit for reimbursement online via Caremark web portal ([www.caremark.com](http://www.caremark.com)) or Caremark mobile app (available for Android and Apple). Claim calculations, copayments, and reimbursement for direct claims is performed using an industry standard reimbursement method for compounds.

**Covered medications and supplies**

You may purchase the following medications and supplies prescribed by a physician from either a pharmacy or by mail:

- Drugs and medications (including those administered during a non-covered admission or in a non-covered facility) that by Federal Law of the United States require a physician's prescription for their purchase, except those listed as *not covered*;
- FDA approved contraceptive drugs and devices for women;
- Diabetic medications and supplies, such as:
  - Insulin;
  - Needles and syringes for the administration of covered medications;
  - Blood glucose meter - provided at no charge by the manufacturer, through the CVS Caremark Mail Service Pharmacy, call 877-418-4746;
- Drugs to treat gender dysphoria (gonadotropin-releasing hormone (GnRH) antagonists and testosterone);
- Drugs associated with artificial insemination and/or drugs associated with up to 3 cycles of in vitro fertilization (IVF) treatment. Prior authorization is required;
- Medications prescribed to treat obesity. Prior authorization is required;
- Prenatal vitamins for pregnant women;
- Covered ostomy supplies (please include the manufacturer's product number to ensure accurate fill of the product).

**High Option and Standard Option Prescription Drug Tiers**

Under the **High Option and Standard Option**, we divide prescription drugs into categories or tiers: generic, preferred, and non-preferred medications. Please note specialty medications can be considered either preferred or non-preferred. When an approved generic equivalent is available, that is the drug you will receive, unless you or your physician specifies the prescription must be dispensed as written. When an approved generic equivalent is not available, you will pay the preferred or non-preferred applicable plan coinsurance. If an approved generic equivalent is available, but you or your physician specifies that the prescription must be dispensed as written with the brand name medication, you will pay the generic copayment plus the difference between the cost of the generic drug and the brand name drug dispensed. Your physician may request the brand name drug be approved through a medical necessity review. If your brand name drug is approved as medically necessary, your coinsurance will be the applicable brand name coinsurance.

*High Option and Standard Option Prescription Drug Tiers - continued on next page*

### High Option and Standard Option Prescription Drug Tiers (cont.)

**Generic drugs** are chemically and therapeutically equivalent to the corresponding brand name drug but are available at a lower price. Equivalent generic products for brand name medications become available after a patent and other exclusivity rights for the brand name expire. The Food and Drug Administration (FDA) must approve all generic versions of a drug and assure that they meet strict standards for quality, strength and purity. The FDA requires that generic equivalent medications contain the same active ingredients and be equivalent in strength and dosage to brand name drugs.

**Preferred drugs** are FDA approved prescription medications included on the Preferred Drug List developed by CVS Caremark. This list is developed by an independent panel of doctors and pharmacists who ensure the medications are clinically appropriate and cost-effective. Selection criteria sources include but are not limited to peer-reviewed literature, recognized compendia, consensus documents, nationally sanctioned guidelines and other publications of the National Institutes of Health, Agency for Healthcare Research and Quality, and other organizations or government agencies, drug labeling approved by the FDA, and input from medical specialty practitioners.

**Non-Preferred drugs** are FDA approved prescription medications that are covered by GEHA, however they are not included on the CVS Caremark Preferred Drug List. Most commonly utilized non-preferred medications have generic or preferred medications available.

### High Option Maintenance Choice

**Maintenance Choice®** lets you choose how to get 90-day supplies of your maintenance medications: through mail service or at a retail CVS Pharmacy. Either way, you pay mail service prices for 90-day supplies. After two retail 30-day prescription fills, members are required to use their mail service benefit. With the Maintenance Choice program, members can continue to use retail CVS Pharmacy locations to gain access to a 90-day supply while accessing the mail order coinsurance under your plan. Maintenance Choice also allows members the ability to have their prescription transferred from the mail order service to a retail CVS Pharmacy location if the member wants the experience of talking with pharmacy staff in person. If a member would like to get started with mail service for the first time, they can call the CVS Caremark Fast Start program and CVS Caremark will work with their physician to acquire a 90-day supply prescription to be filled through either the CVS Caremark Mail Service Pharmacy or their local retail CVS Pharmacy. The CVS Caremark Fast Start program can be reached at 800-875-0867 or members can sign in or register at [www.caremark.com](http://www.caremark.com) once their plan year begins.

### CVS Caremark Formulary

Your prescription drug program includes use of the CVS Caremark Formulary which is developed by an independent panel of doctors and pharmacists who ensure the medications are clinically appropriate and cost-effective. Formularies are reviewed quarterly and medications may change formulary status. You will receive notification if your cost share increases due to a formulary change. In an effort to continue to help promote affordable and clinically appropriate products, there are a select number of drugs that are excluded from the formulary and not covered by the Plan. For these drugs, generics and/or alternative medications in the same drug class are readily available. If one of these excluded drugs is medically necessary, a preauthorization for medical necessity is required. We do not cover excluded drugs unless we determine the medical necessity to treat a medical condition based on objective clinical data. New drugs and supplies may be added to the list as they are introduced and may require medical necessity review until the formulary status is determined. Please refer to our website at [www.geha.com](http://www.geha.com) or call CVS Caremark at 844-4-GEHARX or 844-443-4279 for a list of excluded medications and/or formulary alternatives covered by the Plan.

Our benefit includes the Advanced Control Specialty Formulary (ACSF). The ACSF may reduce your out-of-pocket costs yet may limit your options due to a strict formulary. The ACSF focuses on specialty medications that are very similar to one another, with similar effectiveness and safety. The formulary incorporates step therapy, where a generic/preferred medication is used prior to a non-preferred medication. The ACSF is reviewed quarterly and medications may change formulary status including preferred to non-preferred and non-preferred to preferred. Impacted members will be notified of the change at least 60 days in advance. If the formulary change will lower your cost share for the medication(s), you have the option to speak with your doctor about a prescription for the lower cost alternative. Please visit our website at [www.geha.com](http://www.geha.com) to view the most current list of specialty drugs. You may also call CVS Specialty at 800-237-2767.

*CVS Caremark Formulary - continued on next page*

---

**CVS Caremark Formulary (cont.)**

---

**Specialty category examples include:** Acromegaly, Alcohol/Opioid Dependency, Allergic Asthma, Alpha-1 Antitrypsin Deficiency, Anemia, Cardiac Disorders, Central Precocious Puberty (CPP), Cryopyrin-Associated Periodic Syndromes, Cushing's Syndrome, Cystic Fibrosis, Dupuytren's Contracture, Electrolyte Disorder, Gastrointestinal Disorders-Other, Gout, Growth Hormone and Related Disorders, Hematopoietics, Hemophilia, Von Willebrand Disease and Related Bleeding Disorders, Hepatitis, Hereditary Angioedema, HIV Medications, Hormonal Therapies, Immune Deficiencies and Related Disorders, Immune (Idiopathic) Thrombocytopenic Purpura, Infectious Disease, Inflammatory Bowel Disease, Iron Overload, Lipid Disorders, Lysosomal Storage Disorders, Movement Disorders, Multiple Sclerosis, Muscular Dystrophy, Neuromuscular Disorders, Neutropenia, Oncology—Injectable, Oncology—Oral/Topical, Osteoporosis, Paroxysmal Nocturnal Hemoglobinuria, Phenylketonuria, Pre-Term Birth, Psoriasis, Pulmonary Arterial Hypertension, Renal Disease, Respiratory Syncytial Virus, Retinal Disorders, Rheumatoid Arthritis, Seizure Disorders, Systemic Lupus Erythematosus, Transplant and Urea Cycle Disorders

Changes to the formulary are not considered benefit changes.

Your physician may be contacted to discuss your prescriptions for drugs that are excluded by the Plan's formulary. No change in the medication prescribed will be made without your physician's approval.

**Any rebates or savings received by the Plan on the cost of drugs purchased under this Plan from drug manufacturers are credited to the health plan and are used to reduce healthcare costs. Changes to the formulary are not considered benefit changes.**

---

**Coordinating with other drug coverage**

---

**For other commercial coverage:** If you also have drug coverage through another group health insurance plan and we are your secondary insurance, follow these procedures:

If you obtain your prescription from a retail pharmacy using your primary insurance plan:

1. Present prescription ID cards from both your primary insurance plan and GEHA.
2. If able, the pharmacy will electronically process both your primary and secondary claims and the pharmacist will tell you if you have any remaining copay/coinsurance to pay.
3. If the pharmacy cannot electronically process the secondary claim, purchase your prescription using the prescription ID card issued by your primary insurance carrier and pay any copay/coinsurance required by the primary insurance. Then, mail your pharmacy receipt and primary Explanation of Benefits (EOB) to CVS Caremark for consideration of possible reimbursement through your GEHA, secondary benefit. Submit these claims to CVS Caremark, PO Box 52136, Phoenix, AZ 85072-2136 or submit for reimbursement online via Caremark web portal ([www.caremark.com](http://www.caremark.com)) or Caremark mobile app (available for Android and Apple).

If you obtain your prescription from a mail service pharmacy using your primary insurance plan, your GEHA reimbursement will be based on the GEHA retail Plan benefit:

1. Purchase your prescription using the prescription ID card issued by your primary insurance carrier and pay any copay/coinsurance required by the primary insurance.
  2. Then, mail your pharmacy receipt and primary EOB to CVS Caremark for consideration of possible reimbursement through your GEHA, secondary benefit. Submit these claims to CVS Caremark, PO Box 52136, Phoenix, AZ 85072-2136 or submit for reimbursement online via Caremark web portal ([www.caremark.com](http://www.caremark.com)) or Caremark mobile app (available for Android and Apple).
- 

*Coordinating with other drug coverage - continued on next page*

### Coordinating with other drug coverage (cont.)

If your primary insurance does not provide a prescription ID card:

1. Purchase your drug from the pharmacy and submit the bill to your primary insurance.
2. When the primary insurance has made payment, file the claims and the primary EOB with CVS Caremark for consideration of possible reimbursement using your secondary benefit. Submit these claims to CVS Caremark, PO Box 52136, Phoenix, AZ 85072-2136 or submit for reimbursement online via Caremark web portal ([www.caremark.com](http://www.caremark.com)) or Caremark mobile app (available for Android and Apple).

In any event, if you use GEHA's plan ID card when another insurance plan is primary, you will be responsible for reimbursing GEHA any amount in excess of our secondary benefit. If another insurance plan is primary, you should use their drug benefit.

When coordination of benefits apply, reimbursement is based on GEHA's retail Plan allowable benefit. Our secondary and tertiary claim payment is the lesser of:

- what GEHA would have paid in the absence of other primary coverage, or
- the balance due after the primary carrier's payment.

Note: GEHA secondary and tertiary member responsibility could be higher than GEHA's primary copay/coinsurance, depending upon the primary plan's allowable and the primary payment.

Should Medicare rules change on prescription drug coverage, we reserve the right to require you to use your Medicare coverage as the primary insurance for these drugs.

**For Medicare Part B insurance coverage:** If Medicare Part B is primary, discuss with the retail pharmacy and/or CVS Caremark the options to submit Medicare covered medications and supplies to allow Medicare to pay as the primary carrier. Prescriptions typically covered by Medicare Part B include diabetes supplies (test strips, meters), specific medications used to aid tissue acceptance from organ transplants, certain oral medications used to treat cancer, and ostomy supplies.

Retail - When using a retail pharmacy for eligible Medicare Part B medication or supplies, present the Medicare ID card. Request the retail pharmacy bill Medicare as primary. Most independent pharmacies and national chains are Medicare providers. To locate a retail pharmacy that is a Medicare Part B participating provider, visit the Medicare website at [www.medicare.gov/supplier/home.asp](http://www.medicare.gov/supplier/home.asp) or call Medicare Customer Service at 800-633-4227.

Mail Order - To receive your Medicare Part B-eligible medications by mail, send your mail-order prescriptions to CVS Caremark. The CVS Caremark Mail Service Pharmacy will review the prescriptions to determine whether it could be eligible for Medicare Part B coverage and submit to Medicare if appropriate. Please note, the CVS Caremark Mail Service Pharmacy is not a Medicare Part B provider for diabetic supplies. You must use a retail pharmacy willing to bill Medicare as primary for diabetic supplies.

**For Medicare Part D insurance coverage:** GEHA supplements the coverage you get with your Medicare Part D prescription drug plan. Your Medicare drug plan provides your primary prescription drug benefit. GEHA provides your secondary prescription drug benefit. To ensure that you maximize your benefits, use a pharmacy in network for both the GEHA Plan and your Medicare Part D plan, and provide both the plan ID cards when filling a prescription allowing the pharmacy to coordinate coverage on your behalf.

### Patient Safety

GEHA has several programs to promote patient safety. Through these programs, we work to ensure safe and appropriate quantities of medication are being dispensed. The result is improved care and safety for our members. Patient safety programs include:

- Preauthorization – Approval must be obtained for certain prescription drugs and supplies before providing benefits for them.
- Quantity allowances – Specific allowances are in place for certain medications, based on manufacturer and FDA recommended guidelines.
- Pharmacy utilization – GEHA reserves the right to maximize your quality of care as it relates to the utilization of pharmacies.

GEHA will participate in other approved managed care programs, as deemed necessary, to ensure patient safety.

---

**How to use participating network retail pharmacies**

---

You may fill your prescription at any participating retail pharmacy. To locate participating pharmacies, call CVS Caremark at 844-4-GEHARX or 844-443-4279 or visit [www.caremark.com](http://www.caremark.com). To receive maximum savings you must present your plan ID card at the time of each purchase, and your enrollment information must be current and correct. In most cases, you simply present the plan ID card together with the prescription to the pharmacist.

---

**How to use CVS Caremark Mail Service Pharmacy**

---

Through this service, you may receive up to a 90-day supply per prescription of maintenance medications for drugs which require a prescription, ostomy supplies, diabetic supplies and insulin, syringes and needles for covered injectable medications, and oral contraceptives. Some medications may not be available in a 90-day supply from CVS Caremark Mail Service Pharmacy even though the prescription is for 90 days. Although insulin, syringes, diabetic supplies and ostomy supplies do not require a physician's prescription, to obtain through CVS Caremark Mail Service Pharmacy you should obtain a prescription (including the product number for ostomy and insulin pump supplies) from your physician for a 90-day supply.

Some medications may require approval by CVS Caremark or GEHA. Not all drugs are available through CVS Caremark. In order to use CVS Caremark Mail Service Pharmacy, your prescriptions must be written by a licensed prescriber in the United States. In addition, your mailing address must be within the United States or include an APO address.

---

To order new prescriptions, ask your physician to prescribe needed medication for up to a 90-day supply, plus refills, if appropriate. Complete the information on the Ordering Medication Form found at [www.geha.com/Medication](http://www.geha.com/Medication); enclose your prescription and the correct copayment.

Under regular circumstances, you should receive your medication within approximately 14 days from the date you mail your prescription. You will also receive reorder instructions. If you have any questions or need an emergency consultation with a registered pharmacist, you may call CVS Caremark at 844-4-GEHARX or 844-443-4279 available 24 hours a day, 7 days a week. Forms necessary for refills will be provided each time you receive a supply of medication.

**Mail to:**

CVS Caremark  
PO Box 659541  
San Antonio, TX 78265-9541

**Fax:** You can ask your physician to fax your prescriptions to CVS Caremark Mail Service Pharmacy. To do this, provide your physician with your ID number (located on your ID card) and ask him or her to fax the prescription to the CVS Caremark Mail Service Pharmacy fax number: 800-378-0323.

**Electronic transmission:** You can ask your physician to transmit your prescriptions electronically to CVS Caremark Mail Service Pharmacy.

**Refilling your medication:** To be sure you never run short of your prescription medication, you should re-order on or after the estimated refill date or when you have approximately 18 days of medication left.

**To order by phone:** Call Member Services at 844-4-GEHARX or 844-443-4279. Have your prescription bottle with the prescription information ready.

**To order by mail:** Simply mail the GEHA Mail Order Form and copayment to CVS Caremark, PO Box 659541, San Antonio, TX 78265-9541.

**To order online:** Go to [www.caremark.com](http://www.caremark.com).

**Specialty drug benefits**

CVS Specialty Pharmacy is the exclusive provider for specialty medications. CVS Specialty Pharmacy provides not only your specialty medications, but also personalized pharmacy care management services. If you have questions, visit [www.CVSSpecialty.com](http://www.CVSSpecialty.com) or call Specialty Customer Care at 800-237-2767.

Specialty medications are certain pharmaceuticals which may be biotech or biological drugs. Specialty medications are oral, injectable or infused, and/or may require special handling. To maximize patient safety, most specialty medications require preauthorization. These drugs are used in the treatment of complex, chronic medical conditions which include but are not limited to hemophilia, multiple sclerosis, hepatitis, cancer, rheumatoid arthritis, pulmonary hypertension, transplant, HIV, osteoarthritis, and immune deficiency. If you are new to select specialty therapies (i.e.: oral oncology, hepatitis B, Parkinson’s disease psychosis and hematological disorders), you will receive a 14 or 15-day supply for the first 2 months of therapy. Your coinsurance will be prorated. If you continue on this therapy, you may receive up to a 30-day supply of the medication.

Your benefit includes the Advanced Control Specialty Formulary (ACSF); please see *CVS Caremark Formulary* for additional information. Most specialty drugs require preauthorization. See “How to obtain preauthorization” under *Prescription drug benefits*. For certain specialty therapies, you are required to use the generic unless your physician demonstrates medical necessity for the brand.

Outpatient, non-surgical cancer treatments require preauthorization. You or your provider need to call us at 800-821-6136 or visit [www.geha.com](http://www.geha.com).

**Section 5(g). Dental Benefits**

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- **If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB plan will be First/Primary payor of any Benefit payments and your FEDVIP plan is secondary to your FEHB plan. See Section 9, *Coordinating benefits with Medicare and Other Coverage*.**
- There is no calendar year deductible for dental benefits.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- Note: We cover hospitalization for dental procedures only when a non-dental physical impairment exists, which makes hospitalization necessary to safeguard the health of the patient. We do not cover the dental procedure. See Section 5(c) for *Inpatient hospital benefits*.
- If you enroll in GEHA’s High or Standard Option Plan and have Medicare Parts A and B as primary coverage, we offer a tailored Medicare Advantage (PPO) plan to our FEHB members in partnership with UnitedHealthcare (UHC). This plan enhances your GEHA coverage by reducing or eliminating cost-sharing for services and adding benefits at no additional cost. **It includes a Medicare Part B subsidy of \$100 per month for High Option and \$75 per month for Standard Option.** GEHA's custom designed Medicare Advantage (PPO) plan is subject to Medicare rules. See Section 9, *Coordinating Benefits with Medicare and Other Coverage*.

**Accidental injury benefit**

We cover restorative services and supplies necessary to promptly repair sound natural teeth. The need for these services must result from an accidental injury. The repair of accidental injury to sound natural teeth includes but is not limited to, expenses for X-rays, drugs, crowns, bridgework, inlays, and dentures. We do not cover oral implants and transplants. Masticating (biting or chewing) incidents are not considered to be accidental injuries. Accidental dental injury is covered at 100% for charges incurred within 72 hours of an accident under the High Option. Services incurred after 72 hours are paid at regular Plan benefits.

**Section 5(h). Wellness and Other Special Features**

Special features	Description
<p><b>Flexible benefits option</b></p>	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> <li>• We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue.</li> <li>• Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process.</li> <li>• By approving an alternative benefit, we do not guarantee you will get it in the future.</li> <li>• The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits.</li> <li>• If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request.</li> <li>• Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).</li> </ul>
<p><b>Services for deaf and hearing impaired</b></p>	<p>TTY service is available at 800-821-4833 for members who are hearing impaired.</p>
<p><b>Medicare Premium Reimbursement for High Option members enrolled in both Medicare Parts A and B</b></p>	<p>High Option members enrolled in both Medicare Part A <i>and</i> Part B are eligible to be reimbursed up to \$1,000 per calendar year for their Medicare Part B premium payments. For more information on how to get reimbursement for your paid Medicare Part B premiums, please visit <a href="http://www.geha.com">www.geha.com</a> or call 800-821-6136.</p>
<p><b>Health Rewards/Health Assessment</b></p>	<p>Earn rewards for healthy actions with GEHA’s Health Rewards program. Total annual rewards are limited to \$250 each for the subscriber and covered spouse. Maximum reward amounts are not guaranteed. Rewardable activities include, but may not be limited to, the following:</p> <ul style="list-style-type: none"> <li>• Health assessment (must complete to be eligible for additional rewards)</li> <li>• Preventive cancer screenings (Cervical, Colorectal, and Breast)</li> <li>• Annual physical</li> <li>• Health and Wellness Webinars</li> </ul> <p>Members will be issued a rewards account with a reloadable debit card, which can be used for eligible medical expenses.</p> <p><b>For detailed information about eligibility requirements, how to access the health assessment and all available rewards, visit <a href="http://www.geha.com/HealthRewards">www.geha.com/HealthRewards</a>.</b></p> <p>Please note that if you enroll in the GEHA Medicare Advantage Plan with UnitedHealthcare, you are not eligible for the GEHA Health Rewards program.</p>

Special features	Description
<p><b>QuestSelect</b></p>	<p>The QuestSelect Program gives you and your covered dependents the option of receiving 100% covered outpatient laboratory testing.</p> <p>QuestSelect is an optional program for members enrolled in the Standard Option. If you choose not to use QuestSelect, you will not be penalized. You will simply pay the deductible, coinsurance or copay portion of your lab work.</p> <p>QuestSelect does not replace your current healthcare benefits; it simply gives you and your dependents the option of receiving 100% coverage for outpatient laboratory testing.</p> <p>Please Note: You must show your QuestSelect card each time you obtain lab work whether in the physician’s office or collection site. This benefit applies to expenses for lab tests only. Related expenses for services by a physician (or lab tests performed by an associated laboratory not participating in the QuestSelect Program) are subject to applicable deductibles and coinsurance.</p> <p>QuestSelect covers most outpatient laboratory testing included in your health insurance plan, provided the tests have been ordered by a physician and you have asked for the QuestSelect benefit and shown your QuestSelect card. Outpatient lab work includes blood testing (e.g., cholesterol, CBC), urine testing (e.g., urinalysis), cytology and pathology (e.g., pap smears, biopsies), and cultures (e.g., throat culture).</p> <p>QuestSelect does not cover: Lab work ordered during hospitalization, lab work needed on an emergency (STAT) basis and time sensitive, esoteric outpatient laboratory testing such as fertility testing, bone marrow studies and spinal fluid tests, non-laboratory work such as mammography, X-ray, imaging and dental work.</p>
<p><b>High risk pregnancies</b></p>	<p>GEHA makes various maternity resources available to you or your covered dependent. Visit <a href="http://www.geha.com/Maternity">www.geha.com/Maternity</a> to order your packet on pregnancy and prenatal care.</p>
<p><b>24-hour Nurse Advice Line</b></p>	<p>Call the GEHA 24-hour Nurse Advice Line number 888-257-4342 and speak with a registered nurse – any time, 24 hours a day. The nurse can help you understand your symptoms and determine appropriate care for your needs.</p> <p>The 24-hour Nurse Advice Line allows you to conveniently manage your symptoms and treatment anywhere you have access to a phone.</p>
<p><b>Telehealth</b></p>	<p>Telehealth is available at a reduced cost through MDLIVE. Go to <a href="https://members.mdlive.com/geha-callmd/">https://members.mdlive.com/geha-callmd/</a> or call 888-912-1183 to access on demand, affordable, high-quality care for adults and children experiencing non-emergency medical issues, including treatment of minor acute conditions (see Section 10 for definition), dermatology conditions (see Section 10 for definition) and counseling for mental health and substance use disorder.</p> <p>Note: This benefit is available at reduced cost only through the MDLIVE contracted telehealth provider network.</p> <p>Note: Practitioners must be licensed in the state where the patient is physically located at the time services are rendered.</p>
<p><b>Obesity screening and management</b></p>	<p>GEHA offers a number of services and tools for weight management.</p> <ul style="list-style-type: none"> <li>• BMI calculation through on-line health risk assessment</li> <li>• Nutrition counseling (see <i>Educational Classes and Programs</i>, Section 5(a))</li> <li>• Behavior change programs with coaching for members who qualify</li> <li>• Discounts for gym memberships and other services through Connection Fitness</li> <li>• Bariatric surgery, when medically necessary. Bariatric surgery must be preauthorized.</li> </ul>
<p><b>Personal Health Record</b></p>	<p>Our Personal Health Record helps you track health conditions, allergies, medications and more. This program is voluntary and confidential.</p>

Special features	Description
<b>Value Added Programs and Services</b>	GEHA offers a number of programs and services to members to assist with special conditions and needs. Members with these conditions or needs can work with health professionals, such as a nurse or health coach. Visit <a href="http://www.geha.com">www.geha.com</a> for a list of programs, program criteria, and contact information.
<b>Family Planning Care Program</b>	<p>GEHA Care Management resources and guidance are available to assist members or covered dependents through the infertility process. Visit <a href="http://www.geha.com/FamilyPlanning">www.geha.com/FamilyPlanning</a>.</p> <p>Note: Infertility coverage is limited. See Section 5(a), <i>Infertility services</i> for covered services.</p>
<b>Preconception Program</b>	GEHA Care Management resources and guidance are available to members or covered dependents who are considering a future pregnancy and want to optimize their own health and well-being prior to conception. Visit <a href="http://www.geha.com/Preconception">www.geha.com/Preconception</a> .

## Non-FEHB Benefits Available to Plan Members

The benefits in this Section are not part of the FEHB contract or premium, **and you cannot file an FEHB disputed claim about them.** Fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information contact the Plan at 800-821-6136 or visit their website at [www.geha.com](http://www.geha.com).

### **Connection Hearing® powered by TruHearing® - 844-224-2711 - [www.TruHearing.com](http://www.TruHearing.com)**

GEHA members save 30% to 60% off the average retail price of hearing aids with TruHearing, making it affordable to address your unique hearing needs. GEHA also offers you a hearing aid allowance of \$2,500 (see the Hearing Services section of this brochure). You can apply your allowance to the cost of hearing aids through TruHearing to further minimize your out-of-pocket cost. TruHearing will submit the claim on your behalf, and you will only be responsible for charges in excess of your allowance.

### **Connection Vision® powered by EyeMed® - 877-808-8538 - [www.geha.com/Vision](http://www.geha.com/Vision)**

Free to all GEHA High or Standard Plan members, you receive vision exam coverage for no additional premium. Through Connection Vision powered by EyeMed, you and your covered family members each pay only \$5 for an annual routine eye exam when you use an EyeMed participating provider. Or, if you seek services from a non-participating provider, you can be reimbursed up to \$45 for your annual eye exam. You also receive discounts on lenses and frames.

### **Connection Fitness® powered by Active - 800-821-6136 - [www.geha.com/Fitness](http://www.geha.com/Fitness)**

GEHA promotes healthy lifestyles and fitness activities. All GEHA health plan members can take advantage of our Connection Fitness program including discounts on gym memberships, access to online tools, and activity tracking. Access to more than 12,200 nationwide participating fitness centers and more than 9,700 digital workout videos for a minimal monthly fee (plus a small, one-time enrollment fee and applicable taxes).

### **Connection Dental® - 800-296-0776 - [www.geha.com](http://www.geha.com)**

Free to all GEHA health plan members, Connection Dental® can reduce your costs for dental care. Connection Dental is a network of more than 190,000 provider locations nationwide. Participating providers have agreed to limit their charges to reduced fees for GEHA health plan members. To find a participating Connection Dental provider in your area, call 800-296-0776 or visit [www.geha.com](http://www.geha.com).

### **CONNECTION Dental Plus® - 888-434-2988 - [www.geha.com/CDPlus](http://www.geha.com/CDPlus)**

Available for an additional premium, Connection Dental *Plus*® is a supplemental dental plan that pays benefits for a wide variety of procedures. Enrollment is open year-round to all current and former Federal employees, retirees and annuitants, including those who are not members of the GEHA health plan. Parents can cover their unmarried dependent children up to their 26<sup>th</sup> birthday in this Plan.

### **Smile Brilliant® - 855-944-8361 - [www.smilebrilliant.com/geha](http://www.smilebrilliant.com/geha)**

GEHA members save up to 70% off a premium electric toothbrush by cariPRO® and 20% off of the lowest-published price for professional teeth-whitening. Smile Brilliant's custom-fitted trays, teeth whitening gel and desensitizing gel can be ordered online at [www.smilebrilliant.com/geha](http://www.smilebrilliant.com/geha).

---

## Section 6. General Exclusions - Services, Drugs and Supplies We Do Not Cover

---

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. Although we may list a specific service as a benefit, we will not cover it unless we determine it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining preauthorization for specific services, such as transplants, see Section 3 *How you get care*.

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan.
- Services, drugs, or supplies not medically necessary.
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice.
- Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants).
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.
- Services, drugs, or supplies related to sexual dysfunction or sexual inadequacy.
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.
- Services or supplies for which no charge would be made if the covered individual had no health insurance coverage.
- Services, drugs, or supplies you receive without charge while in active military service.
- Services, drugs or supplies furnished, ordered or billed by yourself, immediate relatives or household members, such as spouse, parents, children, brothers or sisters by blood, marriage or adoption.
- Services or supplies furnished or billed by a non-covered facility, except that medically necessary prescription drugs and physical, occupational and speech therapy rendered by a qualified professional therapist on an outpatient basis are covered subject to Plan limits.
- Services or supplies for cosmetic purposes.
- Surgery to correct congenital anomalies for individuals age 18 and older unless there is a functional deficit.
- Services or supplies not specifically listed as covered.
- Services or supplies not reasonably necessary for the diagnosis or treatment of an illness or injury, except for routine physical examinations and immunizations.
- Any portion of a provider's fee or charge ordinarily due from the enrollee but that has been waived. If a provider routinely waives (does not require the enrollee to pay) a deductible, copay or coinsurance, we will calculate the actual provider fee or charge by reducing the fee or charge by the amount waived.
- Charges which the enrollee or Plan has no legal obligation to pay, such as excess charges for an annuitant age 65 or older who is not covered by Medicare Parts A and/or B (see Section 9, *Coordinating Benefits with Medicare and Other Coverage*), doctor charges exceeding the amount specified by the Department of Health and Human Services when benefits are payable under Medicare "limiting charge" (see Section 9), services, drugs or supplies related to avoidable complications and medical errors, "Never Event" policies (see *Preventing Medical Mistakes*) or State premium taxes however applied.
- Charges in excess of the "Plan allowance" as defined in Section 10.
- Biofeedback, educational, recreational or milieu therapy, either in or out of a hospital.
- Stand-by physicians and surgeons.
- Clinical ecology and environmental medicine.
- Chelation therapy except for acute arsenic, gold, or lead poisoning.
- Treatment for impotency, even if there is an organic cause for impotency. Exclusion applies to medical/surgical treatment as well as prescription drugs.

- Treatments other than surgery or orthopedic appliances for temporomandibular joint dysfunction and disorders (TMJ).
- Surgical treatment of hyperhidrosis unless alternative therapies such as botox injections or topical aluminum chloride and pharmacotherapy have been unsuccessful.
- Weight loss programs.
- Home test kits including but not limited to HIV and drug home test kits.
- Services, drugs, or supplies ordered or furnished by a non-covered provider.
- Hourly nursing where there is no skilled need (otherwise called private duty nursing) or the need is beyond a two hour visit per day other than for specialty drug infusions that can require up to 6 hours of skilled nursing. Also not covered is nursing provided in the acute care facility, post-acute facilities (skilled nursing facilities), rehabilitation facilities, long-term acute care facilities, long-term care facilities.
- Computers, tablets, computer programs/games used in association with communication aides, internet or phone services used in conjunction with communication devices.
- Services provided by school systems to children with Autism Spectrum Disorder (ASD) are not reimbursable by the health plan.
- Services or supplies we are prohibited from covering under the Federal law.

---

## Section 7. Filing a Claim for Covered Services

---

This Section primarily deals with post-service claims (claims for services, drugs or supplies you have already received).

See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring Plan preauthorization), including urgent care claims procedures.

**How to claim benefits** To obtain claim forms, claims questions or assistance, or answers about our benefits, contact us at 800-821-6136, or at our website at [www.geha.com](http://www.geha.com).

In most cases, providers and facilities file claims for you. Your provider must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. Submit claims to the network address on the back of the GEHA ID card, for both in and out of network claims.

Submit dental claims, or out-of-network charges that you have paid in full to:

GEHA Dental Claims  
PO Box 21191  
Eagan, MN 55121

Submit medical and Medicare primary claims, or out-of-network charges that you have paid in full to:

GEHA Medical Claims  
PO Box 21172  
Eagan, MN 55121

When you must file a claim - such as for services you received overseas or when another group health plan is primary - submit it on the CMS-1500 or ADA form, a claim form that includes the information shown below, or visit [www.geha.com/Claim](http://www.geha.com/Claim). Bills and receipts should be itemized and show:

- Patient's name, date of birth, address, phone number and relationship to enrollee;
- Patient's Plan identification number;
- Name and address of person or company providing the service or supply;
- Dates that services or supplies were furnished;
- Diagnosis;
- Type of each service or supply; itemized bill including valid ADA, CPT, HCPCS (including NDC numbers for all Drug type charges);
- The charge for each service or supply; and
- We will provide translation and currency conversion for claims for overseas (foreign) services. The conversion rate will be based on the date services were rendered.

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills. Many direct-to-consumer program models do not support claim submissions to insurance carriers. They do not provide enough detailed, itemized, information to meet this claim submission criteria.

In addition:

- If another health plan is your primary payor, you must send a copy of the Explanation of Benefits (EOB) form you received from any primary payor (such as the Medicare Summary Notice (MSN)) with your claim.
- Bills for home nursing care must show that the nurse is a registered or licensed practical nurse and should include nursing notes.
- Claims for prescription drugs and supplies must include receipts that show the prescription number, name of drug or supply, prescribing provider's name, date, and charge. A copy of the provider's script must be included with prescription drugs purchased outside the United States.

**Post-service claims procedures**

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

**Records**

Keep a separate record of the medical expenses of each covered family member as deductibles and maximum allowances apply separately to each person. Save copies of all medical bills, including those you accumulate to satisfy a deductible. In most instances they will serve as evidence of your claim. We will not provide duplicate or year-end statements.

**Deadline for filing your claim**

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service. If you could not file on time because of Government administrative operations or legal incapacity, you must submit your claim as soon as reasonably possible. Once we pay benefits, there is a three-year limitation on the re-issuance of uncashed checks.

**Overseas claims**

For covered services you receive by providers and hospitals outside the United States and Puerto Rico, send a completed Overseas Claim Form and the itemized bills to: GEHA, Medical Claims, PO Box 21172, Eagan, MN 55121. Obtain Overseas Claim Forms from [www.geha.com](http://www.geha.com).

Eligibility and/or medical necessity review is required when procedures are performed or you are admitted to a hospital outside of the United States. Review includes the procedure/service to be performed, the number of days required to treat your condition, and any other applicable benefit criteria.

If you have questions about the processing of overseas claims, contact us at 800-821-6136 or by email [overseas@geha.com](mailto:overseas@geha.com). Covered providers outside the United States will be paid at the in-network level of benefits, subject to deductible and coinsurance. We will provide translation and currency conversion for claims for overseas (foreign) services. The conversion rate will be based on the date services were rendered.

When members living abroad are stateside and seeking medical care, contact us at 800-821-6136, or visit [www.geha.com](http://www.geha.com) to locate an in-network provider. If you utilize an out-of-network provider, out-of-network benefits would apply.

**When we need more information**

Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if you do not respond. Our deadline for responding to your claim is stayed while we await all of the additional information needed to process your claim.

**Authorized Representative**

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, a healthcare professional with knowledge of your medical condition will be permitted to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

**Notice Requirements**

The Secretary of Health and Human Services has identified counties where at least 10% of the population is literate only in certain non-English languages. The non-English languages meeting this threshold in certain counties are Spanish, Chinese, Navajo and Tagalog. If you live in one of these counties, we will provide language assistance in the applicable non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as phone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the healthcare provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes and its corresponding meaning, and the treatment code and its corresponding meaning.

## Section 8. The Disputed Claims Process

You may appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information or to make an inquiry about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, please call your plan's customer service representative at the phone number found on your enrollment card, plan brochure, or plan website.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3, *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing GEHA Post Service Appeals, PO Box 21324, Eagan, MN 55121 or calling 800-821-6136.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/investigational), we will consult with a healthcare professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or their subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Step	Description
<b>1</b>	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none"> <li>a) Write to us within 6 months from the date of our decision;</li> <li>b) To do so you may log in at <a href="http://geha.com">geha.com</a> and complete the online appeal submission form or Send your request to us at: GEHA Post-Service Appeals, PO Box 21324, Eagan, MN 55121; or For Pre-Service Appeals: GEHA, PO Box 400046, San Antonio, TX 78229; and</li> <li>c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and</li> <li>d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and Explanation of Benefits (EOB) forms.</li> <li>e) Include your email address (optional for member), if you would like to receive our decision via email. Please note that by giving us your email, we may be able to provide our decision more quickly.</li> </ul> <p>We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.</p>

Step	Description
<p><b>2</b></p>	<p>In the case of a post-service claim, we have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none"> <li>a) Pay the claim or</li> <li>b) Write to you and maintain our denial or</li> <li>c) Ask you or your provider for more information.</li> </ul> <p>You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.</p> <p>If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.</p>
<p><b>3</b></p>	<p>If you do not agree with our decision, you may ask OPM to review it.</p> <p>You must write to OPM within:</p> <ul style="list-style-type: none"> <li>• 90 days after the date of our letter upholding our initial decision; or</li> <li>• 120 days after you first wrote to us - if we did not answer that request in some way within 30 days; or</li> <li>• 120 days after we asked for additional information.</li> </ul> <p>Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employees Insurance Operations, FEHB 2, 1900 E Street NW, Washington, DC 20415-3620.</p> <p>Send OPM the following information:</p> <ul style="list-style-type: none"> <li>• A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;</li> <li>• Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and Explanation of Benefits (EOB) forms;</li> <li>• Copies of all letters you sent to us about the claim;</li> <li>• Copies of all letters we sent to you about the claim;</li> <li>• Your daytime phone number and the best time to call; and</li> <li>• Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.</li> </ul> <p>Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.</p> <p>Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a healthcare professional with knowledge of your medical condition may act as your authorized representative without your express consent.</p> <p>Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.</p>
<p><b>4</b></p>	<p>OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision or notify you of the status of OPM's review within 60 days. There are no other administrative appeals.</p>

	<p>If you do not agree with OPM’s decision, your only recourse is to file a lawsuit. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or preauthorization. This is the only deadline that may not be extended.</p> <p>OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.</p> <p>You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.</p>
--	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 800-821-6136. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM’s FEHB 2 at 202-606-3818 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a family member is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

---

## Section 9. Coordinating Benefits with Medicare and Other Coverage

---

### When you have other health coverage or auto insurance

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays healthcare expenses without regard to fault. This is called “double coverage”.

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit our website at [www.geha.com/COB](http://www.geha.com/COB).

When we are the primary payor, we will pay benefits described in this brochure.

In certain circumstances when we are secondary, we will also take advantage of any provider discount arrangements your primary plan may have. For medical and dental services, we will coordinate benefits to the allowable expense of your primary plan.

- Refer to Section 5(f), *Coordinating with other drug coverage* when you have other primary prescription coverage.

If your primary payor requires preauthorization or requires you use designated facilities or provider for benefits to be approved, it is your responsibility to comply with these requirements. In addition, you must file the claim to your primary payor within the required time period. If you fail to comply with any of these requirements and benefits are denied by the primary payor, we will pay secondary benefits based on an estimate of what the primary carrier would have paid if you followed their requirements.

Please see Section 4. *Your Costs for Covered Services*, for more information about how we pay claims.

This plan always pays secondary to:

- Any medical payment, PIP or No-Fault coverage under any automobile policy available to you.
- Any plan or program which is required by law.

You should review your automobile insurance policy to ensure that uncoordinated medical benefits have been chosen so that the automobile insurance policy is the primary payer.

### • TRICARE and CHAMPVA

TRICARE is the healthcare program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

**Suspended FEHB coverage to enroll in TRICARE or CHAMPVA:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

- **Workers' Compensation**

Every job-related injury or illness should be reported as soon as possible to your supervisor. Injury also means any illness or disease that is caused or aggravated by the employment as well as damage to medical braces, artificial limbs and other prosthetic devices. If you are a federal or postal employee, ask your supervisor to authorize medical treatment by use of form CA-16 before you obtain treatment. If your medical treatment is accepted by the Dept. of Labor Office of Workers' Compensation (OWCP), the provider will be compensated by OWCP. If your treatment is determined not job-related, we will process your benefit according to the terms of this plan, including use of in-network providers. Take form CA-16 and form OWCP-1500/HCFA-1500 to your provider, or send it to your provider as soon as possible after treatment, to avoid complications about whether your treatment is covered by this plan or by OWCP.

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar federal or state agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

- **Medicaid**

When you have this Plan and Medicaid, we pay first.

**Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these state programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the state program.

**When other Government agencies are responsible for your care**

We do not cover services and supplies when a local, state, or federal government agency directly or indirectly pays for them.

**When others are responsible for injuries**

If GEHA pays benefits for an illness or injury for which you accrue a right of action, are entitled to compensation, or receive a settlement, judgment, or recovery from another party, you must agree to the provisions below. All GEHA benefit payments in these circumstances are a condition of and a limitation on the nature, provision, or extent of coverage or benefits under the Plan, and remain subject to all of our contractual benefit limitations, exclusions, and maximums. By accepting these conditional benefits, you agree to the following:

- You or your representative must contact GEHA's Subrogation Vendor, The Rawlings Company, LLC, at 855-967-6609 as soon as possible after the event(s) that resulted in the illness or injury, and provide all requested information, including prompt disclosure of the terms of all settlements, judgments, or other recoveries. You must sign any releases GEHA requires to obtain information about any claim(s) for compensation from other sources you may have.
- You must include all benefits paid by GEHA in any claim for compensation you or your representative assert against any tortfeasor, insurer, or other party for the injury or illness, and assign all proceeds recovered from any party, including your own and/or other insurance, to GEHA for up to the amount of the benefits paid.
- When benefits are payable under the Plan in relation to the illness or injury, GEHA may, at its option:

Enforce its right of subrogation, that is, take over your right to receive payments from other parties. You will transfer to GEHA any rights you or your representative may have to take legal action arising from the illness or injury, and to recover any sums paid on your behalf as a result of that action; or

Enforce its right of reimbursement, that is, recover any sums paid on your behalf from any payment(s) you or your representative obtain from other parties. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.

You must cooperate in doing what is reasonably necessary to assist us, and you must not take any action that may prejudice these rights of recovery. It is your duty to notify the plan within 30 days of the date when notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your injury, illness or condition. You and your agents or representatives shall provide all information requested by the plan or its representatives. You shall do nothing to prejudice your FEHB plan's subrogation or recovery interest or to prejudice the plan's ability to enforce the terms of this provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the plan.

- To reimburse GEHA on a first priority basis (i.e., before any other party) in full, up to the amount of benefits paid, out of any and all settlements, judgments, or other recoveries that you or your representative obtain from any source and no matter how characterized, designated, or apportioned (for example, as "pain and suffering only"). GEHA enforces this right of reimbursement by asserting a lien against any and all recoveries obtained, including, but not limited to, first party Medpay, Personal Injury Protection, No-Fault coverage, Third-Party liability coverage, Uninsured and Underinsured coverage, personal liability umbrella coverage, and a workers compensation program or insurance policy. GEHA's lien consists of the total benefits paid to diagnose or treat the illness or injury. GEHA's lien applies first, regardless of the "make whole" and "common fund" doctrines. Your plan is not required to participate in or pay court costs or attorney fees to any attorney hired by you to pursue your damage claims.

GEHA's lien extends to all expenses incurred prior to the settlement or judgment date, even if those expenses were not submitted to GEHA for payment at the time you reimbursed GEHA. The lien remains your obligation until it is satisfied in full. Failure to refund GEHA or cooperate with our recovery efforts may result in an overpayment that can be collected from you.

The provisions of this section apply to all current or former plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the plan. The plan's right to recover (whether by subrogation or reimbursement) shall apply to the personal representative of your estate, heirs or beneficiaries, administrators, legal representatives, successors, assignees, minors, and incompetent or disabled persons. "You" or "your" includes anyone on whose behalf the plan pays benefits. No adult covered person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the plan.

**When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP)**

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan by phone at 877-888-3337, TTY 877-889-5680 you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

**Clinical trials**

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition, and is either Federally-funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration (FDA); or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs – costs for routine services such as doctor visits, lab tests, X-rays and scans, and hospitalizations related to treating the patient’s condition, whether the patient is in a clinical trial or is receiving standard therapy. These costs are covered by this Plan.
- Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient’s routine care. This Plan **does not** cover these costs.
- Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This Plan **does not** cover these costs.

## When you have Medicare

For more detailed information on “What is Medicare?” and “Should I Enroll in Medicare?” please contact Medicare at 800-MEDICARE (800-633-4227), (TTY 877-486-2048) or at [www.medicare.gov](http://www.medicare.gov).

### • The Original Medicare Plan (Part A or Part B)

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

**Claims process when you have the Original Medicare Plan** - You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 800-821-6136 or see our website at [www.geha.com](http://www.geha.com).

For members enrolled in High and Standard Option we waive some costs if the Original Medicare Plan is your primary payor – We will waive some out-of-pocket costs as follows:

- **Inpatient hospital benefits:** If you are enrolled in Medicare Part A, we waive the deductible and coinsurance. When you are enrolled in the high option, and you use an in-network facility, we will also waive the inpatient admission copayment.
- **Medical and surgery benefits and mental health/substance use disorder care:** If you are enrolled in Medicare Part B, we waive the deductible and coinsurance.
- **Office visits in-network providers and MinuteClinic (where available):** If you are enrolled in Medicare Part B, we waive the copayments for in-network office visits.
- **Prescription drugs:** If you have Medicare Parts A and B, you will pay a copayment or coinsurance for drugs through CVS Caremark and at retail pharmacies as shown in Section 5(f), *Covered medications and supplies - Medicare A & B primary*.
- **Manipulative Therapy benefits:** There is no change in benefit limits for manipulative therapy care when Medicare is primary. See Section 5(a), *Manipulative therapy* for benefits.

- **Physical, speech and occupational therapy benefits:** There is no change in benefit limits or maximums for therapy when Medicare is primary.

**We will NOT waive out-of-pocket costs as follows:**

- **Specialty pharmacy medications not dispensed by CVS Specialty Pharmacy:** If Medicare denies coverage, we do not waive the coinsurance and we do NOT waive the \$300 (High Option) or \$500 (Standard Option) copayment.
- **Services obtained from a non-Medicare provider:** We will limit our payment to the coinsurance amount we would have paid after Original Medicare's payment based on our Plan allowable and the type of service you receive.

We offer a Medicare Advantage plan, the GEHA High Medicare Advantage Plan for High Option FEHB Plan members, or the GEHA Standard Medicare Advantage Plan for Standard Option FEHB Plan members in partnership with UnitedHealthcare. Please review the benefit information for these options under Medicare Advantage (Part C) below.

Please review the following examples which illustrates your cost share if you are enrolled in Medicare Part B (without Medicare Advantage). If you purchase Medicare Part B, then we waive some costs because Medicare will be the primary payor.

***Member Cost without Medicare (In-Network)***

**Deductible:** High and Standard: \$350 Self Only/\$700 Self Plus One or Self and Family  
**Catastrophic Protection Out-of-Pocket Maximum:** High: \$6,000 Self Only/ \$12,000 Self Plus One or Self and Family; Standard: \$6,500 Self Only/\$13,000 Self Plus One or Self and Family

**Part B Premium Reimbursement Offered:** High/Standard: N/A

**Primary Care Provider:** High: \$20 copayment; Standard: \$20 copayment (\$0 copay applies for the first primary care visit for children under 18, after which the \$20 copay applies)

**Specialist:** High: \$30 copayment; Standard: \$35 copayment

**Inpatient Hospital:** High: \$100 per admission and 10% of Plan allowance; Standard: 15% of plan allowance

**Outpatient Hospital:** High: 10% of Plan allowance; Standard: 15% of Plan allowance

**Rx High Option:** Retail (30-day supply): Generic: \$10, Preferred: 25% of Plan allowance up to \$150, Non-Preferred: 40% of Plan allowance up to \$200; Specialty (30-day supply) Generic/Preferred: 25% of Plan allowance up to \$150 Non-Preferred: 40% of Plan allowance up to \$200

**Rx Standard Option:** Retail (30-day supply) Generic: \$10, Preferred: 40% of Plan allowance up to \$250, Non-Preferred: 60% of Plan allowance up to \$350, Specialty (30-day supply) Generic/Preferred: 50% of Plan allowance up to \$250, Non-Preferred: 50% of Plan allowance up to \$400

***Member Cost with Medicare Part B primary (In-Network)***

**Deductible:** High and Standard: \$0

**Catastrophic Protection Out-of-Pocket Maximum:** High: \$6,000 Self Only/ \$12,000 Self Plus One or Self and Family; Standard: \$6,500 Self Only/\$13,000 Self Plus One or Self and Family

**Part B Premium Reimbursement Offered:** High: Up to \$1,000; Standard: N/A

**Primary Care Provider:** High/Standard: \$0

**Specialist:** High/Standard: \$0

**Inpatient Hospital:** High/Standard: \$0

**Outpatient Hospital:** High/Standard: \$0

**Rx High Option:** Retail (30-day supply): Generic: \$10, Preferred: 20% of Plan allowance up to \$150, Non-Preferred: 35% of Plan allowance up to \$200; Specialty (30-day supply) Generic/Preferred: 15% of Plan allowance up to \$150, Non-Preferred: 30% of Plan allowance up to \$200

**Member Cost with Medicare Part B primary (In-Network) (continued)**

**Rx Standard Option:** Retail (30-day supply) Generic: \$10, Preferred: 40% of Plan allowance up to \$250, Non-Preferred: 60% of Plan allowance up to \$350, Specialty (30-day supply) Generic/Preferred: 50% of Plan allowance up to \$250, Non-Preferred: 50% of Plan allowance up to \$400

You can find more information about how our Plan coordinates benefits with Medicare as outlined in our *Medicare Benefits Guide* at [www.geha.com/Medicare](http://www.geha.com/Medicare).

• **Tell us about your Medicare coverage**

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

• **Private contract with your physician**

If you are enrolled in Medicare Part B, a physician may ask you to sign a private contract agreeing that you can be billed directly for services ordinarily covered by Original Medicare. Should you sign an agreement, Medicare will not pay any portion of the charges, and we will not increase our payment. Regardless of whether the physician requires you to sign an agreement, we will still limit our payment to the coinsurance amount we would have paid after Original Medicare's payment based on our Plan allowable and the type of service you receive. You may be responsible for paying the difference between the billed amount and the amount we paid.

• **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private healthcare choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 800-MEDICARE (800-633-4227), (TTY: 877-486-2048) or at [www.medicare.gov](http://www.medicare.gov).

If you enroll in a Medicare Advantage plan, the following options are available to you:

**This Plan and our Medicare Advantage plan:** You may enroll in GEHA's Medicare Advantage plan and also remain enrolled in our FEHB plan. For more information on our Medicare Advantage plan, please contact 844-491-9898 (TTY: 711) or visit our website: <https://retiree.uhc.com/geha>. Enrollment in the GEHA Medicare Advantage Plan is voluntary. Members must complete an application for enrollment. Eligible enrollees voluntarily opt into the GEHA Medicare Advantage Plan and may opt out at any time. You may enroll in the GEHA Medicare Advantage Plan if:

- You are a retiree or annuitant enrolled in GEHA's High or Standard Option and have both Medicare Part A and Part B.
- You are a United States citizen or are lawfully present in the United States, and you reside in the United States, the District of Columbia or a United States territory.
- You do NOT have End-Stage Renal Disease (ESRD). Enrollees who have ESRD cannot enroll until after the 30-month grace period has expired. Members diagnosed with ESRD while enrolled in the GEHA Medicare Advantage Plan may remain enrolled and ESRD services will be covered.
- You complete an application for enrollment in the GEHA Medicare Advantage Plan (see contact information above).

**When you are enrolled in the GEHA Medicare Advantage Plan through UnitedHealthcare, you receive the following additional benefits, including:**

- \$0 medical cost shares, no plan deductibles
- Medicare Part B Premium Subsidy: \$75 for Standard Plan per month, \$100 for High Plan per month

- Access to UHC's National network of providers, out-of-network coverage, and a Foreign Travel Benefit
- Gym membership
- Routine and comprehensive dental coverage
- \$40 quarterly balance toward the purchase of over-the-counter products from FirstLine Essentials.
- Hearing aid allowance and discount program.
- Personal emergency response device
- Wellness and lifestyle coaching
- Vision exam and hardware allowance

To learn more about benefit enhancements offered for the GEHA Medicare Advantage Plan through UnitedHealthcare, please contact 844-491-9898 (TTY: 711) or go to <https://retiree.uhc.com/geha>.

**Medicare Part B Reimbursement:** If you have Medicare Part A and B and enroll in the GEHA Medicare Advantage Plan, you will receive a credit towards your Medicare Part B monthly premium; \$100 under the High Plan and \$75 under the Standard Plan. This will be credited directly from Centers for Medicare & Medicaid Services (CMS). Medicare will be primary for all Medicare eligible services. Members must use providers who accept Medicare's assignment.

**This Plan and another plan's Medicare Advantage plan:** You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers). However, if you do go outside the Medicare Advantage plan's network and/or service area, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

**Suspended FEHB coverage to enroll in another plan's Medicare Advantage plan:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season, unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

• **Medicare prescription drug coverage (Part D)**

Members will be eligible for Part D coverage if they meet the eligibility criteria below:

1. The individual is entitled to Medicare Part A and/or enrolled in Part B.
2. The individual has current Part D eligibility in CMS system.
3. The individual permanently resides in service area.
4. The individual is a US citizen or lawfully present in the United States.

**Who pays:** When we are the primary payor, we process the claim first. If you enroll in Medicare Part D and we are the secondary payor, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

**Individual Medicare Part D coverage:** You cannot be covered under two Part D plans at the same time. If you elect to opt out of the GEHA SilverScript PDP or GEHA Medicare Advantage Part C plan and remain in your individual Medicare Part D plan, your FEHB prescription drug coverage will be secondary to your individual Medicare Part D Plan.

In that circumstance, the Plan will supplement the coverage you get under your Medicare Part D prescription drug plan. We will not waive any copayments or coinsurance when you have Medicare Part D as your primary payor. To maximize your benefits, use a pharmacy that is in both the Medicare Part D plan's network, and in our network. Provide both your Medicare Part D and GEHA ID cards when filling a prescription allowing the pharmacy to coordinate coverage on your behalf.

**Medicare Prescription  
Drug Plan Employer  
Group Waiver Plan (PDP  
EGWP)**

If you are enrolled in Medicare, and are not enrolled in a GEHA Medicare Advantage Plan (Part C), you and/or eligible dependents will not need to take action to be automatically enrolled in the GEHA SilverScript Prescription Drug Plan (PDP). SilverScript, the PDP Employer Group Waiver Plan (EGWP) provider, offers a prescription drug benefit for FEHB covered annuitants and their FEHB covered family members who are eligible for Medicare. This allows you to receive benefits that will never be less than your coverage that is available to members with only FEHB, but more often you will receive benefits that are better than members with only FEHB.

Participants who are enrolled in GEHA SilverScript PDP will receive a separate prescription ID card to use for filling prescriptions. The following are your enhanced prescription benefits:

- No deductible
- Catastrophic Protection Out-of-Pocket Maximum of \$2,000 per person annually (included in the Plan's integrated medical and prescription drug overall out-of-pocket maximum)
- High Option 30-day prescription supplies:
  - Generic - \$9 copay
  - Preferred brand - 20% of the Plan allowance; limited to \$150 maximum
  - Non-Preferred brand - 35% of the Plan allowance; limited to \$200 maximum
  - Specialty - 15% of the Plan allowance; limited to \$150 maximum
- Standard Option 30-day prescription supplies:
  - Generic - \$9 copay
  - Preferred brand - 25% of the Plan allowance; limited to \$200 maximum
  - Non-Preferred brand - 50% of the Plan allowance; limited to \$300 maximum
  - Specialty - 33% of the Plan's allowance; limited to \$250 maximum

**This Plan and our PDP EGWP:** You will be automatically enrolled in our PDP EGWP and continue to remain enrolled in our FEHB Plan. Participation in the PDP EGWP is voluntary, and **you have the choice to opt out of this enrollment at any time.**

If you do not wish to enroll in the GEHA SilverScript PDP, you may “opt-out” of the enrollment by following the instructions mailed to you. To avoid automatic enrollment, you will have 21 days from receiving the letter to contact SilverScript at the toll-free number (833-250-3241) to decline Part D coverage. Declining coverage or “opting out” will place you back into your FEHB prescription drug coverage. GEHA is not limiting when you can opt out or opt in to our PDP EGWP plan. After the initial enrollment period, you may opt out after the first of any month and the changes will not be effective until the first of the following month.

The Medicare Income-Related Monthly Adjustment Amount (IRMAA) is an amount you pay in addition to your Part B and D premium if your income is above a certain level. Social Security makes this determination based on your income. In the case of those with higher incomes, you may have a separate premium payment for your PDP EGWP benefit.

The plan does not collect the Part D-IRMAA as part of its premium. Failure to pay an assessed IRMAA amount, could result in automatic disenrollment by Medicare from PDP EGWP. As noted, you will have the option to opt out of the EGWP and receive regular GEHA FEHB Health Benefit Plan prescription drug coverage, which would not be subject to IRMAA.

Please refer to the Part D-IRMAA section of the Medicare website: <https://www.medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans> to see if you would be subject to an additional premium.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

<b>Primary Payor Chart</b>		
<b>A. When you - or your covered spouse - are age 65 or over and have Medicare and you...</b>	<b>The primary payor for the individual with Medicare is...</b>	
	<b>Medicare</b>	<b>This Plan</b>
1) Have FEHB coverage on your own as an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through your spouse who is an annuitant	✓	
3) Have FEHB through your spouse who is an active employee		✓
4) Are a reemployed annuitant with the Federal government and your position is excluded from the FEHB (your employing office will know if this is the case) and you are not covered under FEHB through your spouse under #3 above	✓	
5) Are a reemployed annuitant with the Federal government and your position is not excluded from the FEHB (your employing office will know if this is the case) and...		
• You have FEHB coverage on your own or through your spouse who is also an active employee		✓
• You have FEHB coverage through your spouse who is an annuitant	✓	
6) Are a Federal judge who retired under title 28, U.S.C., or a Tax Court judge who retired under Section 7447 of title 26, U.S.C. (or if your covered spouse is this type of judge) and you are not covered under FEHB through your spouse under #3 above	✓	
7) Are enrolled in Part B only, regardless of your employment status	✓ for Part B services	✓ for other services
8) Are a Federal employee receiving Workers' Compensation		✓*
9) Are a Federal employee receiving disability benefits for six months or more	✓	
<b>B. When you or a covered family member...</b>		
1) Have Medicare solely based on end stage renal disease (ESRD) and...		
• It is within the first 30 months of eligibility for or entitlement to Medicare due to ESRD <b>(30-month coordination period)</b>		✓
• It is beyond the 30-month coordination period and you or a family member are still entitled to Medicare due to ESRD	✓	
2) Become eligible for Medicare due to ESRD while already a Medicare beneficiary and...		
• This Plan was the primary payor before eligibility due to ESRD <b>(for 30 month coordination period)</b>		✓
• Medicare was the primary payor before eligibility due to ESRD	✓	
3) Have Temporary Continuation of Coverage (TCC) and...		
• Medicare based on age and disability	✓	
• Medicare based on ESRD <b>(for the 30 month coordination period)</b>		✓
• Medicare based on ESRD <b>(after the 30 month coordination period)</b>	✓	
<b>C. When either you or a covered family member are eligible for Medicare solely due to disability and you...</b>		
1) Have FEHB coverage on your own as an active employee or through a family member who is an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through a family member who is an annuitant	✓	
<b>D. When you are covered under the FEHB Spouse Equity provision as a former spouse</b>	✓	

\*Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

## **When you are age 65 or over and do not have Medicare**

Under the FEHB law, we must limit our payments for inpatient hospital care and physician care to those payments you would be entitled to if you had Medicare. Your physician and hospital must follow Medicare rules and cannot bill you for more than they could bill you if you had Medicare. You and the FEHB benefit from these payment limits. Outpatient hospital care and non-physician based care are not covered by this law; regular Plan benefits apply. The following chart has more information about the limits.

### **If you:**

- are age 65 or over; and
- do not have Medicare Part A, Part B, or both; and
- have this Plan as an annuitant or as a former spouse, or as a family member of an annuitant or former spouse; and
- are not employed in a position that gives FEHB coverage. (Your employing office can tell you if this applies.)

### **Then, for your inpatient hospital care:**

- The law requires us to base our payment on an amount - the "equivalent Medicare amount" - set by Medicare's rules for what Medicare would pay, not on the actual charge.
- You are responsible for your applicable deductibles and coinsurance under this Plan.
- You are not responsible for any charges greater than the equivalent Medicare amount; we will show that amount on the Explanation of Benefits (EOB) form that we send you.
- The law prohibits a hospital from collecting more than the "equivalent Medicare amount".

When inpatient claims are paid according to a Diagnostic Related Group (DRG) limit (for instance, for admissions of certain retirees who do not have Medicare), we will pay 30% of the total covered amount as room and board charges and 70% as other charges and will apply your coinsurance accordingly.

**And, for your physician care,** the law requires us to base our payment and your coinsurance on:

- an amount set by Medicare and called the "Medicare approved amount," or
- the actual charge if it is lower than the Medicare approved amount.

### **If your physician:**

Participates with Medicare or accepts Medicare assignment for the claim and is a member of our network,

**Then you are responsible for:** your deductibles, coinsurance, and copayments.

### **If your physician:**

Participates with Medicare and is **not** in our network,

**Then you are responsible for:** your deductibles, coinsurance, and any balance up to the Medicare approved amount.

### **If your physician:**

Does not participate with Medicare,

**Then you are responsible for:** your deductibles, coinsurance, and any balance up to 115% of the Medicare approved amount.

### **If your physician:**

Does not participate with Medicare and is not a member of our network,

**Then you are responsible for:** your out-of-network deductibles, coinsurance, and any balance up to 115% of the Medicare approved amount.

**If your physician:**

Opts-out of Medicare via private contract,

**Then you are responsible for:** your deductibles, coinsurance, copayments, and any balance your physician charges.

It is generally to your financial advantage to use a physician who participates with Medicare. Such physicians are permitted to collect only up to the Medicare approved amount.

**Physicians Who Opt-Out of Medicare**

A physician may have opted-out of Medicare and may or may not ask you to sign a private contract agreeing that you can be billed directly for services ordinarily covered by Original Medicare. This is different than a non-participating doctor, and we recommend you ask your physician if they have opted-out of Medicare. Should you visit an opt-out physician, the physician will not be limited to 115% of the Medicare approved amount. You may be responsible for paying the difference between the billed amount and our regular in-network/out-of-network benefits.

Our Explanation of Benefits (EOB) form will tell you how much the physician or hospital can collect from you. If your physician or hospital tries to collect more than allowed by law, ask the physician or hospital to reduce the charges. If you have paid more than allowed, ask for a refund. If you need further assistance, call us.

**When you have the Original Medicare Plan (Part A, Part B, or both)**

We limit our payment to an amount that supplements the benefits that Medicare would pay under Medicare Part A (Hospital insurance) and Medicare Part B (Medical insurance), regardless of whether Medicare pays. Note: We pay our regular benefits for emergency services to an institutional provider, such as a hospital, that does not participate with Medicare and is not reimbursed by Medicare.

We use the Department of Veterans Affairs (VA) Medicare-equivalent Remittance Advice (MRA) when the statement is submitted to determine our payment for covered services provided to you if Medicare is primary, when Medicare does not pay the VA facility.

If you are covered by Medicare Part B and it is primary, your out-of-pocket costs for services that both Medicare Part B and we cover depend on whether your physician accepts Medicare assignment for the claim.

If your physician **accepts** Medicare assignment, we waive some of your deductibles, copayments and coinsurance for covered charges.

If your physician **does not accept** Medicare assignment, you pay the difference between the “limiting charge” or the physician’s charge (whichever is less) and our payment combined with Medicare’s payment.

It is important to know that a physician who does not accept Medicare assignment may not bill you for more than 115% of the amount Medicare bases its payment on, called the “limiting charge.” The Medicare Summary Notice (MSN) that Medicare will send you will have more information about the limiting charge. If your physician tries to collect more than allowed by law, ask the physician to reduce the charges. If the physician does not, report the physician to the Medicare carrier that sent you the MSN form. Call us if you need further assistance.

---

## Section 10. Definitions of Terms We Use in This Brochure

---

<b>Accidental injury</b>	An injury caused by an external force or element such as a blow or fall that requires immediate medical attention. Also included are animal bites, poisonings, and dental care required to repair injuries to sound natural teeth as a result of an accidental injury, not from biting or chewing.
<b>Admission</b>	The period from entry (admission) into a hospital or other covered facility until discharge. In counting days of inpatient care, the date of entry and the date of discharge are counted as the same day.
<b>Artificial insemination</b>	Artificial insemination is a surgical procedure for the introduction of sperm or semen into the vagina, cervix, or uterus to produce pregnancy.
<b>Assignment</b>	<p>An authorization by you (the enrollee or covered family member) that is approved by us (the Carrier), for us to issue payment of benefits directly to the provider.</p> <ul style="list-style-type: none"><li>• We reserve the right to pay you directly for all covered services. Benefits payable under the contract are not assignable by you to any person without express written approval from us, and in the absence of such approval, any assignment shall be void.</li><li>• Your specific written consent for a designated authorized representative to act on your behalf to request reconsideration of a claim decision (or, for an urgent care claim, for a representative to act on your behalf without designation) does not constitute an Assignment.</li><li>• OPM's contract with us, based on federal statute and regulation, gives you a right to seek judicial review of OPM's final action on the denial of a health benefits claim but it does not provide you with authority to assign your right to file such a lawsuit to any other person or entity. Any agreement you enter into with another person or entity (such as a provider, or other individual or entity) authorizing that person or entity to bring a lawsuit against OPM, whether or not acting on your behalf, does not constitute an Assignment, is not a valid authorization under this contract, and is void.</li></ul>
<b>Assisted reproductive technology</b>	Assisted reproductive technology (ART) includes all fertility treatments in which either eggs or embryos are handled. In general, ART procedures involve surgically removing eggs from the ovaries, combining them with sperm in the laboratory, and returning them to the birthing person's body or donating them to another person. They do NOT include treatments in which only sperm are handled (i.e., intrauterine - or artificial - insemination) or procedures in which a birthing person takes medicine only to stimulate egg production without the intention of having eggs retrieved.
<b>Calendar year</b>	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
<b>Clinical trials cost categories</b>	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition, and is either federally-funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration (FDA); or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <p>If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:</p> <ul style="list-style-type: none"><li>• Routine care costs – costs for routine services such as doctor visits, lab tests, X-rays and scans, and hospitalizations related to treating the patient's condition whether the patient is in a clinical trial or is receiving standard therapy. These costs are covered by this Plan.</li><li>• Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care. This Plan <i>does not</i> cover these costs.</li><li>• Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes are generally covered by the clinical trials. This Plan <i>does not</i> cover these costs.</li></ul>

<b>Coinsurance</b>	See Section 4. <i>Your Costs for Covered Services.</i>
<b>Compound medications</b>	A compound medication includes more than one ingredient and is custom made by a pharmacist according to your doctor's instructions. Compound prescriptions must contain a federal legend drug and the ingredients must be covered by the GEHA benefit.
<b>Congenital anomaly</b>	A condition existing at or from birth which is a significant deviation from the common form or norm. For purposes of this Plan, congenital anomalies include cleft lips, cleft palates, birthmarks, webbed fingers or toes and other conditions that the Plan may determine to be congenital anomalies. Surgical correction of congenital anomalies is limited to children under the age of 18 unless there is a functional deficit. In no event will the term congenital anomaly include conditions relating to teeth or intra-oral structures supporting the teeth.
<b>Copayment</b>	See Section 4. <i>Your Costs for Covered Services.</i>
<b>Cosmetic</b>	Any procedure or any portion of a procedure performed primarily to improve physical appearance and/or treat a mental condition through change in bodily form.
<b>Cost-sharing</b>	See Section 4. <i>Your Costs for Covered Services.</i>
<b>Covered services</b>	Services we provide benefits for, as described in this brochure.
<b>Custodial care</b>	<p>We do not provide benefits for custodial care, regardless of who recommends the care or where it is provided. The Carrier or its delegated medical professionals determine which services are custodial care.</p> <p>Custodial care includes treatment, supplies or services, that are provided to a patient mainly to help with activities of daily living. These activities include but are not limited to:</p> <ul style="list-style-type: none"> <li>• Service, supplies, and treatment that are designed mainly to train or assist the patient in personal hygiene or other activities of daily living rather than provide therapeutic treatment; or</li> <li>• Personal care such as help ambulating, getting in and out of bed, eating by spoon, tube or gastrostomy, exercise, and dressing;</li> <li>• Homemaking, such as preparing meals or special diets;</li> <li>• Acting as companion or sitter;</li> <li>• Supervising medication that can usually be self-administered;</li> <li>• Physical, emotional, or behavioral treatment or services that can be provided by non-licensed caregivers with minimal instruction, including but not limited to recording temperature, pulse, and respirations, or administration and monitoring of feeding systems; and</li> <li>• Services or treatment where further medical professional intervention is not expected to result in significant improvement in the member's condition. The member's condition is no longer demonstrating measurable progress towards established treatment goals that have been documented in the patient's treatment record.</li> </ul>
<b>Deductible</b>	See Section 4. <i>Your Costs for Covered Services.</i>
<b>Dermatology conditions (telehealth)</b>	Under the telehealth benefit, dermatologic conditions seen and treated include but are not limited to acne, rashes, eczema, suspicious spots/moles, warts and other abnormal bumps, rosacea, inflamed or enlarged hair follicles, psoriasis, cold sore, alopecia, insect bites.
<b>Doula</b>	<p>A doula is a non-medical trained professional who provides emotional, physical, and informational support during pregnancy, labor/delivery, and post-partum periods.</p> <p>Doulas must be certified to provide doula services to meet the Plan requirements of a covered provider. Doulas eligible to provide services for any state Medicaid program in the United States, or certified by any organization recognized as providing acceptable training by any state Medicaid program will be considered a certified doula and eligible for reimbursement for services from the Plan. Training organizations include, but are not limited to:</p> <ul style="list-style-type: none"> <li>• Childbirth and Postpartum Professional Association (CAPPA)</li> </ul>

- Childbirth International
- Commonsense Childbirth Institute
- Doulas of North America (DONA)
- Doula Trainings International (DTI)
- International Childbirth Education Association
- National Black Doulas Association

Doula services do not include diagnosis of medical conditions, provision of medical advice, or any type of clinical assessment, exam, or procedure.

**Durable medical equipment**

Equipment and supplies that:

- Are prescribed by your attending doctor;
- Are medically necessary;
- Are primarily and customarily used only for a medical purpose;
- Are generally useful only to a person with an illness or injury;
- Are designed for prolonged use; or
- Serve a specific therapeutic purpose in the treatment of an illness or injury.

**Effective date**

The date the benefits described in this brochure are effective:

- January 1 for continuing enrollments and for all annuitant enrollments;
- The first day of the first full pay period of the new year for enrollees who change plans or options or elect FEHB coverage during the open season for the first time; and
- For new enrollees during the calendar year, but not during the open season, the effective date of enrollment as determined by the employing office or retirement system.

**Elective surgery**

Any non-emergency surgical procedure that may be scheduled at the patient’s convenience without jeopardizing the patient’s life or causing serious impairment to the patient’s bodily functions.

**Expense**

An expense is “incurred” on the date the service or supply is rendered.

**Experimental or investigational services**

A drug, device, or biological product is experimental or investigational if the drug, device, or biological product cannot be lawfully marketed without approval of the U.S. Food and Drug Administration (FDA) and approval for marketing has not been given at the time it is furnished. Approval means all forms of acceptance by the FDA.

A medical treatment or procedure, or a drug, device, or biological product is experimental or investigational if: 1) reliable evidence shows that it is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis; or 2) reliable evidence shows that the consensus of opinion among experts regarding the drug, device, or biological product or medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis.

Reliable evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, device, or medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device, or medical treatment or procedure.

Determination of experimental/investigational status may require review of appropriate government publications such as those of the National Institute of Health, National Cancer Institute, Agency for Healthcare Policy and Research, Food and Drug Administration, and National Library of Medicine. Independent evaluation and opinion by Board Certified Physicians who are professors, associate professors, or assistant professors of medicine at recognized United States Medical Schools may be obtained for their expertise in subspecialty areas.

**Group health coverage** Healthcare coverage that a member or covered dependent is eligible for because of employment by, membership in, or connection with, a particular organization or group that provides payment for hospital, medical, dental or other healthcare services or supplies, including extension of any of these benefits through COBRA.

**Healthcare professional** A physician or other healthcare professional licensed, accredited, or certified to perform specified health services consistent with state law.

**Iatrogenic infertility** An impairment of fertility by surgery, radiation, chemotherapy, or other medical treatment affecting reproductive organs including gonadotoxic therapies, or ovary or testicle removal for treatment of disease; also includes infertility associated with medical and surgical gender affirmation.

**In vitro fertilization** In vitro fertilization (IVF) is a method of assisted reproduction that involves combining an egg with sperm in a laboratory dish. If the egg fertilizes and begins cell division, the resulting embryo may be transferred into the uterus where it may implant in the uterine lining and further develop, or be cryopreserved for later transfer. A cycle of IVF is defined as stimulation of ovaries, oocyte retrieval, and embryo transfer or preservation.

**Infertility** Infertility is defined as the inability to conceive pregnancy within a 12-month period for individuals under age 35 (6 months for persons aged 35 or older) through unprotected intercourse or artificial insemination. Infertility may also be established through evidence of medical history and diagnostic testing. Infertility includes the need for medical intervention to conceive pregnancy either as an individual or with a partner, except following voluntary sterilization.

**Inpatient care** Inpatient care is care rendered to a person who has been admitted to a hospital for bed occupancy for purposes of receiving inpatient hospital services. Generally, a patient is considered an inpatient if formally admitted as an inpatient with the expectation that he or she will remain at least overnight and occupy a bed even if it later develops that the patient can be safely discharged or transferred to another hospital and not actually use a hospital bed overnight. See Section 3, *How you get care*, Covered facilities, for the definition of an Acute Inpatient and Residential Treatment Center.

**Long-term acute care** Often referred to as LTCH or LTAC, these facilities provide services for patients who need extended intensive or critical, hospital-level of care beyond that of the traditional short hospital stay. LTCH's specialize in treating patients who have more than one serious condition yet have the potential to improve with time and care and return to their previous health status. Generally, services are focused on respiratory therapy, head trauma treatment, and pain management.

**Long-term care** We do not provide benefits for long-term care, regardless of who recommends the care or where it is provided. The Carrier or its delegated medical professionals determine which services are long-term care.

A range of services and support provided to meet personal care needs on a long-term basis. While some medical care may be necessary, most of the care provided is not and does not require a licensed caregiver. This encompasses a spectrum of services provided in a variety of settings for people who do not have full independence because of a medical condition, injury, or chronic and/or behavioral illness.

Long-term care is often used to provide custodial care as well as instrumental activities of daily living necessary for safety and health.

Long-term care is usually custodial care that has lasted for 90 days or more yet can begin prior to 90 days dependent on the member's response to professional intervention.

**Long-term care and long-term acute care are not one and the same. See the definition of long-term acute care for more information about those services.**

**Medical foods for inborn errors of metabolism (IEM)**

Inborn errors of metabolism are rare genetic (inherited) disorders in which the body cannot properly turn food into energy. The disorders are usually caused by defects in specific proteins (enzymes) that help break down (metabolize) parts of food. GEHA will cover medical food for a diagnosis of IEM. Medical Food is defined as a food which is recommended by a physician after an evaluation and is intended to provide for the dietary management of a disease or condition that has specific nutritional requirements. GEHA will not cover "grocery" food items that can routinely be obtained online or in stores (e.g., gluten-free breads).

**Medical necessity**

Services, drugs, supplies or equipment provided by a hospital or covered provider of the healthcare services that the Plan determines:

- Are appropriate to diagnose or treat the patient's condition, illness or injury;
- Are consistent with generally accepted standards of medical practice in the United States.
  - Generally accepted standards of medical practice are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, national physician specialty society recommendations and the views of medical practitioners practicing in relevant clinical areas, and any other relevant factors;
- Are not primarily for the personal comfort or convenience of the patient, the family, or the provider;
- Are not a part of or associated with the scholastic education or vocational training of the patient;
- In the case of inpatient care, cannot be provided safely on an outpatient basis or
- Is not custodial or long-term care (see the Plan's definition on the previous page).

The fact that a covered provider has prescribed, recommended, or approved a service, supply, drug or equipment does not, in itself, make it medically necessary.

**Mental health/ substance use disorder**

Conditions and diseases listed in the most recent edition of the International Classification of Diseases (ICD) as psychoses, neurotic disorders, or personality disorders; other nonpsychotic mental disorders listed in the ICD, to be determined by the Plan; or disorders listed in the ICD requiring treatment for misuse or dependence upon substances such as alcohol, narcotics, or hallucinogens; may also be collectively referred to as Behavioral Health conditions. Precertification is required for all of the following services and must be provided by a covered facility or covered provider as defined in Section 3. *How You Get Care*.

**Inpatient Behavioral Health (includes mental health and substance use disorders):**

- Acute Care Hospital: See Section 3 under Covered Facilities.
- Residential Treatment Center (RTC): See Section 3 under Covered Facilities.

**Intensive Day Treatment:**

- Intensive day treatment programs are outpatient services that must be rendered on an outpatient basis. Regardless of where services are rendered, the provider and/or the facility, must be licensed to provide intensive day mental health and/or substance use treatment and must meet GEHA's definition of a covered provider in Section 3. GEHA does not cover room and board during intensive day treatment programs. Under the direction of a physician, services must be provided for at least two hours per day and may include group, individual, and family therapy along with psychoeducational services and adjunctive psychiatric medication management.

- Partial Hospitalization Program (PHP): facility-based outpatient treatment program for mental health and/or substance use disorder conditions not requiring 24-hour care. Twenty or more hours of care per week is usually delivered at a minimum of four hours a day, five days a week. Time frames and frequency will vary based on condition, severity, and individual treatment plan.
- Intensive Outpatient (IOP): A comprehensive, structured outpatient treatment program that includes extended periods of individual or group therapy sessions for mental health and/or substance use disorder conditions. It is an intermediate level of care between traditional outpatient therapy and partial hospitalization, delivered in an outpatient facility or outpatient professional office setting. Nine or more hours of care per week is usually delivered at a minimum of three hours a day, three days a week. Time frames and frequency will vary based on condition, severity, and individual treatment plan.

**Minor acute conditions**

Common, non-emergent conditions. Examples of common conditions include sinus problems, rashes, allergies, cold and flu symptoms, etc.

**Never event policies**

Federal or State policies that bar healthcare providers from charging patients for care that is attributable to certain avoidable complications or errors, such as wrong site surgery.

**Observation care**

Observation care is a well-defined set of specific, clinically appropriate services, which include ongoing short-term treatment, assessment, and reassessment, that are furnished while a decision is being made regarding whether patients will require further treatment as hospital inpatients or if they are able to be discharged from the hospital. Observation services are commonly ordered for patients who present to the emergency department and who then require a significant period of treatment or monitoring in order to make a decision concerning their admission or discharge.

The Plan provides outpatient hospital benefits for observation care. If you are in the hospital for more than a few hours, confirm with your physician whether your stay is inpatient or outpatient so that you are aware of how your hospital claim will be processed.

**Plan allowance**

Our Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Fee-for-service plans determine their allowances in different ways. We determine our Plan allowance as follows:

***In-network providers:*** Our network allowances are negotiated with each provider who participates in the network. Network allowances may be based on a standard reduction or on a negotiated fee schedule. For these allowances, the in-network provider has agreed to accept the negotiated reduction and you are not responsible for this discounted amount. In these instances, the benefit paid plus your coinsurance equals payment in full.

***Out-of-network providers:*** We will determine the out-of-network Plan allowance by applying the following rules:

1. For emergent services, air ambulance, and services performed by certain out-of-network providers rendered at in-network facilities, the Plan allowance will be the "recognized amount" as defined by the federal law.
2. Reimbursement for covered services received from out-of-network providers, including Physicians or health care facilities, are determined based on a methodology which considers the following:
  - The amount that is usually accepted by health care providers in the same geographical area (or greater area, if necessary) for the same services, treatment, or devices received by the member; or
  - Current publicly available data (including but not limited to pricing data published by the US Department of Veteran Affairs, RJ Health, and Medicare) reflecting the costs for health care providers providing the same or similar services, treatment, or materials adjusted for geographical differences plus a margin factor above cost.
  - Or, fee(s) that are negotiated with the Physician or facility.

To estimate our maximum Plan allowance for a non-network provider before you receive services from them, call us at 800-821-6136. For more information, see *Differences between our allowance and the bill* in Section 4.

You should also see *Important Notice About Surprise Billing – Know Your Rights* in Section 4 that describes your protections against surprise billing under the No Surprises Act.

<b>Post-service claims</b>	Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.
<b>Pre-service claims</b>	Those claims 1) that require precertification or preauthorization and 2) where failure to obtain precertification or preauthorization results in a reduction of benefits.
<b>Preauthorization</b>	A decision made by your health plan that a healthcare service, treatment plan, drug, surgery, or durable medical equipment is medically necessary after review of medical information. Sometimes called prior approval.
<b>Precertification</b>	The process of collecting information and obtaining authorization from the health plan prior to an inpatient admission or other selected ambulatory procedures and services.
<b>Primary care provider</b>	For purposes of the office visit copayment for the Standard Option benefits, primary care providers are individual doctors (M.D. or D.O.) whose medical practice is limited to family/general practice, internal medicine, pediatrics/adolescent medicine, obstetrics/gynecology (OB/Gyn) or geriatrics, psychiatrists, licensed clinical psychologists, licensed clinical social worker, licensed professional counselors or licensed marriage and family therapists. Doctors listed in provider directories or advertisements under any other medical specialty or sub-specialty area (such as internal medicine doctors also listed under cardiology, or pediatric sub-specialties such as pediatric allergy) are considered specialists, not primary care providers. Chiropractors, eye doctors, dentists, and audiologists are not considered primary care providers.
<b>Reimbursement</b>	A carrier's pursuit of a recovery if a covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.
<b>Sound natural tooth</b>	A sound natural tooth is a whole or properly restored tooth that has no condition that would weaken the tooth or predispose it to injury prior to the accident, such as decay, periodontal disease, or other impairments. For purposes of the Plan, damage to a restoration, such as a prosthetic crown or prosthetic dental appliance (i.e., bridgework), would not be covered as there is no injury to the natural tooth structure.
<b>Specialty medication</b>	Specialty medications are biotech or biological drugs that are oral, injectable or infused, or may require special handling. To maximize patient safety, all specialty medications require preauthorization. These drugs are used in the treatment of complex, chronic medical conditions such as hemophilia, multiple sclerosis, hepatitis, cancer, rheumatoid arthritis, pulmonary hypertension, osteoarthritis, and immune deficiency.
<b>Subrogation</b>	A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.
<b>Surgery</b>	Surgery may include procedures such as but not limited to cutting (incision); removing (excision); abrading; manipulating (e.g., setting bones); stitching; probing; injections (e.g., intraarticular, trigger point); exposing to heat, cold, chemicals, light/laser energy, or certain forms of radiation (e.g., radiofrequency ablation, gamma knife); or other techniques designed to structurally alter tissue within the body for the purpose of diagnosing and treating diseases, injuries, or deformities.

<b>Surprise bill</b>	<p>An unexpected bill you receive for</p> <ul style="list-style-type: none"> <li>• emergency care- when you have little or no say in the facility or provider from whom you receive care, or for</li> <li>• non-emergency services furnished by nonparticipating providers with respect to patient visits to participating health care facilities, or for</li> <li>• air ambulance services furnished by nonparticipating providers of air ambulance services.</li> </ul>
<b>Telehealth</b>	<p>Online/virtual doctor visits provided remotely by means of telecommunications technology.</p>
<b>Urgent care claims</b>	<p>A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:</p> <ul style="list-style-type: none"> <li>• Waiting could seriously jeopardize your life or health;</li> <li>• Waiting could seriously jeopardize your ability to regain maximum function; or</li> <li>• In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.</li> </ul> <p>Urgent care claims usually involve pre-service claims and not post-service claims. We will determine whether or not a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.</p> <p>If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department at 800-821-6136. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.</p>
<b>Us/We</b>	<p>Us and We refer to Government Employees Health Association, Inc.</p>
<b>You</b>	<p>You refers to the enrollee and each covered family member.</p>

## Summary of Benefits for the High Option of the Government Employees Health Association, Inc. 2025

**Do not rely on this chart alone.** This is a summary. All benefits are subject to the definitions, limitations, and exclusions in this brochure. Before making a final decision, please read this FEHB brochure. You can also obtain a copy of our Summary of Benefits and Coverage as required by the Affordable Care Act at [www.geha.com/SBC](http://www.geha.com/SBC).

If you want to enroll or change your enrollment in this Plan, be sure to put the correct enrollment code from the cover on your enrollment form.

Below, an asterisk (\*) means the item is subject to the \$350 Self Only or \$700 Self Plus One or Self and Family calendar year deductible when you use in-network providers; or subject to \$700 Self Only or \$1,400 Self Plus One or Self and Family calendar year deductible when you use out-of-network providers. And, after we pay, you generally pay any difference between our allowance and the billed amount if you use an out-of-network physician or other healthcare professional.

High Option Benefits	You pay	Page
<p><b>Medical services provided by physicians:</b> Diagnostic and treatment services provided in the office</p> <p>Note: Certain diagnostic tests are not subject to the calendar year deductible. See Section 5(a).</p>	<p>In-network: \$20 copay primary care provider for covered office visit and 10%* of the covered professional services including X-ray and lab</p> <p>\$30 copay specialist for covered office visit and 10%* of the covered professional services including X-ray and lab</p> <p>Out-of-network: 35%* of covered professional services</p>	35
<p><b>Services provided by a hospital: Inpatient</b></p>	<p>In-network: 10% of room and board and other hospital charges, inpatient \$100 per admission copayment applies</p> <p>Out-of-network: 35% of room and board and other hospital charges, inpatient \$300 per admission copayment applies</p>	72
<p><b>Services provided by a hospital: Outpatient</b></p>	<p>In-network: 10%* of other hospital charges</p> <p>Out-of-network: 35%* of other hospital charges</p>	75
<p><b>Emergency benefits:</b> Accidental injury</p>	<p>Nothing up to Plan allowance of covered charges incurred within 72 hours of an accident</p>	80
<p><b>Emergency benefits:</b> Medical emergency</p>	<p>In-network: 15%* of the Plan allowance</p> <p>Out-of-network: Emergency care is paid at the in-network level</p>	81
<p><b>Mental health and substance use disorder treatment:</b></p>	<p>Regular cost-sharing*</p>	84
<p><b>Prescription drugs:</b> Retail pharmacy</p>	<p>Network pharmacy: Member pays lesser of \$10 or pharmacy's usual and customary cost for generic drugs/ 25% preferred drugs for up to a maximum of \$150 for up to a 30-day supply/ 40% non-preferred drugs for up to a maximum of \$200 for up to a 30-day supply/ \$10 plus the difference in cost between the brand name and the generic for up to a 30-day supply for the first and second fill. For third and subsequent fills, you pay the greater of 50% or the amount described above (except for Maintenance Choice).</p>	97

High Option Benefits	You pay	Page
<b>Prescription drugs:</b> Retail pharmacy	<p>Non-network pharmacy: Member pays lesser of \$10 or pharmacy's usual and customary cost for generic drugs/ 25% preferred drugs for up to a maximum of \$150 for up to a 30-day supply/ 40% non-preferred drugs for up to a maximum of \$200 for up to a 30-day supply/ \$10 plus the difference in cost between the brand name and the generic for up to a 30-day supply for the first and second fill. For third and subsequent fills, you pay the greater of 50% or the amount described above. You pay any difference between our allowance and the cost of the drug.</p> <p>Copayments and coinsurance go toward a \$6,000 annual in-network out-of-pocket except for the difference in cost between the brand name and the generic.</p>	97
<b>Prescription drugs:</b> Mail order	<p>Member pays lesser of \$20 or the cost of the drug for generic drugs/ 25% preferred drugs for up to a maximum of \$350 for up to a 90-day supply/ 40% non-preferred drugs for up to a maximum of \$500 for up to a 90-day supply/ \$20 plus the difference in cost between the brand name and the generic for up to a 90-day supply.</p> <p>Copayments and coinsurance go toward a \$6,000 annual in-network out-of-pocket except for the difference in cost between the brand name and the generic.</p>	98
<b>Dental care:</b>	Charges in excess of the scheduled amounts for diagnostic and preventive service, restorations, and extractions	107
