Important Notice

Important Notice for Medicare-eligible Active Employees from Health Alliance Plan About Our Prescription Drug Coverage and Medicare

The Office of Personnel Management (OPM) has determined that the Health Alliance Plan of Michigan's prescription drug coverage for active employees is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means active employees and their covered family members do not need to enroll in an open market Medicare Part D plan and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your PSHB coverage as an active employee.

However, if you (as an active employee and your covered Medicare Part D-eligible family members) choose to enroll in an open market Medicare Part D plan, you can keep your PSHB coverage and your PSHB plan will coordinate benefits with Medicare.

Please be advised

If you lose or drop your PSHB coverage and go 63 days or longer without prescription drug coverage that is at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19% higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 800-772-1213 TTY 800-325-0778.

Additional Premium for Medicare's High Income Members Income-Related Monthly Adjustment Amount (IRMAA)

The Medicare Income-Related Monthly Adjustment Amount (IRMAA) is an amount you may pay in addition to your PSHB premium to enroll in and maintain Medicare prescription drug coverage. **This additional premium is assessed only to those with higher incomes and is adjusted based on the income reported on your IRS tax return.** You do not make any IRMAA payments to your PSHB plan. Refer to the Part D-IRMAA section of the Medicare website: www.medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans to see if you would be subject to this additional premium.

You can get more information about open market Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit www.medicare.gov for personalized help.
- Call 800-MEDICARE 800-633-4227, TTY 877-486-2048.

Introduction

This brochure describes the benefits of Health Alliance Plan of Michigan under contract (CS PS 1092) between Health Alliance Plan of Michigan, as a legal entity, and the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits (FEHB) law, as amended by the Postal Service Reform Act, which created the Postal Service Health Benefits (PSHB) Program. Customer service may be reached at 800 556-9765 or through our website: www.hap.org/PSHB. The address for Health Alliance Plan of Michigan's administrative offices is:

Health Alliance Plan
1414 E. Maple Rd.
Troy MI 48083

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self Plus One or Self and Family coverage, each eligible family member is also entitled to these benefits. If you are a Postal Service annuitant and you are eligible for Medicare Part D, or a covered Medicare Part D-eligible family member of a Postal Service annuitant, your prescription drug benefits are provided under our Medicare Part D Prescription Drug Plan (PDP) Employer Group Waiver Plan (EGWP). You can also choose to enroll in our Medicare Advantage Prescription Drug (MAPD) EGWP. If you choose to enroll in our MAPD EGWP call 833-HAP-HERE or 833-427-4373. You do not have a right to benefits that were available before January 1, 2025 under the FEHB Program unless those benefits are also shown in this PSHB Plan brochure.

OPM negotiates benefits and rates for each plan annually. Benefits are effective January 1, 2025. Rates are shown at the end of this brochure.

Plain Language

All brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee and each covered family member, “we” means Health Alliance Plan of Michigan
- We limit acronyms to ones you know. OPM is the United States Office of Personnel Management. The FEHB Program is the Federal Employees Health Benefits Program administered by OPM and established under [5 U.S.C. chapter 89](#). The PSHB Program is the Postal Service Health Benefits Program established within the FEHB Program under [5 U.S.C. section 8903c](#). PSHB Plan means a health benefits plan offered under the PSHB Program. PSHB means Postal Service Health Benefits. If we use others, we tell you what they mean.
- Our brochure and other PSHB plans’ brochures have the same format and similar descriptions to help you compare plans.

Stop Health Care Fraud!

Fraud increases the cost of healthcare for everyone and increases your Postal Service Health Benefits Program premium. Fraud increases the cost of healthcare for everyone and increases your Postal Service Health Benefits Program premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the PSHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the phone or to people you do not know, except for your healthcare providers, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.

- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) statements that you receive from us.
- Periodically review your claim history for accuracy to ensure we have not been billed for services you did not receive.
- Do not ask your doctor to make false entries on certificates, bills, or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 800-556-9765 and explain the situation.

If we do not resolve the issue:

**CALL - THE HEALTHCARE FRAUD HOTLINE
877-499-7295**

OR go to www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/

The online reporting form is the desired method of reporting fraud in order to ensure accuracy, and a quicker response time.

You can also write to:

**United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100**

Do not maintain family members on your policy:

- Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise)
- Your child age 26 or over (unless they are disabled and incapable of self-support prior to age 26)

A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's PSHB enrollment.

- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include falsifying a claim to obtain PSHB benefits, trying to or obtaining service or coverage for yourself or for someone else who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage, (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Discrimination is Against the Law

We comply with applicable Federal nondiscrimination laws and do not discriminate on the basis of race, color, national origin, age, disability, religion, or sex (including pregnancy, sexual orientation, and gender identity). We do not exclude people or treat them differently because of race, color, national origin, age, disability, religion, or sex (including pregnancy, sexual orientation, and gender identity).

The health benefits described in this brochure are consistent with applicable laws prohibiting discrimination. All coverage decisions will be based on nondiscriminatory standards and criteria. An individual's protected trait or traits, for example a member's gender identity or the fact that the covered benefit is sought in connection with gender-affirming care, will not be used to deny health benefits for items, supplies, or services that are otherwise covered and determined to be medically necessary.

Preventing Medical Mistakes

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own healthcare and that of your family members by learning more about and understanding your risks. Take these simple steps:

Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes, ask questions and understand answers.

1. **Keep and bring a list of all the medications you take.**

- Bring the actual medication or give your doctor and pharmacist a list of all the medicines and dosage that you take, including non-prescription (over-the-counter) medications and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medication is what the doctor ordered. Ask your pharmacist about the medication if it looks different than you expected.
- Read the label and patient package insert when you get your medication, including all warnings and instructions
- Know how to use your medication. Especially note the times and conditions when your medication should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.
- Understand both the generic and brand names of your medication. This helps ensure you do not receive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

2. **Get the results of any test or procedure.**

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider's portal?
- Don't assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

3. **Talk to your doctor about which hospital or clinic is best for your health needs.**

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the healthcare you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

4. **Make sure you understand what will happen if you need surgery.**

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, “Who will manage my care when I am in the hospital?”
- Ask your surgeon:
 - “Exactly what will you be doing?”
 - “About how long will it take?”
 - “What will happen after surgery?”
 - “How can I expect to feel during recovery?”
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

Preventable Healthcare Acquired Conditions (“Never Events”)

When you enter the hospital for treatment of one medical problem, you do not expect to leave with additional injuries, infections, or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, can indicate a significant problem in the safety and credibility of a healthcare facility. These conditions and errors are sometimes called “Never Events” or “Serious Reportable Events.”

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your PSHB plan will incur costs to correct the medical error. You will not be billed for inpatient services related to treatment of specific hospital-acquired conditions or for inpatient services needed to correct Never Events, if you use HAP preferred providers. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

PSHB Facts

Coverage information

No pre-existing condition limitation

We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.

- **Minimum essential coverage (MEC)**

Coverage under this plan qualifies as minimum essential coverage. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

- **Minimum value standard**

Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.

- **Where you can get information about enrolling in the PSHB Program**

See <https://health-benefits.opm.gov/PSHB/> for enrollment information as well as:

- Information on the PSHB Program and plans available to you
- A health plan comparison tool

Note: Contact the USPS for information on how to enroll in a PSHB Program Plan through the PSHB System.

Also, your employing or retirement office can answer your questions, give you other plans' brochures and other materials you need to make an informed decision about your PSHB coverage. These materials tell you:

- When you may change your enrollment
- How you can cover your family members
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
- What happens when your enrollment ends
- When the next Open Season for enrollment begins

We do not determine who is eligible for coverage. You will be responsible for making changes to your enrollment status through the PSHB System. In some cases, your employing or retirement office may need to submit documentation. For information on your premium deductions, you must also contact your employing or retirement office.

Once enrolled in your PSHB Program Plan, you should contact your carrier directly for address updates and questions about your benefit coverage.

- **Enrollment types available for you and your family**

Self Only coverage is only for the enrollee. Self Plus One coverage is for the enrollee and one eligible family member. Self and Family coverage is for the enrollee and one or more eligible family members. Family members include your spouse and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self Plus One or Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. You enroll in a PSHB Program Plan and make enrollment changes in the PSHB System located at www.health-benefits.opm.gov/pshb. For assistance with the PSHB System, call the PSHBP Helpline at (844) 451-1261. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment request. Benefits will not be available to your spouse until you are married. A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's PSHB enrollment. Use the PSHB system if you want to change from Self Only to Self Plus One or Self and Family, and to add or remove a family member.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits. Please, report changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26 through the PSHB System. We will send written notice to you 60 days before we proactively disenroll your child on midnight of their 26th birthday unless your child is eligible for continued coverage because they are incapable of self-support due to a physical or mental disability that began before age 26.

If you or one of your family members is enrolled in one PSHB plan, you or they cannot be enrolled in or covered as a family member by another enrollee in another PSHB or FEHB plan.

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the PSHB Program, change your enrollment, or cancel coverage using the PSHB System. For a complete list of QLEs, visit the PSHB website at <https://health-benefits.opm.gov/PSHB/>. If you need assistance, please contact your employing agency, personnel/payroll office, or retirement office.

- **Family Member Coverage**

Family members covered under your Self and Family enrollment are your spouse (including your spouse by a valid common-law marriage from a state that recognizes common-law marriages) and children as described in the chart below. A Self Plus One enrollment covers you and your spouse, or one other eligible family member, as described below.

Natural children, adopted children, and stepchildren

Coverage: Natural children, adopted children, and stepchildren are covered until their 26th birthday.

Foster children

Coverage: Foster children are eligible for coverage until their 26th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.

Children incapable of self-support

Coverage: Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.

Married children

Coverage: Married children (but NOT their spouse or their own children) are covered until their 26th birthday.

Children with or eligible for employer-provided health insurance

Coverage: Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at www.opm.gov/healthcare-insurance.

• **Children's Equity Act**

OPM implements the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the PSHB Program if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll in Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no PSHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the PSHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that does not serve the area in which your children live, unless you provide documentation that you have other coverage for the children.

If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for PSHB coverage, you must continue your PSHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that does not serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

For annuitants who are required to be enrolled in Medicare Part B as a condition to continue PSHB coverage in retirement: If you enroll in Medicare Part B and continue PSHB coverage in retirement, the child equity law applies to you and you cannot cancel your coverage, change to Self Only, or change to a plan that does not serve the area in which your child(ren) live as long as the court/administrative order is in effect. You cannot be compelled to enroll or remain enrolled in Medicare Part B to maintain your PSHB enrollment as a condition to satisfy a court/administrative order. However, if you do not enroll (or remain enrolled) in Medicare Part B as required to continue your PSHB coverage in retirement (notwithstanding an existing court/administrative order), you will not be able to continue your PSHB coverage in retirement.

- **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage and premiums begins on January 1. If you joined at any other time during the year, your employing or retirement office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

- **When you retire**

When you retire, you can usually stay in the PSHB Program. Generally, you must have been enrolled in the FEHB and/or PSHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

Medicare Prescription Drug Plan (PDP) Employer Group Waiver Plan (EGWP)

Our PDP EGWP is only available to Postal Service annuitants who are Medicare Part D-eligible and their covered Medicare Part D-eligible family members. Our PDP EGWP is not an open market Medicare Part D Plan. If you are an active Postal Service employee, or covered family member, and become eligible to enroll in Medicare Part D, you are not eligible to enroll in our PDP EGWP. Please, contact CMS for assistance at 800-MEDICARE (800-633-4227).

When you lose benefits

- **When PSHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment; or
- You are a family member no longer eligible for coverage.

Any person covered under the 31-day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31-day temporary extension.

If you are eligible for coverage under spouse equity, you are only eligible to enroll in the FEHB Program. If you are not eligible for coverage under spouse equity and you are otherwise eligible for Temporary Continuation of Coverage (TCC), then you could enroll in TCC under the PSHB Program.

- **Upon divorce**

If you are an enrollee and your divorce or annulment is final, your ex-spouse cannot remain covered as a family member under your Self Plus One or Self and Family enrollment. You must enter the date of the divorce or annulment and remove your ex-spouse in the PSHB System. We may ask for a copy of the divorce decree as proof. If you need to change your enrollment type, you must use the PSHB System. A change will not automatically be made.

If you were married to an enrollee and your divorce or annulment is final, you may not remain covered as a family member under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own coverage under the spouse equity law or Temporary Continuation of Coverage (TCC). Former spouses eligible for coverage under the spouse equity law are not eligible to enroll in the PSHB Program. However, former spouses eligible for coverage under the spouse equity law may enroll in the FEHB Program. (Former Spouses seeking but not yet adjudicated as eligible for Spouse Equity may be entitled to TCC under a PSHB plan in the interim).

Former spouses not meeting the spouse equity requirements may be eligible for TCC under the PSHB Program provided you otherwise meet the eligibility requirements for TCC. If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get information about your coverage choices. You can also visit OPM's website at <https://www.opm.gov/healthcare-insurance/life-events/memy-family/im-separated-or-im-getting-divorced/#url=Health>. We may request that you verify the eligibility of any or all family members listed as covered under the enrollee's PSHB enrollment.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your PSHB enrollment after you retire, if you lose your Federal job, or if you are a covered child and you turn 26.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, from your employing or retirement office or from www.opm.gov/healthcare-insurance. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing PSHB Program coverage.

- **Converting to individual coverage**

You may convert to a non-PSHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must contact us in writing within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will not notify you. You must contact us in writing within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the PSHB Program; however, you will not have to answer questions about your health, a waiting period will not be imposed, and your coverage will not be limited due to pre-existing conditions. When you contact us we will assist you in obtaining information about health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace in your state. For assistance in finding coverage, please contact us at 800-556-9765 or visit our website at www.hap.org/pshb.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the ACA's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

- **Medicare PDP EGWP**

When a Postal Service annuitant who is Medicare Part D-eligible or their covered Medicare-eligible family member opts out of or disenrolls from our PDP EGWP, they will not have our prescription drug coverage under this plan. If you do not maintain creditable coverage, re-enrollment in our PDP EGWP may be subject to a late enrollment penalty. Contact us for additional information at 800.236.4782.

Section 1. How This Plan Works

This Plan is a health maintenance organization (HMO). OPM requires that PSHB plans be accredited to validate that plan operations and/or care management meet nationally recognized standards. Health Alliance Plan holds the following accreditations: HAP holds the following accreditation: National Committee for Quality Assurance. To learn more about this plan's accreditation, please visit the following website: www.ncqa.org. We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services. We are solely responsible for the selection of these providers in your area. Contact us for a copy of our most recent provider directory. We give you a choice of enrollment in a High Option or a Standard Option.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

General features of our High and Standard Options

Provider Networks and Accessing Specialty Care

HMO members need to choose a PCP. Our HMO network includes thousands of doctors and leading hospitals. To find doctors within your HMO plan, visit www.hap.org/hmodoctors. You can also call a PCP selection specialist at (888) 742-2727. With this plan, your care is coordinated through your primary care provider. Your PCP will provide your preventive care, keep your medical history updated and help you choose a specialist if you need one. When you need to see a specialist for an initial consultation, you don't need to get a referral from HAP.

How we pay providers

We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your cost-sharing (copayments, coinsurance, deductibles, and non-covered services and supplies).

Your rights and responsibilities

OPM requires that all PSHB plans provide certain information to their PSHB members. You may get information about us, our networks, and our providers. OPM's PSHB website www.opm.gov/healthcare-insurance/ lists the specific types of information that we must make available to you. Some of the required information is listed below:

- 40+ years in existence
- Non-profit

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our website, www.hap.org/pshb. You can also contact us to request that we mail a copy to you.

If you want more information about us, call 800-556-9765, or write to Health Alliance Plan 1414 E. Maple Rd. Troy MI 48083. You may also visit our website at www.hap.org/pshb.

By law, you have the right to access your protected health information (PHI). For more information regarding access to PHI, visit our website Health Alliance Plan at www.hap.org/pshb to obtain our Notice of Privacy Practices. You can also contact us to request that we mail you a copy of that Notice.

Your medical and claims records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

Service Area

To enroll in this Plan, you must live in or work in our service area. This is where our providers practice. Our service area is: 34-counties to include: Barry, Bay, Clinton, Eaton, Genesee, Gratiot, Hillsdale, Huron, Ingham, Iosco, Jackson, Kent, Lapeer, Lenawee, Livingston, Macomb, Mason, Mecosta, Monroe, Montcalm, Muskegon, Newaygo, Oakland, Oceana, Osceola, Ottawa, Saginaw, Sanilac, Shiawassee, St. Clair, Tuscola, Washtenaw, and Wayne counties.

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other healthcare services out of our service area unless the services have prior plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. New for 2025

This is the first year for the Postal Service Health Benefits Program (PSHBP). This Section is not an official statement of benefits. For that, go to Section 5. Benefits.

Section 3. How You Get Care

Identification cards	<p>We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the PSHB System enrollment confirmation. Note: If you are enrolled in our Medicare Part D PDP EGWP, you may receive a second ID card for your prescription drug benefits.</p> <p>If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 313-664-8757 or 800-556-9765 or write to us at HAP, 1414 E. Maple Rd. Troy MI 48083.. If you know your HAP ID Number, you may also request replacement cards through our website at www.hap.org. ID cards may also be viewed at any time on the HAP App mobile app (available for iTunes and Android).</p>
When you get care	<p>You can receive coverage under this plan on your effective enrollment date. Your effective enrollment date is the first day of your first pay period that starts on or after January 1st. For a few days at the beginning of the year, you may be under your prior plan. Please check with your employing office if you have questions about your effective enrollment date or if you are a new employee.</p>
When you get covered Care	<p>HMO members need to choose a PCP. HAP's HMO network includes thousands of doctors and leading hospitals. Your PCP will provide your preventive care, keep your medical history updated and help you choose a specialist if you need one.</p>
Plan Providers	<p>Plan providers are physicians and other healthcare professionals in our service area that we employ or contract with to provide covered services to our members. Services by Plan Providers are covered when acting within the scope of their license or certification under applicable state law. We credential Plan providers according to national standards.</p> <p>Benefits are provided under this Plan for the services of covered providers, in accordance with Section 2706(a) of the Public Health Service Act. Coverage of practitioners is not determined by your state's designation as a medically underserved area. We list Plan providers in the provider directory, which we update periodically. For the most up-to-date list, visit our website at www.hap.org/providers.</p> <p>This plan recognizes that transgender, non-binary, and other gender diverse members require health care delivered by healthcare providers experienced in <i>gender affirming</i> health. Benefits described in this brochure are available to all members meeting medical necessity guidelines regardless of race, color, national origin, age, disability, religion, sex or gender.</p> <p>This plan provides Care Coordinators for complex conditions and can be reached 800-556-9765 for assistance.</p>
Plan Facilities	<p>Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our website.</p>
Circumstances beyond our control	<p>Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.</p>
If you disagree with our pre-service claim decision	<p>If you have a pre-service claim and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below. If your claim is in reference to a contraceptive, call 800-556-9765.</p>

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

What you must do to get covered care

It depends on the type of care you need. First, you and each family member must choose a primary care provider. Each covered member on your plan may choose their own primary care provider. This decision is important since your primary care provider provides or arranges for most of your health care. See "Primary Care" section below for information about how to choose a primary care provider.

HMO members need to choose a PCP. Our HMO network includes thousands of doctors and leading hospitals. To find doctors within your HMO plan, visit hap.org/hmo doctors. You can also call a PCP selection specialist at (888) 742-2727. With this plan, your care is coordinated through your primary care provider. Your PCP will provide your preventive care, keep your medical history updated and help you choose a specialist if you need one. When you need to see a specialist for an initial consultation, you don't need to get a referral from HAP.

No matter what network and doctor you choose, you're going to get the care you need.

Primary care

Your primary care provider can be a family practitioner, internist, general practitioner, or pediatrician. Your primary care provider will provide most of your healthcare, or give you a referral to see a specialist.

You may change your primary care provider at any time for any reason. If you would like to change your primary care provider, please call us. If your primary care provider leaves the plan, we will contact you and help you select a new one. Simply call our primary care provider. Select line at 888-PIC-A-PCP or 888-742-2727. You may also select a primary care provider online. Log in at www.hap.org and select the tab: *Find a Doctor/Facility*

Specialty care

Your primary care provider (PCP) will refer you to a specialist for needed care. HAP doesn't require you to get a referral to see a specialist in your network for an initial consultation. However, the specialist you visit may require a referral from your PCP. The schedules for certain specialists get filled months in advance. They may only accept patients whose PCP believes the patient needs specialty care. You can get behavioral health services without a referral from your PCP, by calling 800-444-5755.

Here are some other things you should know about specialty care: Chronic/serious ongoing conditions:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your PCP will provide a recommendation for you to see a specialist for care, HAP does not require a referral.
- If you are seeing a specialist when you enroll in HAP's plan, and your current specialist does not participate with HAP, you must receive treatment from a specialist who does. Generally, HAP will not pay for you to see a specialist who does not participate with our Plan.

Hospital care

Your Plan primary care provider or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

If you are hospitalized when your enrollment begins

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 313-664-8757 or 800-556-9765. If you are new to the PSHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another PSHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;

- the day your benefits from your former plan run out, or
- the 92nd day after you become a member of this Plan, whichever happens

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the PSHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

Since your primary care provider arranges most referrals to specialists and inpatient hospitalization, the pre-service claim approval process only applies to care shown under *Other services*. You must get prior approval for certain services. Failure to do so will result in cost share.

Inpatient hospital admission

Prior authorization/precertification is a review process that ensures you meet the criteria for elective or emergency admissions before going into the hospital. All elective admissions need prior authorization/precertification before you receive inpatient services such as hospital, skilled nursing facility, hospice and behavioral health. If you are admitted to a hospital that isn't affiliated with us, we may call the doctor treating you to check your status and your care plan. When it is safe, you may be transferred to an affiliated hospital. If you refuse to be transferred, your care at the non-affiliated hospital will not be covered or may be covered at a reduced benefit level. If services such as inpatient care and treatment are needed, you can notify us by calling the number on the back of your ID card.

Other Services that need approval

Your primary care provider has authority to refer you for most services. For certain services, however, your physician must obtain prior approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice. Your doctor must obtain prior authorization for some services, such as:

- Diagnostic tests such as a MRI or CT Scan
- Durable medical equipment
- Growth hormone therapy (GHT)
- Home care services
- Inpatient care
- Non-emergency ambulance services
- Select outpatient procedures
- Transplants
- Specialty drugs
- Genetic Testing

Physicians may contact us by phone, fax or electronically to submit new requests or to seek a renewal or extension of an existing referral.

You do not need a referral from your doctor to obtain behavioral health care (mental health and substance abuse services). You may directly access services by contacting Coordinated Behavioral Health Management at 800-444-5755.

How to request precertification/prior authorization for an inpatient admission or for Other services

First, your physician, your hospital or your representative, must call us at 800-422-4641 before admission or services requiring prior authorization are rendered.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, identification number and phone number;

- reason for hospitalization, proposed treatment, or surgery;
- name and phone number of admitting physician;
- name of hospital or facility; and number of days requested for hospital stay.

Non-urgent care claims

For non-urgent care claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

Urgent care claims

If you have an urgent care claim (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and our experts decide whether or not it is an urgent care claim by applying the judgment of a prudent layperson that possesses an average knowledge of health and medication.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision verbally within these time frames, but we will follow up with written or electronic notification within three days of the verbal notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 800-422-4641. You may also call OPM's Postal Service Insurance Operations (PSIO) at 202-936-0002 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 800-422-4641. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

Concurrent care claims

A concurrent care claim involves care provided over a period of time or over a number of treatments. Any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments is an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

Emergency inpatient admission

If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must phone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital. If you are admitted to a hospital that isn't affiliated with us, we may call the doctor treating you to check your status and your care plan. When it is safe, you may be transferred to an affiliated hospital. If you refuse to be transferred, your care at the non-affiliated hospital will not be covered or may be covered at a reduced benefit level.

Maternity care

Referrals are not required for OB/GYN services. Complete maternity (obstetrical) care is covered, such as:

- Prenatal & Postpartum care
- Screening for gestational diabetes for pregnant women between 24-28 weeks gestation or first prenatal visit for women at a high risk
- Delivery
- Postnatal care
- Screening and counseling for prenatal and postpartum depression

You do not need precertification of a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than 48 hours after a vaginal delivery or 96 hours after a cesarean section, then your physician or the hospital must contact us for precertification of additional days. Further, if your baby stays after you are discharged, your physician or the hospital must contact us for precertification of additional days for your baby.

Note: When a newborn requires definitive treatment during or after the mother's hospital stay, the newborn is considered a patient in their own right. If the newborn is eligible for coverage, regular medical or surgical benefits apply rather than maternity benefits.

See page 30 for more information on maternity care. See page 29 for information on women's preventive care.

If your treatment needs to be extended

If you request an extension of an ongoing course of treatment at least 24 hours prior to the end of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

What happens when you do not follow the precertification rules when using non-network facilities

Failure to follow the precertification rules for non-network facilities could result in denial of coverage for services and the member will be responsible for payment to non-network providers.

To reconsider a non-urgent care claim

Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to:

1. Pre-certify your hospital stay or, if applicable, arrange for the healthcare provider to give you the care or grant your request for prior approval for a service, drug, or supply; or
2. Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3. Write to you and maintain our denial.

To reconsider an urgent care claim

In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Subject to a request for additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by phone, electronic mail, facsimile, or other expeditious methods.

To file an appeal with OPM

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Note: If you are enrolled in our Medicare PDP EGWP and do not agree with our benefit coverage decision you have the right to appeal. See Section. 8(a) for information about the PDP EGWP appeal process.

Balance Billing

PSHB Carriers must have clauses in their in-network (participating) providers agreements. These clauses provide that, for a service that is a covered benefit in the plan brochure or for services determined not medically necessary, the in-network provider agrees to hold the covered individual harmless (and may not bill) for the difference between the billed charge and the in network contracted amount. If an in-network provider bills you for covered services over your normal cost share (deductible, copay, co-insurance) contact your Carrier to enforce the terms of its provider contract.

Section 4. Your Cost for Covered Services

Cost-sharing Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

Copayments A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.

Example: When you see your primary care provider, you pay a copayment of \$10 per office visit, and when you go in the hospital, you pay \$100 per admission.

Deductible A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.

- The High Option has no deductible. The calendar year deductible is \$350 per person under the Standard Option. The deductible is considered satisfied and benefits are payable for you when your covered expenses applied to the calendar year deductible for your enrollment reach \$350.00. Under a Self Plus One, the deductible is considered satisfied and benefits are payable for you and one other eligible family member when the combined covered expenses applied to the calendar year deductible for your enrollment reach \$700.00. Under a Self and Family enrollment, the deductible is considered satisfied and benefits are payable for all family members when the combined covered expenses applied to the calendar year deductible for family members reach \$700.00.

Note: If you change PSHB plans during Open Season, the effective date of your new PSHB plan is January 1 of the next year, and a new deductible starts on January 1. If you change plans at another time during the year, you must begin a new deductible under your new plan.

If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your prior plan to the deductible of your new option.

Coinsurance Coinsurance is the percentage of our allowance (0% for High Option; 10% for Standard Option) that you must pay for your care. Coinsurance does not begin until you have met your calendar year deductible.

Example: In our Plan, you pay 50% of our allowance for durable medical equipment.

Differences between our Plan allowance and the bill You should also see section Important Notice About Surprise Billing – Know Your Rights below that describes your protections against surprise billing under the No Surprises Act.

Your catastrophic protection out-of-pocket maximum

High Option Plan

After your out-of-pocket expenses, including any applicable deductibles, copayments and coinsurance total \$6,350 for Self Only, or \$12,700 for a Self Plus One or Self and Family enrollment in any calendar year, you do not have to pay any more for covered services. ***The maximum annual limitation on cost sharing listed under Self Only of \$6,350 applies to each individual, regardless of whether the individual is enrolled in Self Only, Self Plus One, or Self and Family.***

Standard Option Plan

After your out-of-pocket expenses, including any applicable deductibles, copayments and coinsurance total \$6,350 for Self Only, or \$12,700 for a Self Plus One or Self and Family enrollment in any calendar year, you do not have to pay any more for covered services. ***The maximum annual limitation on cost sharing listed under Self Only of \$6,350 applies to each individual, regardless of whether the individual is enrolled in Self Only, Self Plus One, or Self and Family.***

Example Scenario: Your High Option plan has a \$6,350 Self Only maximum out-of-pocket limit and a \$12,700 Self Plus One or Self and Family maximum out-of-pocket limit. If you or one of your eligible family members has out-of-pocket qualified medical expenses of \$6,350 or more for the calendar year, any remaining qualified medical expenses for that individual will be covered fully by your health plan. With a Self and Family enrollment out-of-pocket maximum of \$12,700, a second family member, or an aggregate of other eligible family members, will continue to accrue out-of-pocket qualified medical expenses up to a maximum of \$6,350 for the calendar year before their qualified medical expenses will begin to be covered in full.

However, copayments and coinsurance, if applicable for the following services do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay copayments and coinsurance for these services:

- No copay for High Option plan, 10% after deductible for Standard Option Plan for infertility treatment.
- Expenses for services and supplies that exceed the stated maximum dollar or day limit.

For members enrolled in our Plan's associated MA-PD or PDP EGWP, we are required to accumulate all members' actual out-of-pocket costs for Medicare-covered drugs, services and supplies toward the PSHB catastrophic maximum(s), unless specifically excluded below.

If you are enrolled in our Medicare Prescription Drug Plan (PDP) Employer Group Waiver Plan (EGWP), the prescription drug out-of-pocket maximum is \$2,000. After this maximum is met, we pay 100% of all eligible covered prescription drug benefits.

Be sure to keep accurate records and receipts of your copayments and coinsurance to ensure the plan's calculation of your out-of-pocket maximum is reflected accurately.

Carryover

If you changed to this PSHB Plan during Open Season from a plan with a catastrophic protection benefit the effective date of the change is January 1, and covered expenses that apply to this plan's catastrophic protection benefit starts on January 1.

Note: If you change PSHB plans during Open Season the effective date of your new PSHB plan is January 1 of the next year, and a new catastrophic protection accumulation starts on January 1. If you change plans at another time during the year, you must begin a new catastrophic protection accumulation under your new plan.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

Important Notice About Surprise Billing – Know Your Rights

The No Surprises Act (NSA) is a federal law that provides you with protections against “surprise billing” and “balance billing” . for out-of-network emergency services; out-of-network non-emergency services provided with respect to a visit to a participating health care facility; and out-of-network air ambulance services.

A surprise bill is an unexpected bill you receive for

- emergency care – when you have little or no say in the facility or provider from whom you receive care, or for
- non-emergency services furnished by nonparticipating providers with respect to patient visits to participating health care facilities, or for
- air ambulance services furnished by nonparticipating providers of air ambulance services.

Balance billing happens when you receive a bill from the nonparticipating provider, facility, or air ambulance service for the difference between the nonparticipating provider's charge and the amount payable by your health plan.

Your health plan must comply with the NSA protections that hold you harmless from surprise bills.

In addition, your health plan adopts and complies with the surprise billing laws of Michigan.

For specific information on surprise billing, the rights and protections you have, and your responsibilities go to www.hap.org/surprise-billing or contact the health plan at 800-556-9765.

Section 5. High and Standard Option Benefits

Page 95 and page 96 are a benefits summary of each option. Make sure that you review the benefits that are available under the option in which you are enrolled.

Section 5. High and Standard Option Benefits Overview	27
Section 5(a). Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals	28

 - Help in Other Languages71
 - Travel benefit/services overseas71
- Summary of Benefits for the High Option - 202592
- Summary of Benefits for the Standard Option - 202593

Section 5. High and Standard Option Benefits Overview

This Plan offers both a High and Standard Option. Both benefit packages are described in Section 5. Make sure that you review the benefits that are available under the option in which you are enrolled.

The services and benefits described in this section are covered services when they are:

- Provided according to with HAP's benefit policy
- Provided by a plan-affiliated provider that has followed normal referral and practice policies
- Otherwise approved by HAP or its designee

The High and Standard Option Section 5 is divided into subsections. Please read *Important things you should keep in mind* at the beginning of the subsections. Also read the general exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about High and Standard Option benefits, contact us at 800-556-9765 or on our website at www.hap.org/pshb

With both our High and Standard plans, your care is coordinated through your primary care physician. Your PCP will provide your preventive care, keep your medical history updated and help you choose a specialist if you need one. When you need to see a specialist for an initial consultation, you don't need to get a referral from HAP.

Preventive care is an important part of staying healthy. HAP members are covered for a wide range of routine services including annual wellness checkups, breast cancer screenings, immunizations and more. For a full list of preventive services, visit hap.org/preventive-services.

Section 5(a). Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- A facility copay applies to services that appear in this section but are performed in an ambulatory surgical center or the outpatient department of a hospital.
- The calendar year deductible is: \$350 per person (\$700 per Self Plus One enrollment, or \$700 per Self and Family enrollment). The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- Be sure to read Section 4, *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The coverage and cost-sharing listed below are for services provided by physicians and other health care professionals for your medical care. See Section 5(c) for cost-sharing associated with the facility (i.e., hospital, surgical center, etc.).

Benefit Description	You pay	
<p>Note: The calendar year deductible applies to almost all benefits in this Section. We say “(No deductible)” when it does not apply.</p>		
Diagnostic and treatment services	High Option	Standard Option

Section 5(b). Surgical and Anesthesia Services Provided by Physicians and Other Healthcare Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- The calendar year deductible is: \$350 per person (\$700 per Self Plus One enrollment, or \$700 per Self and Family enrollment). The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The services listed below are for the charges billed by a physician or other healthcare professional for your surgical care. See Section 5(c) for charges associated with a facility (i.e. hospital, surgical center, etc.).
- **YOUR PHYSICIAN MUST GET PRECERTIFICATION FOR SOME SURGICAL PROCEDURES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.

Section 5(d). Emergency Services/Accidents

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$350 for Self Only enrollment, \$700 per Self Plus One enrollment and \$700 Self and Family enrollment each calendar year. The Self and Family and Self Plus One deductibles can be satisfied by one or more family members. The deductible applies to all benefits in this Section.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts and copayments for eligible medical expenses and prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

In an emergency situation, such as a heart attack, make sure you go to the nearest emergency facility or call 911 for help. You have full coverage for hospital admission 24/7.

Emergencies within our service area:

If you have an emergency condition and are admitted to the hospital, whether it is affiliated with HAP or not, you or your designee must call us within 48 hours at the number on the back of your ID card. If we aren't notified of an admission, it could result in the denial of any claims for the services you received.

In the case of a hospital not affiliated with HAP, we will call the doctor treating you to evaluate your condition and the treatment plan. When it is safe to do so, the doctor may arrange to transfer you to a HAP hospital.

If a hospital not affiliated with HAP requires payment at the time of service for covered benefits, you will be reimbursed. After payment, mail an itemized bill and proof of payment to the following address for reimbursement: Health Alliance Plan, Attn: Claims, 1414 E. Maple Rd. Troy MI 48083.. Please write your HAP ID number on all bills and correspondence.

Emergencies outside our service area:

You have worldwide health care coverage for medical emergencies, accidental injuries and urgent care. The back of your ID card has information to help you find providers for urgent or emergency services if you are out of our service area. Check out our website for a list of affiliated sites in the area where you are traveling. You can always call 911 or go to the nearest emergency room. If you do visit an emergency room out of the service area, you may be required to pay at the time of service.

If a hospital not affiliated with HAP requires payment at the time of service for covered benefits, you will be reimbursed. After payment, mail an itemized bill and proof of payment to the following address for reimbursement: Health Alliance Plan, Attn: Claims, 1414 E. Maple Rd. Troy MI 48083.. Please write your HAP ID number on all bills and correspondence.

Section 5(f). Prescription Drug Benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Your prescribers must obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- Federal law prevents the pharmacy from accepting unused medications.
- Deductibles do not apply to the prescription benefit
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A HAP-affiliated physician or licensed dentist, and in states allowing it, licensed/certified providers with prescriptive authority prescribing within their scope of practice must prescribe your medication. In order for your medication to be covered, you must have a prescription written by a HAP-affiliated Prescriber whose prescribing privileges have not been limited or revoked by HAP or by state or federal regulation. Be sure to take your prescription to an affiliated pharmacy to be filled. You will be responsible for any copays at the pharmacy. Also, over-the-counter drugs are not covered unless specified in the Drug Formulary.
- **Where you can obtain them.** You must fill the prescription at a participating HAP pharmacy, or by mail through Pharmacy Advantage for a maintenance medication. Our 90-Day Prescription program allows coverage of up to a 90-day supply for medications included on the HAP Maintenance Drug List at a participating retail pharmacy. Most major chains and many independent pharmacies are in the HAP 90-Day program. Typically the charge for a 90-day supply of medications included on the HAP Maintenance Drug List is two copays. Medications not included on the HAP Maintenance list are generally limited to 30-day fills unless filled through mail order. In order to use the mail order program, ask your doctor to write your maintenance prescription for a 90-day supply. Not all medications will qualify for a 90-day supply. Refer to the HAP Maintenance Drug List to see if your medication is included. Then, take your prescription to a participating pharmacy to be filled.
 - You may have your prescriptions delivered to your home by Pharmacy Advantage. Mail order is especially appealing to individuals who are taking life "maintenance" medications to treat chronic conditions like high blood pressure or diabetes or those individuals who are taking prescription strength "non-maintenance" medications such as Ibuprofen
 - How to enroll in the program: Contact HAP's Client Services department toll-free at 800-556-9765 or Pharmacy Advantage at 800-456-2112 for an enrollment form. Ask your doctor to provide a prescription written for a 90-day supply of medication. Complete the Pharmacy Advantage Enrollment Form and mail it along with your original prescription to Pharmacy Advantage, Attn: New Member Registration, 1191 S. Blvd East Rochester Hills Mi 48307.
 - Prescriptions are delivered within 7 to 10 working days. Be sure to allow enough time so as to not run out of medication. Refill or renew your prescriptions safely and securely on the Pharmacy Advantage website.
 - Maintenance Medication: up to a 90-day supply is covered for drugs listed on the Maintenance Drug List if filled at Pharmacy Advantage Mail Order Service. This applies to most strengths and oral dosage forms of the drugs listed (except where noted). Typically the charge for a 90-day supply is two retail copays.
 - Non-maintenance Medications: with the mail order service, you may be charged two copays for a 90-day supply of drugs not listed on the maintenance drug list.
 - For more information, visit the Pharmacy Advantage website at pharmacyadvantagerx.com or call toll-free 800-456-2112.
- **We use a formulary.** To ensure that you receive quality medications, HAP uses a drug formulary. You may view the formulary at www.hap.org/prescription-drug.

- **Covered Medications:** A formulary is a list of covered drugs and their respective copay tier. Medications included on formulary have been reviewed by the FDA for safety and efficacy and selected by HAP in consultation with a team of health care providers. Medications included on formulary are drugs that are self-administered and that you can obtain from pharmacies and use in the outpatient setting. You may view the formulary at www.hap.org/prescription-drug.
- **Prior Authorizations and Exceptions Process:** Some medications on our formulary have criteria you must meet before we cover them. This means that you will need to get approval from HAP before you fill your prescriptions for these drugs. You may also ask us to cover a medication not included on our formulary through the exception process. Your doctor must submit a request to us indicating why a non-formulary drug is required over formulary alternatives. If coverage of a medication that is not included on our formulary is approved through the exception process, the following will apply:
 - If coverage is approved for a generic or brand name drug, you will pay a \$60 (High Option)/\$80 (Standard Option) copay per prescription unit or refill.
 - If coverage is approved for a specialty drug, you will pay a 20% (High and Standard Option) copay per prescription unit or refill up to a \$200 max.
 - Coverage is limited to a 30-day supply for a non-formulary drug that is approved.
- **Step Therapy:** In some cases, HAP requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, HAP may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.
- **Generic Substitution:** Whenever an FDA approved generic drug is available, your prescription will be filled with the generic form of the medication. Generic drugs contain the same active ingredients and are equivalent in strength and dosage to the original brand name product. Generic drugs cost you and your plan less money than a name-brand drug. Members who receive a brand drug when a generic equivalent is available will be responsible to pay the generic copay plus the difference between the cost of the generic equivalent and the brand drug.
- **Quantity Limits:** Certain drugs have quantity limits. Quantity limit is the maximum quantity that can be dispensed per each fill of medication or the maximum number of fills allowed for treatment of certain conditions.
- **Benefit Exclusions:** The following are not covered:
 - Over-the-Counter (OTC) medications, unless specified on the formulary
 - Dietary food or food supplements
 - Drug products used for cosmetic purposes
 - Experimental drugs and/or any drug products used in an experimental manner
 - Replacement of lost or stolen medication- The cost of prescriptions filled at non-Plan pharmacies (see Section 7 for details on submitting claims for emergency services).
- **Specialty Drugs.*** Specialty drugs are prescription medications that require special handling and close supervision for safe and effective use. They are used to treat complex and chronic conditions such as hemophilia, hepatitis C, rheumatoid arthritis, HIV and more. Specialty drugs are usually injected, but can be infused, or taken by mouth. For a complete list of specialty drugs please refer to the Drug Formulary List on www.hap.org/formulary. Our Specialty Pharmacy Program focuses on patient safety and helps to ensure that you take these drugs correctly for the best results. Our goal is to make sure you have access to the specialty drugs you need.
 - **Specialty drugs require prior authorization.*** HAP requires that your doctor submit an authorization request to use certain specialty drugs. This is called a prior authorization. The request will be reviewed by a HAP clinical team. They will review your medication therapy needs and if needed, discuss them with your doctor. Once your request is approved, you may be required to fill your prescription at a HAP-contracted specialty pharmacy. If you do not get prior approval, your specialty drug may not be covered. Your doctor can download any of the specialty drug forms or the General Prior Authorization Form (Standard Medication Request Form) at www.hap.org/mrf.
 - **How to order specialty drugs.*** Some specialty drugs can only be obtained from select national pharmacies. Most need to be ordered from Pharmacy Advantage—HAP’s specialty pharmacy provider. Pharmacy Advantage’s services ensure you get the most from your drug therapy. You can find the list on www.hap.org under the Prescription tab and then click the *Specialty Pharmaceuticals* link. Your doctor can fax the prior authorization request form and your prescription to Pharmacy Advantage at 888-400-0109. Once approved, your specialty drugs will be mailed to your home. To learn more about Pharmacy Advantage, visit www.pharmacyadvantagerx.com or call 800-456-2112.

- **These are the dispensing limitations.** Prescription drugs, including maintenance drugs prescribed by a Plan or referral doctor and obtained at a Plan Pharmacy will be dispensed for up to a 30-day supply; you pay a \$4 (High Option) /\$15 (Standard Option) copay per prescription unit or refill for preferred generic drugs. You pay a \$10 (High Option) /\$25 (Standard Option) copay per prescription unit or refill for non-preferred generic drugs. You pay a \$40 (High and Standard Option) copay per prescription unit or refill for formulary preferred brand drugs. You pay a \$60 (High Option)/\$80 (Standard Option) copay per prescription unit or refill for formulary non-preferred brand drugs. You pay a 20% (High and Standard Option) copay per prescription unit or refill for preferred and non-preferred Specialty drugs up to a \$200 max.* There is no copay for tobacco cessation drugs.
 - Maintenance drugs prescribed by a Plan or referral doctor and obtained at a Plan Pharmacy may be dispensed for a 90 day supply at a participating 90 day pharmacy or our contracted mail order pharmacy provider. You pay a \$8 (High Option) /\$30 (Standard Option) copay per prescription unit or refill for preferred generic drugs. You pay a \$20 (High Option) /\$50 (Standard Option) copay per prescription unit or refill for non-preferred generic drugs. You pay a \$80 (High and Standard Option) copay per prescription unit or refill for formulary preferred brand drugs. You pay a \$120 (High Option)/\$160 (Standard Option) copay per prescription unit or refill for formulary non-preferred brand drugs.
 - The cost of prescriptions filled at non-Plan pharmacies is reimbursable to you only for out of service emergencies, minus the appropriate copay per prescription or refill. Over the counter drugs not covered unless specified in the Drug Formulary. Be sure to take your prescription to an affiliated pharmacy to be filled.
- **Plan members called to active military duty** (or members in time of national emergency) who need to obtain prescribed medications, should call our Client Services Department at 313-664-8757 or toll-free at 800-556-9765.
- **When you do have to file a claim?** See Section 7 for information of filing a claim for the prescription benefits.

* Specialty drugs are limited to a 30-day supply. They must be obtained from Health Alliance Plan's contracted specialty pharmacy. In limited situations certain specialty drugs for a 60 or 90-day supply may be approved. In this case, if a copay or maximum is shown for specialty drugs, the enrollee will pay two times those amounts for up to 60 days and three times those amounts for up to 90 days.

Section 5(f)(a). PDP EGWP Prescription Drug Benefits

Important things you should keep in mind about these benefits:

- These prescription drug benefits are for members enrolled in our Medicare Part D Prescription Drug Plan (PDP) Employer Group Waiver Plan (EGWP).
- If you are a Postal Service annuitant and their covered Medicare-eligible family member, you will be automatically group enrolled in our PDP EGWP. Contact us for additional information at 800.236.4782.

Note: Notify us as soon as possible if you or your eligible family member is already enrolled in a Medicare Part D Plan. Enrollment in our PDP EGWP will cancel your enrollment in another Medicare Part D plan.

There are advantages to being enrolled in our PDP EGWP:

- In our PDP EGWP, your cost-share for covered drugs, medications, and supplies will be equal to or better than the cost-share for those enrolled in our standard non-PDP EGWP Prescription Drug Program.
- In our PDP EGWP, you have a pharmacy network that may include pharmacies that are out-of-network or excluded for those enrolled in our standard non-PDP EGWP Prescription Drug Program.

We cover drugs, medications, and supplies as described below and on the following pages.

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Your prescribers must obtain prior approval/authorizations for certain prescription drugs. Prior approval/authorizations must be renewed periodically.
- Federal law prevents the pharmacy from accepting unused drugs, medications, and supplies.
- **The standard Medicare Part D calendar year deductible is: \$590 per person. The Express Scripts, Inc. Prescription Drug Plan offers an enhanced benefit of a \$0 calendar year deductible. Upon your effective date, you will immediately enter the Initial Coverage Stage (ICL) in which your applicable copayments will apply to covered drugs.**
- Be sure to read Section 4, *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage.
- If you choose to opt out of or disenroll from our PDP EGWP, see Section 9 for additional PDP EGWP information and for our opt-out and disenrollment process. Contact us for assistance with the PDP EGWP opt out and disenrollment process at 800.236.4782

Warning: If you opt out of or disenroll from our PDP EGWP, you will not have any PSHB Program prescription drug coverage. However, you can enroll in our MAPD during Open Season or for a **qualifying life event (QLE)** and receive PSHB Program Prescription Drug Coverage. **To learn more about benefit enhancements offered for the HAP Medicare Advantage Plan, please contact 833-HAP-HERE or 833-427-4373 or www.hap.org/PSHB.**

Note: If you choose to opt out of or disenroll from our PDP EGWP, your premium will not be reduced, and you may have to wait to re-enroll during Open Season or for a QLE.

If you do not maintain creditable coverage, re-enrollment in our PDP EGWP may be subject to a late enrollment penalty. Contact us for assistance 800.236.4782

Each new enrollee will receive a description of our PDP EGWP Summary of Benefits, a combined prescription drug/Plan identification card, a mail order form/patient profile and a preaddressed reply envelope. Call 800.236.4782 for more information .

- **Who can write your prescription.** A physician or licensed dentist, and in states allowing it, licensed/ certified providers with prescriptive authority prescribing within their scope of practice must prescribe your In order for your medication to be covered, you must have a prescription written by a Prescriber whose prescribing privileges have not been limited or revoked by state or federal regulation. Be sure to take your prescription to an affiliated pharmacy to be filled. You will be responsible for any copays at the pharmacy.
- **Where you can obtain them.** With your prescription drug coverage, Express Scripts Medicare offers nationwide pharmacy access through the National Medicare Performance Network in which you may purchase Prescription Drugs through a network retail pharmacy, Express Scripts' Home Delivery Pharmacy and Accredo Specialty Pharmacy. You can fill 31-day or 90-day prescriptions at in network pharmacies, with more than 60,000 to choose from, including Express Scripts mail order for maintenance medications. In order to utilize mail order and save time and potentially money, ask your doctor to write your maintenance prescription for a 90-day supply. Members can ask their doctor to send the prescription(s) to Express Scripts® Pharmacy or call the number on the back of the member ID card for assistance. Members can also visit www.express-scripts.com or download the Express Scripts® mobile app to manage their prescription(s). Members already taking a daily medication can go to www.express-scripts.com/mhp or download the Express Scripts® mobile app, log in, view their eligible prescriptions and savings, and select which prescriptions they would like to transfer to home delivery. Express Scripts will contact the prescribing physician to request the new prescriptions for up to 90-day supply (if applicable) on behalf of the member. Members are not required to fill maintenance medications in a 90-day supply and can continue to fill in a 31-day supply with no penalties. You can fill a 31-day prescription at Accredo Specialty Pharmacy for specialty medications delivered directly to your front door.
- **We use a formulary.** To ensure that you receive quality medications, HAP uses a drug formulary. You may view the formulary at www.hap.org/prescription-drug.
 - **Covered Medications:** A formulary is a list of covered drugs and their respective copay tier. Medications included on the formulary have been reviewed by the FDA for safety and efficacy and selected by Express Scripts Medications included on the formulary are drugs that are self-administered and that you can obtain from pharmacies and use in the outpatient setting. You may view the formulary at
 - **Prior Authorizations and Exceptions Process:** Some medications on our formulary have criteria you must meet before we cover them. This means that you will need to get approval from Express Scripts Medicare before you fill your prescriptions for these drugs.
 - **Step Therapy:** In some cases, Express Scripts Medicare.
 - **Generic Substitution:** Whenever an FDA approved generic drug is available, your prescription will be filled with the generic form of the medication when allowed by state law. Generic equivalent drugs contain the same active ingredients and are equivalent in strength and dosage to the original brand name product. Generic drugs generally cost you and your plan less money than a name-brand drug.
 - **Quantity Limits:** Certain drugs have quantity A quantity limit is the maximum quantity that can be dispensed per each fill of medication or the maximum number of fills allowed for treatment of certain conditions.
 - **Benefit Exclusions:** The following are not covered:

Dietary food or food supplements

Drug products used for cosmetic purposes

Experimental drugs and/or any drug products used in an experimental manner

- **Specialty *** Specialty drugs are prescription medications that require special handling and close supervision for safe and effective use. They are used to treat complex and chronic conditions such as hemophilia, hepatitis C, rheumatoid arthritis, HIV and more. Specialty drugs are usually injected, but can be infused, or taken by mouth. For a complete list of specialty drugs please refer to the Drug Formulary List on Our Specialty Pharmacy Program focuses on patient safety and helps to ensure that you take these drugs correctly for the best results. Our goal is to make sure you have access to the specialty drugs you need.

Certain specialty drugs may require prior authorization* requires that your doctor submit an authorization request to use certain specialty drugs. This is called a prior authorization. The request will be reviewed by a Express Scripts Medicare clinical team. They will review your medication therapy needs and if needed, discuss them with your doctor. If you do not get prior approval, your specialty drug may not be covered.

- **How to order specialty drugs.*** Some specialty drugs can only be obtained from select national pharmacies. Most can be ordered from Accredo—Express Scripts specialty pharmacy provider. Accredo services ensure you get the most from your drug therapy. Some specialty medications on our formulary have criteria you must meet before we cover them. Your doctor can fax the prior authorization request form to 800 357 9577. If approved, your specialty drugs can be mailed to your home. **These are the dispensing limitations.** Specialty prescription drugs may be provided for one copayment up to a 31-day supply. Prescriptions may be provided up to a limited days supply on (a) the prescribed dosage, (b) the standard manufacturer’s package size, and (c) specified dispensing limits. Drugs to treat sexual dysfunction have dispensing limitations. Drugs that have a significant potential for waste or misuse will be provided for up to a 31-day supply in any 31-day period.

* Specialty drugs are limited to a 30-day supply. They must be obtained from Health Alliance Plan’s contracted specialty pharmacy. In limited situations certain specialty drugs for a 60 or 90-day supply may be approved. In this case, if a copay or maximum is shown for specialty drugs, the enrollee will pay two times those amounts for up to 60 days and three times those amounts for up to 90 days.

- **When you do have to file a claim?** See Section 7 for information of filing a claim for the prescription.
- **If we deny your claim and you want to appeal,** you, your representative, or your prescriber must request an appeal following the process described in Section 8(a). Medicare PDP EGWP Disputed Claims Process. The PDP EGWP appeals process has 5 levels. If you disagree with the decision made at any level of the process, you can generally go to the next level. At each level, you'll get instructions in the decision letter on how to move to the next level of appeal.
- **PDP EGWP Catastrophic Maximum** - \$2,000 PDP EGWP catastrophic maximum.

Section 5(g). Dental Benefits

Important things you should keep in mind about these benefits:

Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary

If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your PSHB Plan will be First/Primary payor of any Benefit payments and your FEDVIP Plan is secondary to your PSHB Plan. See Section 9 Coordinating benefits with other coverage.

Plan dentists must provide or arrange your care.

The calendar year deductible is: \$350 per person (\$700 per Self Plus One enrollment, or \$700 per Self and Family enrollment) for the Standard Option Plan. The calendar year deductible applies to all benefits in this Section. There are no deductibles for the High Option Plan.

We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.

Be sure to read Section 4, Your costs for covered services, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

Benefit Description	You pay	
Accidental injury benefit	High Option	Standard Option
We cover restorative services and supplies necessary to promptly repair (but not replace) sound natural teeth. The need for these services must result from an accidental injury.	Emergency/urgent care copay may apply	Emergency/urgent care copay may apply
Dental benefits	High Option	Standard Option
We have no other dental benefits	Not covered	Not covered

Section 5(h). Wellness and Other Special Features

Flexible benefits option	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).
Services for deaf and hearing impaired	<p>HAP Telecommunications Device for the Deaf (TDD) 800-649-3777 24 hours a day, seven days a week</p>
High risk pregnancies	<p>Medically necessary services for high-risk pregnancies are covered, consistent with the Member's subscriber documents and are subject to any criteria for specific services that may exist in other policies.</p>
Help in Other Languages	<p>If you are more comfortable with a language other than English, call Customer Service at 800-556-9765 to arrange for translation services. This is a free service.</p>
Travel benefit/services overseas	<p>Assist America – www.assistamerica.com/hap See Section 5 Non-PSHB benefits available to Plan members for more information.</p>
Medicare Part B Premium Reimbursement Program	<p>HAP Members enrolled in Medicare Part A and Part B are eligible to be reimbursed up to \$800 per calendar year for their Medicare Part B premium payments, \$1200 per calendar year if you enroll into our MAPD Standard option, and \$1800 per calendar year if you enroll into our MAPD High Option. An account is set up and used to reimburse member-paid Medicare Part B premiums by either direct deposit or check. For more information on how this program works and how to receive reimbursement, call; 800-556-9765 or visit www.hap.org/fehb/member-benefits/pshb.</p>

Non-PSHB Benefits Available to Plan Members

The benefits on this page are not part of the PSHB contract or premium, and you cannot file an PSHB disputed claim about them. Fees you pay for these services do not count toward PSHB deductibles or catastrophic protection (out-of-pocket maximums). These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information contact the Plan at, 800-556-9765 or visit their website at www.hap.org/pshb

Assist America – Global emergency travel assistance and ID Theft Protection

You can travel worry-free, knowing you can call on Assist America for emergency travel assistance whenever you are 100 miles away from home or in another country. While they do not replace HAP's global emergency medical coverage, Assist America will completely arrange and pay for all the services they provide without limits on the covered cost.

Assist America also offers trusted Identity Theft Protection while you are at home or when travelling. This is a free service that includes safe, continuous monitoring and fraud support.

Active and Fit: Get an Active and Fit Direct fitness membership for \$28/month. HAP's Active and Fit Direct program makes it easy for you to get on the path to a happier, healthier life through regular exercise. Choose from 12,700+ gyms. There are 8,700+ digital workout videos. There's flexibility to change anytime, for just \$28/mo. (plus a \$28 enrollment fee and applicable taxes). No long-term contract.

iStrive for Better Health

The HAP iStrive® for Better Health online wellness program is a free digital health coaching program, in partnership with WebMD®, to help you understand your health, manage your goals and guide decisions.

HAP Member Discounts

As a HAP member, you get valuable savings on a variety of health and wellness-related activities and services. You can also take your discounts on the go. The HAP Member Discounts mobile app sends you a mobile alert when you're near an eligible discount.

HAP App Mobile App

With our HAP App, you can view the ID cards of everyone on your plan from the convenience of your smartphone. It can also be used to

find a doctor or hospital, view plan and benefit information and view your claims. It provides direct access to the Express Scripts app to help manage prescriptions and pharmacy care.

To gain secure access to the app:

1. Visit www.hap.org/welcome to register your HAP account (if not already registered)
2. Download the app
3. Enter member ID number (from physical ID card)
4. Enter your HAP account password used to log in on hap.org
5. Click Login button

Henry Ford MyChart

With MyChart, members within the Henry Ford Health System can schedule doctor visits, request prescription refills, check lab results and more.

Students Away at School

Students who have coverage have access to covered services across the country. Coverage is based on HAP's Benefit, Referral and Practice Policies.

Smoking Cessation

The health plan's smoking cessation program covers members for the most popular nicotine replacement therapies, when prescribed by a doctor in the HAP network. There is also coverage available through HAP's iStrive® for Better Health program.

Population Health Management

This is a free program that helps members with chronic conditions get the personal support needed. Included is a registered nurse who cares for your condition and your treatment plan. This HAP nurse will work closely with members and doctors to make sure they are getting the care they need, when they need it.

Section 6. General Exclusions – Services, Drugs and Supplies We Do not Cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.** For information on obtaining prior approval for specific services, such as transplants, see Section 3 *When you need prior Plan approval for certain services*.

We do not cover the following:

- Care by non-Plan providers except for authorized referrals or emergencies (see *Emergency services/accidents*).
- Services, drugs, or supplies you receive while you are not enrolled in this Plan.
- Services, drugs, or supplies not medically necessary.
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice.
- Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants).
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term.
- Services, drugs, or supplies you receive from a provider or facility barred from the PSHB Program.
- Services, drugs, or supplies you receive without charge while in active military service.
- Services or supplies we are prohibited from covering under Federal law.

Section 7. Filing a Claim for Covered Services

This Section primarily deals with post-service claims (claims for services, drugs or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan providers, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider.

If you need to file the claim, here is the process:

Medical and hospital benefits

In most cases, providers and facilities file claims for you. Providers must file on the form CMS -1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. For claims questions and assistance, contact us at 313-664-8757 or 800-556-9765, or at our website at www.hap.org.

When you must file a claim – such as for services you received outside the Plan’s service area – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name, date of birth, address, phone number and ID number
- Name and address of the provider or facility that provided the service or supply
- Dates you received the services or supplies
- Diagnosis
- Type of each service or supply
- The charge for each service or supply
- A copy of the explanation of benefits, payments, or denial from any primary payor – such as the Medicare Summary Notice (MSN)
- Receipts, if you paid for your services

Note: Canceled checks, cash receipts, or balance due statements are not acceptable substitutes for itemized bills.

Submit your claims to:

Health Alliance Plan
1414 E. Maple Rd.
Troy MI 48083.

Prescription drugs

For Commercial Non-PDP plans Submit your claims to:

Health Alliance Plan
1414 E. Maple Rd.
Troy MI 48083.
800-556-9765
www.hap.org

For PDP Post-service claims procedures

Express Scripts Medicare (for Medicare Part D Prescription Drug Plan EGWP only)

See your Express Scripts Medicare Evidence of Coverage CHAPTER 5: Asking us to pay our share of the costs for covered drugs, SECTION 3 We will consider your request for payment and say yes or no and CHAPTER 7: What to do if you have a problem or complaint (coverage decisions, appeals, complaints), SECTION 4 A guide to the basics of coverage decisions and appeals. Your EOC is located on the Express Scripts *member portal* at www.express-scripts.com.

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

Post-service claims procedures

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

Authorized Representative

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, a healthcare professional with knowledge of your medical condition will be permitted to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

Notice Requirements

If you live in a county where at least 10% of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance) and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the healthcare provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes.

Section 8. The Disputed Claims Process

You may appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, please call your plan's customer service representative at the phone number found on your enrollment card, plan brochure, or plan website. If you are a Postal Service annuitant, or their covered Medicare-eligible family member, enrolled in our Medicare Part D Prescription Drug Plan (PDP) Employer Group Waiver Plan (EGWP) and you disagree with our **pre-service or post-service** decision about your prescription drug benefits, please, follow Medicare's appeals process outlined in Section 8a. Medicare PDP EGWP Disputed Claims Process.

Please follow this Postal Service Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3 *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing **HAP Customer Service, 1414 E. Maple Rd. Troy MI 48083**. or calling **800-556-9765, Monday - Friday 8 a.m. to 7 p.m., and Saturday 8 a.m. to noon (October 1 through March 31)**.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/investigational), we will consult with a healthcare professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or their subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Step	Description
1	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none">a) Write to us within 6 months from the date of our decision; andb) Send your request to us at: HAP Grievances, 1414 E. Maple Rd. Troy MI 48083; andc) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; andd) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.e) Include your email address (optional for member), if you would like to receive our decision via email. Please note that by giving us your email, we may be able to provide our decision more quickly. <p>We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.</p> <p>In the case of a post-service claim, we have 30 days from the date we receive your request to:</p>

2

- a) Pay the claim or
- b) Write to you and maintain our denial or.
- c) Ask you or your provider for more information

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3

If you do not agree with our decision, you may ask OPM to review it.

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us -- if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Postal Service Insurance Operations (PSIO), 1900 E Street, room 3443, NW, Washington, DC 20415

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.
- Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a healthcare professional with knowledge of your medical condition may act as your authorized representative without your express consent.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

4

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision or notify you of the status of OPM's review within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to file a lawsuit, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 800-556-9765 . We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's Health Insurance-PSIO at 202-936-0002 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a family member is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

Reminder: If you are a Postal Service annuitant, or their covered Medicare-eligible family member, enrolled in our Medicare Part D PDP EGWP you may appeal an adverse pre-service or post-service determination through Medicare's appeals process. See Section 8(a).

Section 8(a). Medicare PDP EGWP Disputed Claims Process

When a claim is denied in whole or in part, you may appeal the denial.

Our Plan follows the Medicare Part D appeals process.

Post-service claims procedures Express Scripts Medicare (for Medicare Part D Prescription Drug Plan EGWP only)

For more information on how to submit an appeal, please see your Express Scripts Medicare Evidence of Coverage CHAPTER 5: Asking us to pay our share of the costs for covered drugs, SECTION 3 We will consider your request for payment and say yes or no and CHAPTER 7: What to do if you have a problem or complaint (coverage decisions, appeals, complaints), SECTION 4 A guide to the basics of coverage decisions and appeals. Your EOC can be located at www.express-scripts.com

You can fax, mail or upload your claim to Express Scripts directly at:

Fax: Express Scripts Medicare Direct Claims Department at 1.608.741.5483

Mail: Express Scripts ATTN: Medicare Part D PO Box 14718 Lexington, KY 40512-4718

Upload Express Scripts member portal at www.express-scripts.com and submit the claim via the Direct Claims Self Service tool.

Section 9. Coordinating Benefits with Medicare and Other Coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays healthcare expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit our website at www.hap.org/pshb

When we are the primary payor, we will pay the benefits described in this brochure. When we are the secondary payor, we will determine our allowance. After the primary plan processes the benefit, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

Please see Section 4, *Your Costs for Covered Services*, for more information about how we pay claims.

• TRICARE and CHAMPVA

TRICARE is the healthcare program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. IF TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended PSHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant, you can suspend your PSHB coverage to enroll in one of these programs, eliminating your PSHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your PSHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the PSHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

• Workers’ Compensation

Every job-related injury or illness should be reported as soon as possible to your supervisor. Injury also means any illness or disease that is caused or aggravated by the employment as well as damage to medical braces, artificial limbs and other prosthetic devices. If you are a federal or postal employee, ask your supervisor to authorize medical treatment by use of form CA-16 before you obtain treatment. If your medical treatment is accepted by the Dept. of Labor Office of Workers’ Compensation (OWCP), the provider will be compensated by OWCP. If your treatment is determined not job-related, we will process your benefit according to the terms of this plan, including use of in-network providers. Take form CA-16 and form OWCP-1500/HCF-1500 to your provider, or send it to your provider as soon as possible after treatment, to avoid complications about whether your treatment is covered by this plan or by OWCP.

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers’ Compensation Programs (OWCP) or a similar federal or state agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

• Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended PSHB coverage to enroll in Medicaid or a similar state-sponsored program of medical assistance:

If you are an annuitant, you can suspend your PSHB coverage to enroll in one of these state programs, eliminating your PSHB premium. For information on suspending your PSHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the PSHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the state program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, state, or federal government agency directly or indirectly pays for them.

When others are responsible for injuries

We are entitled to reimbursement to the extent of the benefits we have paid or provided in connection with your injury or illness. However, we will cover the cost of treatment that exceeds the amount of the payment you received.

Reimbursement to us out of the payment shall take first priority (before any of the rights of any other parties are honored) and is not impacted by how the judgment, settlement, or other recovery is characterized, designated, or apportioned. Our right of reimbursement is not subject to reduction based on attorney fees or costs under the “common fund” doctrine and is fully enforceable regardless of whether you are “made whole” or fully compensated for the full amount of damages claimed.

We may, at our option, choose to exercise our right of subrogation and pursue a recovery from any liable party as successor to your rights.

If you do pursue a claim or case related to your injury or illness, you must promptly notify us and cooperate with our reimbursement or subrogation efforts.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage

Some PSHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your PSHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com or by phone at 1-877-888-3337, (TTY 1-877-889-5680), you will be asked to provide information on your PSHB plan so that your plans can coordinate benefits. Providing your PSHB information may reduce your out-of-pocket cost.

Clinical trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs – costs for routine services such as doctor visits, lab tests, X-rays and scans, and hospitalizations related to treating the patient’s condition, whether the patient is in a clinical trial or is receiving standard therapy.
- Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient’s routine care.
- Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.

When you have Medicare

For more detailed information on “What is Medicare?” and “When do I Enroll in Medicare?” please contact Medicare at 1-800-MEDICARE (1-800-633-4227), (TTY 1-877-486-2048) or at www.medicare.gov.

Important Note: Subject to limited exceptions, Postal Service annuitants entitled to Medicare Part A and their eligible family members who are entitled to Medicare Part A are required to enroll in Medicare Part B to maintain eligibility for the PSHB Program in retirement.

If you are required to enroll in Medicare Part B and fail to do so at your first opportunity, you may be disenrolled (annuitants) and/or your family members removed from coverage.

For more information on these requirements, please contact 800-556-9765.

The Original Medicare Plan (Part A or Part B)

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan - You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at **313-664-8757** or **800-556-9765** or **you may write to the Plan at HAP Customer Service, 1414 E Maple rd. Troy Mi 48083** or see our website at **www.hap.org**.

We do not waive any costs if the Original Medicare Plan is your primary payor.

Please review the following table it illustrates your cost share if you are enrolled in Medicare Part B. If you purchase Medicare Part B, your provider is in our network and participates in Medicare, then we waive some costs because Medicare will be the primary payor.

HIGH OPTION PLAN

Benefit Description: Deductible

You Pay without Medicare: \$0

You Pay with Medicare Part B: \$0

Benefit Description: Out of Pocket Maximum

You Pay without Medicare: \$6,350 Self only/\$12,700 Self Plus one or Self and Family

You Pay with Medicare Part B: \$6,350 Self only/\$12,700 Self Plus one or Self and Family

Benefit Description: Part B Premium Reimbursement Offered

You Pay without Medicare: N/A

You Pay with Medicare Part B: you earn up to \$800 per year

Benefit Description: Primary Care provider.

You Pay without Medicare: \$20

You Pay with Medicare Part B: \$20 or less

Benefit Description: Specialist
You Pay without Medicare: \$40
You Pay with Medicare Part B: \$40 or less

Benefit Description: Inpatient Hospital
You Pay without Medicare: \$100 per day up to a maximum of \$500 per admission copay.
You Pay with Medicare Part B: \$100 per day up to a maximum of \$500 per admission copay, or less

Benefit Description: Outpatient Hospital
You Pay without Medicare: Nothing per visit
You Pay with Medicare Part B: Nothing per visit

Benefit Description: Incentives Offered
You Pay without Medicare: N/A
You Pay with Medicare Part B: N/A

STANDARD OPTION PLAN

Benefit Description: Deductible
You Pay without Medicare: \$350 self only/\$700 self plus one or self and family
You Pay with Medicare Part B: \$350 self only/\$700 self plus one or self and family

Benefit Description: Out-of-Pocket Maximum
You Pay without Medicare: Nothing after \$6,350 Self only/\$12,700 Self Plus one or Self and Family
You Pay with Medicare Part B: Nothing after \$6,350 Self only/\$12,700 Self Plus one or Self and Family

You Pay with Medicare Part B: \$50 or less

Benefit Description: Inpatient Hospital
You Pay without Medicare: 10% coinsurance after deductible
You Pay with Medicare Part B: 10% coinsurance after deductible or less

Benefit Description: Outpatient Hospital
You Pay without Medicare: 10% coinsurance after deductible
You Pay with Medicare Part B: 10% coinsurance after deductible or less

Benefit Description: Incentives Offered
You Pay without Medicare: N/A
You Pay with Medicare Part B: N/A

We offer a Medicare Advantage plan, the HAP PSHB Medicare Advantage plan for High Option PSHB plan members or the HAP PSHB Medicare Advantage plan for Standard Option PSHB plan members. Please review the plan option information for these options under Medicare Part C below.

You can find more information about how our plan coordinates benefits with Medicare on our member portal at www.hap.org/PSHB.

- **Tell us about your Medicare coverage**

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

- **Medicare Advantage (Part C)**

This Plan and our HAP Medicare Advantage plan: You may enroll in our HAP Medicare Advantage plan and also remain enrolled in our PSHB plan. For more information on our Medicare Advantage plan, please call **833-HAP-HERE or 833-427-4373** or visit our website at www.hap.org/PSHB. Enrollment in the HAP Medicare Advantage plan is voluntary. Members must complete an application for enrollment. Eligible enrollees voluntarily opt into the HAP Medicare Advantage plan and can opt out at anytime. You may enroll in the HAP Medicare Advantage plan if:

- You are a retiree or annuitant and enrolled in HAP's High or Standard Option and have both Medicare Part A & B
- You are a United States citizen or are lawfully present in the United States, the District of Columbia, or a US territory
- You do not have End Stage Renal Disease (ESRD). Enrollees who have ESRD cannot enroll until after the 30-month grace period has expired. Members diagnosed with ESRD while enrolled in the HAP Medicare Advantage Plan may remain enrolled and ESRD services will be covered

You complete an application for enrollment in the HAP Medicare Advantage Plan (see contact information above)

When you are enrolled in the HAP Medicare Advantage Plan you receive the following additional benefits, including:

- **Medicare Part B Premium Subsidy:** \$100 for Standard Plan per month, \$150 for High Plan per month
- **Visitor/Traveler** – Enjoy in-network prices for copays on plan covered routine services when visiting any Medicare-participating provider in Arizona, Florida, Michigan (out-of-service area), and Texas for up to 12 months.
- **SilverSneakers®** - An exercise program designed exclusively for older adults. SilverSneakers offers physical activity, health education, and social events for people who are Medicare-eligible and Group Retiree members

To learn more about benefit enhancements offered for the HAP Medicare Advantage Plan, please contact 833-HAP-HERE or 833-427-4373 or www.hap.org/PSHB

Suspended PSHB coverage to enroll in a another Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your PSHB coverage to enroll in a non HAP Medicare Advantage plan, eliminating your PSHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your PSHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the PSHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare Prescription Drug Plan (PDP) Drug Plan Employer Group Waiver Plan (EGWP)**

If you are enrolled in Medicare Part A and/or Part B, and are not enrolled in our Medicare Advantage Prescription Drug Plan (MAPD), you will be automatically group enrolled into our Medicare PDP EGWP. Our PDP EGWP is a prescription drug benefit for Postal Service annuitants and their covered Medicare-eligible family members.

This allows you to receive benefits that will never be less than the standard prescription drug coverage that is available to members with non-PDP EGWP prescription drug coverage. But more often you will receive benefits that are better than members with standard non-PDP EGWP prescription drug coverage. **Note: You have the choice to opt out of or disenroll from our PDP EGWP at any time and may obtain prescription drug coverage outside of the PSHB Program.**

When you are enrolled in our Medicare PDP EGWP for your prescription drug benefits you continue to have our medical coverage.

Members with higher incomes may have a separate premium payment for their Medicare Part D Prescription Drug Plan (PDP) benefit. Please refer to the Part D-IRMAA section of the Medicare website: <https://www.medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans> to see if you would be subject to an additional premium.

For people with limited income and resources, Extra Help is a Medicare program to help with Medicare prescription drug plan costs. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 800-772-1213 TTY 800-325-0778. You may also contact 800.236.4782

The PDP EGWP opt out process:

If you were automatically group enrolled into our PDP EGWP and choose to opt out contact us at 800.236.4782

The PDP EGWP disenrollment process:

When you are enrolled in our PDP EGWP, you may choose to disenroll at any time. Contact us at 800.236.4782

Warning: If you opt out of or disenroll from our PDP EGWP, you will not have any PSHB Program prescription drug coverage. However, you can enroll in our MAPD during Open Season or for a QLE and receive PSHB Program Prescription Drug Coverage. To enroll into our MAPD plan, call 833-HAP-HERE or 833-437-4373.

Note: If you choose to opt out of or disenroll from our PDP EGWP, your premium will not be reduced, and you may have to wait to re-enroll when and if you are eligible. If you do not maintain creditable coverage, re-enrollment in our PDP EGWP may be subject to a late enrollment penalty. Contact us for assistance at 800.236.4782

Medicare prescription drug coverage (Part D)

When we are the primary payor, we process the claim first. If you (as an active employee eligible for Medicare Part D or their covered Medicare Part D-eligible family member) enroll in any open market Medicare Part D plan and we are the secondary payor, we will review claims for your prescription drug costs that are not covered by that Medicare Part D plan and consider them for payment under the PSHB plan.

Note: If you are a Postal Service annuitant or their covered Medicare-eligible family member enrolled in our Medicare Part D PDP EGWP, this does not apply to you because you may not be enrolled in more than one Medicare Part D plan at the same time. If you opt out of or disenroll from our PDP EGWP you do not have our PSHB Program prescription drug coverage and we are not a secondary payor for prescription drug benefits.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

Primary Payor Chart		
A. When you - or your covered spouse - are age 65 or over and have Medicare and you...	The primary payor for the individual with Medicare is...	
	Medicare	This Plan
1) Have PSHB coverage on your own as an active employee		✓
2) Have PSHB coverage on your own as an annuitant or through your spouse who is an annuitant	✓	
3) Have PSHB through your spouse who is an active employee		✓
4) Are a reemployed annuitant with the Postal Service and your position is excluded from the PSHB (your employing office will know if this is the case) and you are not covered under PSHB through your spouse under #3 above	✓

• It is within the first 30 months of eligibility for or entitlement to Medicare due to ESRD (30-month coordination period)		✓
• It is beyond the 30-month coordination period and you or a family member are still entitled to Medicare due to ESRD	✓	
2) Become eligible for Medicare due to ESRD while already a Medicare beneficiary and...		
• This Plan was the primary payor before eligibility due to ESRD (for 30-month coordination period)		✓
• Medicare was the primary payor before eligibility due to ESRD	✓	
3) Have Temporary Continuation of Coverage (TCC) and...		
• Medicare based on age and disability	✓	
• Medicare based on ESRD (for the 30-month coordination period)		✓
• Medicare based on ESRD (after the 30-month coordination period)	✓	
C. When either you or a covered family member are eligible for Medicare solely due to disability and you...		
1) Have PSHB coverage on your own as an active employee or through a family member who is an active employee		✓
2) Have PSHB coverage on your own as an annuitant or through a family member who is an annuitant	✓	

*Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

Section 10. Definitions of Terms We Use in This Brochure

Assignment	<p>An authorization by you (the enrollee or covered family member) that is approved by us (the Carrier), for us to issue payment of benefits directly to the provider.</p> <ul style="list-style-type: none">• We reserve the right to pay you directly for all covered services. Benefits payable under the contract are not assignable by you to any person without express written approval from us, and in the absence of such approval, any assignment shall be void.• Your specific written consent for a designated authorized representative to act on your behalf to request reconsideration of a claim decision (or, for an urgent care claim, for a representative to act on your behalf without designation) does not constitute an Assignment.• OPM's contract with us, based on federal statute and regulation, gives you a right to seek judicial review of OPM's final action on the denial of a health benefits claim but it does not provide you with authority to assign your right to file such a lawsuit to any other person or entity. Any agreement you enter into with another person or entity (such as a provider, or other individual or entity) authorizing that person or entity to bring a lawsuit against OPM, whether or not acting on your behalf, does not constitute an Assignment, is not a valid authorization under this contract, and is void.
Appeal	<p>A request for your health insurer or plan to review a decision, pre-service claim or post-service claim again</p>
Allowed Amount	<p>Maximum amount on which payment is based for covered health care services. This may be called "eligible expense," "payment allowance" or "negotiated rate."</p>
Annuitant	<p>The beneficiary of an annuity or pension.</p>
Calendar year	<p>January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.</p>
Clinical trials cost categories	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <ul style="list-style-type: none">• Routine care costs – costs for routine services such as doctor visits, lab tests, X-rays and scans, and hospitalizations related to treating the patient's cancer, whether the patient is in a clinical trial or is receiving standard therapy• Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care• Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.
Coinsurance	<p>See Section 4, page 23</p>
Copayment	<p>See Section 4, page 23</p>
Cost-sharing	<p>See Section 4, page 23</p>
Covered services	<p>Care we provide benefits for, as described in this brochure.</p>

Custodial care	The medical or non-medical services which do not seek to cure, are provided during periods when the medical condition of the patient is not changing, or do not require the continued administration of medical personnel.
Deductible	See Section 4, page 25
Experimental or investigational services	<p>Medical, psychiatric, substance abuse or other health care services, supplies, treatments, drug therapies or devices that are determined by the health plan.</p> <p>For the purposes of this Contract, HAP bases its determination of whether or not a drug, treatment, device, procedure, service or benefit is experimental or investigational in nature if it meets any of the following criteria:</p> <ul style="list-style-type: none"> • It cannot be lawfully marketed without the approval of the FDA and such approval has not been granted at the time of its use or its proposed use; or is the subject of current investigational new drugs or device applications with the FDA. • It is being provided pursuant to Phase I or Phase II clinical trial or as the experimental or research arm of Phase III clinical trial; or is the subject of written protocol which describes its objective, determinations of safety, efficacy, efficacy in comparison to conventional alternatives of toxicity. • It is being delivered or should be delivered subject to the approval and supervision of an Institutional Review Board as required and defined by federal regulations, particularly those to the FDA or the Department of Health and Human Service. • The predominant opinion among experts as expressed in the published authoritative literature is that the usage should be substantially confined to research settings; or it is not investigational in itself pursuant to any of the foregoing criteria, and would not be medically necessary, but for the provision of a drug, device treatment, or procedure which is “investigational or experimental.” • Medical services that are generally regarded by the medical community to be unusual, infrequently provided and not necessary for the protection of health
Group health coverage	A health benefits plan that covers a group of people, such as employees of a company, as permitted by state and federal law
Healthcare professional	A physician or other healthcare professional licensed, accredited, or certified to perform specified health services consistent with state law.
Infertility	Infertility is defined as not being able to get pregnant (conceive) after one year (or longer) of unprotected sex or artificial insemination for individuals under the age of 35. Because fertility in some individuals is known to decline steadily with age, some providers evaluate and treat members aged 35 years or older after 6 months of unprotected sex or artificial insemination. Infertility may also be established through evidence of medical history and diagnostic testing
Post-service claims	Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.
Pre-service claims	Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.
Reimbursement	A carrier's pursuit of a recovery if a covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.

Subrogation	A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.
Surprise bill	An unexpected bill you receive for: <ul style="list-style-type: none"> • emergency care – when you have little or no say in the facility or provider from whom you receive care, or for • non-emergency services furnished by nonparticipating providers with respect to patient visits to participating health care facilities, or for • air ambulance services furnished by nonparticipating providers of air ambulance services.
Us/We	Us and We refer to
You	You refers to the enrollee and each covered family member.
Urgent care claims	<p>A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.</p> <p>A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:</p> <ul style="list-style-type: none"> • Waiting could seriously jeopardize your life or health; • Waiting could seriously jeopardize your ability to regain maximum function; or • In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. <p>Urgent care claims usually involve Pre-service claims and not Post-service claims. We will determine whether or not a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.</p> <p>If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department toll-free at 800-556-9765. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.</p>
HAP	An abbreviation for Health Alliance Plan.
Medically necessary	Health care services or supplies needed to prevent, diagnose or treat an illness, injury, condition, disease or its symptoms and that meet accepted standards of medicine.
Preauthorization	A decision by your health insurer or plan that a health care service, treatment plan, prescription drug or durable medical equipment is medically necessary. Sometimes called prior authorization, prior approval or precertification. Your health plan may require preauthorization for certain services before you receive them, except in an emergency. Preauthorization isn't a promise your health insurance or plan will cover the cost.
Medicare Part A	Part A helps cover inpatient hospital stays, skilled nursing facility care, hospice care, and some home health care.
Medicare Part B	Part B covers medically necessary services like doctors' services and tests, outpatient care, home health services, durable medical equipment, and other medical services.
Medicare Part C	Part C is a Medicare Advantage plan that combines the coverage of Medicare Part A and Part B. Part C typically also covers additional benefits like, dental, vision, and hearing services. Some Part C plans also include Medicare Part D coverage.

Medicare Part D

Medicare Part D plans provide coverage for prescription drugs. Private insurers contract with CMS on an annual basis for the right to offer Part D plans. Part D can be offered as a standalone Prescription Drug Plan (PDP) or as part of a Medicare Advantage Prescription Drug Plan (MAPD).

Medicare Part D EGWP

A Medicare Part D Employer Group Waiver Plan (EGWP) is a type of Medicare prescription drug plan that can be offered to employees and retirees of certain companies, unions, or government agencies, which allows for flexibility and enhanced coverage of traditional Medicare pharmacy benefits. Examples of Medicare Part D EGWPs are Medicare Advantage Prescription Drug (MAPD) plan EGWPs that include both health and drug benefits, as well as Prescription Drug Plan (PDP) EGWPs, which only cover the prescription drug benefit.
