

# Federal Student Loan Repayment Program

Calendar Year 2022

## Message from the Acting Director

OPM is pleased to transmit the U.S. Office of Personnel Management's (OPM's) annual report to Congress on agencies' use of student loan repayments<sup>1</sup> as a strategic tool for the purposes of recruitment and retention during calendar year (CY) 2022. Section 5379 of title 5, United States Code, authorizes agencies to establish programs under which they may repay certain types of Federal student loans (including certain student loans that are made through Federal programs or are Federally insured or guaranteed) to recruit or retain highly qualified personnel in exchange for a service commitment from the employee. Agencies are required by 5 U.S.C. 5379(h)(1) to submit to OPM certain data regarding their student loan repayment programs, and OPM is, in turn, required by section 5379(h)(2) to compile the data and submit it in an annual report to Congress.

During CY 2022, OPM received responses from eighty-one (81) Federal agencies. Thirty-nine (39) of these agencies collectively provided 10,527 employees with a total of \$88.4 million in student loan repayment benefits.

Charles E. Ezell  
Acting Director

<sup>1</sup> OPM regulates the [Federal Student Loan Repayment](#) (SLR) discretionary authority for agencies at [part 537, title 5, Code of Federal Regulations](#). SLR is often confused with the [U.S. Department of Education's Public Service Loan Forgiveness \(PSLF\) program](#), which is available to Federal, state, local, and tribal government employees and many in the not-for-/non-profit sectors. The programs are distinct from one another; utilize different criteria for eligibility; have separate statutory authorities; and are administered very differently. OPM has no role in the PSLF.

## Executive Summary

Federal agencies that utilize the student loan repayment authority of [section 5379 of title 5, United States Code](#) are required by [section 5379\(h\)\(1\)](#) to report annually to OPM on their use of student loan repayments during the previous calendar year (CY). [Section 5379\(h\)\(2\)](#) requires OPM to prepare, and annually submit to Congress, a report containing information provided by agencies that use this human capital authority. On February 13, 2023, OPM issued a memorandum ([CPM 2023-02 - Request for CY 2022 Data on Student Loan Repayments](#)) requesting agency reports on the use of student loan repayment during CY 2022.

Overall, for CY 2022, there were eighty-one (81) Federal agencies that reported, with thirty-nine (39) providing 10,527 employees with student loan repayment benefits totaling \$88,354,472.39. The average student loan repayment benefit in CY 2022 was \$8,393.13.

During CY 2022, the majority of student loan repayment benefits was provided by thirteen (13) agencies. All thirteen (13) paid over \$1 million in SLRP benefits.

1. Department of Defense
2. Department of Justice
3. Department of Health and Human Services
4. Department of State
5. Department of Veterans Affairs
6. Department of Homeland Security
7. Department of Agriculture
8. Department of Energy
9. Agency for International Development
10. Federal Energy Regulatory Commission
11. Department of Housing and Urban Development
12. Government Accountability Office
13. Department of the Interior

These agencies also represent slightly over 95 percent of the total SLRP funding paid and number of recipients for CY 2022 Government-wide. Overall, these agencies provided 9,990 employees with \$84.2 million in SLRP benefits. The combined total of the

remaining twenty-six (26) agencies provided 537 employees with \$4.1 million in SLRP benefits.

OPM strongly encourages agencies to establish metrics that can demonstrate the value of using student loan repayment and other discretionary incentives commensurate with the benefits gained. For example, an agency can track the retention rate of student loan repayment recipients over time and compare it to the retention rate for employees who do not receive student loan repayment benefits. An agency can also survey job candidates and hiring managers before and after implementation of this human capital tool.

## I. Background

[Section 5379 of title 5, United States Code](#) (U.S.C.), authorizes agencies to establish a program under which they may repay certain types of Federal student loans (including certain student loans that are made through Federal programs or are Federally insured, or guaranteed) as an incentive to recruit or retain highly qualified personnel. Under law, agencies may make payments to a loan holder of up to \$10,000 for an employee in a calendar year, up to an aggregate maximum of \$60,000 for any one employee. In return, the employee must sign an agreement to remain in the service of the paying agency for at least 3 years. If the employee separates voluntarily or is separated involuntarily for misconduct, unacceptable performance, or a negative suitability determination under [part 731 of title 5, Code of Federal Regulations](#) (CFR) before fulfilling the service agreement, they must reimburse the paying agency for all student loan repayment benefits received. [5 U.S.C. 5379\(h\)\(1\)](#), requires agencies to report annually to OPM on their use of student loan repayments. The law also directs OPM to prepare and submit annually to Congress a report containing the following information:

- Number of Federal employees selected to receive student loan repayment benefits,
- Job classifications of the recipients, and
- The cost to the Federal Government of providing the student loan repayment benefits.

## II. OPM's Annual Request to Agencies for SLRP Reports and Agency Responses

On February 13, 2023, OPM issued a memorandum for Human Resources Directors ([CPM 2023-02 - Request for CY 2022 Data on Student Loan Repayments](#)) requesting that agencies submit their annual written reports to OPM on their use of SLRP by March 31, 2023.

In accordance with [5 CFR 537.110\(b\)](#), the memorandum required agencies to send OPM information on their use of the SLRP during CY 2022. OPM received responses from eighty-one (81) departments and independent agencies: positive responses from thirty-nine (39) agencies that used the authority and negative responses from forty-two

(42) agencies that did not use this authority. See Attachment 1 for a list of the reporting agencies.

In CY 2022, thirty-nine (39) Federal agencies that submitted data provided 10,527 employees with a total of \$88.4 million in SLRP benefits. For more detailed information by agency, see [Appendix 2. Details for Reporting Agencies for CY 2022](#).

### III. Agencies Providing SLRP Benefits Greater than \$1 Million

As referenced above, in CY 2022, thirteen (13) agencies made the most extensive use of student loan repayments. These agencies represent slightly over 95 percent of the total SLRP funding paid and number of recipients for CY 2022 Government-wide. Overall, these agencies provided 9,990 employees with \$84.2 million in SLRP benefits. The following table provides a comparison of the total number of SLRP recipients at each agency and the total amount spent. Following the table below, a high-level description is provided for each of the thirteen (13) agencies with the total number of employees receiving benefits, agency costs, and their top occupations.

#### CY 2022 Agencies Providing SLR Benefits Exceeding \$1 Million

The **Department of Defense (DOD)** during CY 2022 reported providing 2,767 employees with student loan repayments, at a cost of \$23.4 million. At DOD, Contracting professionals in the 1102 occupational series had the greatest number of employees receiving student loan repayments at 480. They were followed by 172 in the 0801 General Engineering series; 166 in the 0830 Mechanical Engineering series; 148 in the 0840 Nuclear Engineering series; 139 in the 2210 Information Technology Specialist series; 133 in the 0855 Electronic Engineer series; and 131 in the 0610 Nursing series.

The **Department of Justice (DOJ)** during CY 2022 reported providing 1,437 employees with student loan repayments, at a cost of \$12.8 million. At DOJ, Special Agents in the 1811 occupational series had the greatest number of employees receiving student loan repayments at 243.

The **Department of Health and Human Services (HHS)** during CY 2022 reported providing 1,391 employees with student loan repayments, at a cost of \$12 million. At HHS, Consumer Safety occupations in the 0696 series had the greatest number of employees receiving student loan repayments at 223.

The **Department of State (DOS)** during CY 2022 reported providing 1,087 employees with student loan repayments, at a cost of \$10.5 million. At DOS, the Foreign Affairs occupational series 0130 had the greatest number of employees receiving student loan repayments at 157. They were followed by the Passport and Visa Examining series 0967 with 149 employees and 113 employees in the Management and Program Analysis series 0343.

The **Department of Veterans Affairs (VA)** during CY 2022 reported providing 827 employees with student loan repayments, at a cost of \$7.5 million. At the VA, professionals in the 0185 Social Work occupational series had the greatest number of employees receiving student loan repayments at 106.

The **Department of Homeland Security (DHS)** during CY 2022 reported providing 609 employees with student loan repayments, at a cost of \$5.7 million. At DHS, Criminal Investigators in the 1811 occupational series had the greatest number of employees receiving student loan repayment benefits at 311.

The **Department of Agriculture (USDA)** during CY 2022 reported providing 447 employees with student loan repayments, at a cost of \$3.9 million. At USDA, County

Program Technicians in the 1101 occupational series had the greatest number of employees receiving student loan repayments at 249.

The **Department of Energy (DOE)** during CY 2022 reported providing 199 employees with student loan repayments, at a cost of \$1.8 million. At DOE, Electrical Engineers in the 0850 occupational series had the greatest number of employees receiving student loan repayments at 27. They were followed by the Miscellaneous Administrative in the series 0301, Program and Management Analysis in the series 0343, and Physical Scientists in the 1301 series--all at 19 employees. There were also 18 General Engineers in the 0801 series.

The **Agency for International Development (AID)** during CY 2022 reported providing 185 employees with student loan repayments, at a cost of \$1.8 million. At AID, Contracting professionals in the 1102 occupational series had the greatest number of employees receiving student loan repayments at 43. They were followed by 37 employees in the Program and Management Analysis series 0343.

The **Federal Energy Regulatory Commission (FERC)** during CY 2022 reported providing 182 employees with student loan repayments, at a cost of \$1.4 million. At FERC, Attorneys in the 0905 occupational series had the greatest number of employees receiving student loan repayments at 58. They were followed by Energy Industry Analysts in the 1101 series at 41.

The **Department of Housing and Urban Development (HUD)** during CY 2022 reported providing 413 employees with student loan repayments, at a cost of \$1.3 million. At HUD, the General Business and Industry 1101 occupational series with multiple job titles had the greatest number of employees receiving student loan repayments at 127.

The **Government Accountability Office (GAO)** during CY 2022 reported providing 326 employees with student loan repayments, at a cost of \$1.1 million. At GAO, GAO Analysts in the 0347 occupational series had the greatest number of employees receiving student loan repayments at 209.

The **Department of the Interior (DOI)** during CY 2022 reported providing 120 employees with student loan repayments, at a cost of \$1 million. At DOI, Civil Engineers in the 0810 occupational series, Geologists in the 1350 series, and Contracting

professionals in the 1102 series all tied as the greatest number of employees receiving student loan repayments at 10 each. They were followed by 9 employees in the Program and Management Analysis series 0343.

**Additional Departments and Agencies.** Besides the above top thirteen (13) agencies, seven (7) other agencies spent more than \$200,000 in 2022 to support their student loan repayment programs. (See [Appendix 2. Details for Reporting Agencies for CY 2022](#) for detailed agency reports.)

## IV. Conclusion

Agencies must ensure that the costs of using student loan repayments and other discretionary benefits are commensurate with the benefits gained. The use of discretionary tools such as student loan repayments requires close monitoring and evaluation as part of an agency's overall human capital expenditure.

During CY 2022, OPM received data responses from eighty-one (81) Federal agencies. Thirty-nine (39) of these agencies collectively provided 10,527 employees with a total of \$88.4 million in student loan repayment benefits. OPM will continue to work with agencies to assist them in strategically using student loan repayment benefits, as well as other existing recruitment and retention tools, as necessary, to attract and retain employees to support agency mission and program needs.
