<https://www.eventbrite.com/e/pathways-to-ses-building-the-pipeline-for-federal-woman-leaders-tickets-27025404713>

A STEM professional development event that will include keynote speakers, presentation on the SES hiring process, networking and group flash mentoring sessions. Attendees must be current Federal Employees.

Date: September 22, 2016

Time: 1:30 to 4:30 pm

Objectives:

- Motivate Federal employees towards pursuing opportunities in the Senior Executive Service.
- Increase awareness of the Executive Core Qualifications and SES hiring process
- Promote interagency collaborations and networking via flash mentoring with effective SES mentors
- Promote career growth and development

Location: Nuclear Regulatory Commission, Two White Flint Auditorium – 11545 Rockville Pike, Rockville MD, 20852

Attendees: Highly motivated mid-career leaders in a STEM profession, Grades GS-13 through GS-15 (or equivalent), are encouraged to attend.

KEYNOTE SPEAKERS

ANN DUNKIN, CHIEF INFORMATION OFFICER
ENVIRONMENTAL PROTECTION AGENCY

VONNA ORDAZ, DEPUTY DIRECTOR OF THE OFFICE OF NEW REACTORS,
NUCLEAR REGULATORY COMMISSION
